Will Rogers Remarks:

TAHOE TAVERN, Aug. 22.—[To the Editor of The Times:] Well, the poor Duchess of York's baby arrived, nothing but a girl. I tell you there is an awful lot expected of you when you marry royalty. That will be a terrible blow to the Prince of Wales, for he has been having such a good time.

Well, if he is really in the market for a wife, right here where we are and at Reno are 2000 of 'em getting ready to meet all comers.

If they can't get a royal male heir over there any other way we will loan 'em Lindy's baby. Then my old friend Henry Mencken is getting married so we will be all set here.

Yours,
WILL ROGERS.

CHINA CITY WIPED OUT

Brigands Have Bloody Orgy

Hundreds Slain or Kidnaped and Hangchengchen Left in Ashes

Communist Dynamite Plot at Nanking Thwarted by Round-up

SHANGHAI, Aug. 22. (AP)—Two thousand bandits, descending on the helpless city of Hangchengchen, Western Honan Province, killed 500 natives and kidnaped 800 others for ransom, according to Chinese press dispatches today.

The atrocity, latest reported in the series since rebellion, Communist depredations and widespread banditry gripped China, took place during a fortnight occupation of the city. Methodically and thoroughly the brigands stripped the townspeople of all their possessions, killed the poor and carried off the prosperous, their lives dependent on ransom payment.

Firing the city and leaving it in ruins, the bandits marched off with their prisoners to the mountains of Eastern Shensi Province. Safe there from pursuit by military engaged in civil war, they may prepare for another attack on defenseless towns or countryside.

Forty Thousand Dead in Famine

The famine was caused by a severe drought.

Unemployment Figures of Census 2,520,246 in Data of Hatfield

West Virginian Says that Raskob Exaggerations Spread Pessimism

WASHINGTON, Aug. 22. (Exclusive)—The approximate number of unemployed who were able and willing to work in the United States on April 1, last, as disclosed by the 1930 census was only 2,520,246, according to Senator Hatfield of West Virginia.

The Census Bureau as yet has announced no unemployment total for the nation and it was explained at the bureau that Senator Hatfield's figure is unofficial and that the official number will be made public some time before the end of this month. It was admitted, however, that the Hatfield figure is reasonably accurate.

BASIS OF ESTIMATE

It is pointed out that if the percentage of unemployed which prevailed in the twenty-eight States whose totals have been announced so far applies to the whole nation, Senator Hatfield's figure will prove close to the mark. These twenty-eight States and the District of Columbia have shown 1,127,947 unemployed in a total population of 54,650,839, or 2.06 per cent.

The population of the United States being 122,698,190, the foregoing percentage would give an unemployment total of 2,527,582.

The information was disclosed by the Senator in a statement denouncing Democratic leaders who have been attempting to magnify the unemployment situation for political purposes.

If the figures he quotes are accurate, the total is far below extravagant estimates which frequently have been made by Democratic campaign speakers and propagandists.

"The Census Bureau has completed its house-to-house canvass of the whole nation to determine accurately the men out of jobs able to work and looking for jobs in the United States as on the first of last April," Senator Hatfield said.

PESSIMISM INCREASED

"This count is now complete, except for four rural counties in Kentucky, and shows that on that date there were 2,520,246 unemployed and due to seasonal employment in agriculture alone there are fewer out of work today than on April 1, last.

"We at last have an accurate statement of this question, and it brings into high light the malevolent character of the statements made by Democratic Senators and Democratic leaders through John Raskob's Democratic propaganda bureau that there were 5,000,000 or 6,000,000 unemployed in the United States. The effect of these statements has been to misrepresent the situation, to discourage the country, to create pessimism and cause hesitation in recovery. They are on a parity with the other statements emanating from this source, which would glorify and increase pessimism and depression."

HONOR PAID BY BAR TO ELIHU ROOT

Statesmanship and Peace Achievements Win Medal of National Association

CHICAGO, Aug. 22. (AP)—Elihu Root's brilliant career as a statesman and lawyer was recognized today by the American Bar Association, which in its closing session presented him with its distinguished service medal for 1930.

The ceremony of presentation, witnessed by prominent members of the American and European bar, followed the unanimous election of Josiah Marvel of Wilmington, Del., as president.

J. Weston Allen, chairman of the award committee, told Mr. Root: "Your achievements for world peace have won the gratitude of your own country, Great Britain, France and all the nations of the world." Mr. Root, Secretary of State during the Roosevelt administration, spoke his appreciation.

In making the presentation former Secretary of State Kellogg called Mr. Root America's most distinguished lawyer and statesmen.

The executive committee selected Atlantic City, N. J., for the next convention city, the organization to meet September 16, 17 and 18, 1931.

HELEN MAY BECOME NUN

Divorced Wife of King Carol Reported Preparing to Renounce World and Enter Convent

LONDON, Aug. 21. (Exclusive)—A special correspondent of the London Daily Herald, who accompanied Queen Helen, divorced wife of King Carol of Rumania, through a ward in a hospital near Bucharest today, telegraphed to London that far from reconciliation with Carol, Queen Helen is contemplating final renunciation of the world and entry into a convent.

"She has attended the hospital regularly for many months," telegraphs the Herald's correspondent, "and shared with the convent sisters their service to women patients. Doubts and anxieties as to her future have left their traces on the unhappy Queen. Lately she has been devoting considerable time to religious books and final preparations are being made for the day when she will take the vows. Her decision has been taken and the place chosen."

MARRIAGE TO LUPESCU EXPECTED TO OCCUR

PARIS, Aug. 22. (Exclusive)—Rumors that King Carol of Rumania is planning a morganatic marriage with his red-headed sweetie, Mme. Madga Lupescu, are alarming European royalty and former royalty.

The Grand Duchess Marie of Russia, first cousin and intimate friend of Queen Helen, whom King Carol deserted for the ample charms of Mme. Lupescu, gloomily admitted today that the rumors probably have some foundation.

"I do not think Helen and Carol will ever be reconciled. Indeed, I hope they never will," bluntly declared Marie.

She added that she knows Mme. Lupescu is now in Bucharest and is certain that her alliance with Carol was never broken off.

NAME FOR PRINCESS DISCUSSED

Margaret and Mary Put Forward by Peasants for Baby of Duchess

GLAMIS (Scotland) Aug. 22. (AP) Great Britain's newest Princess, born last night while the wind howled about historic Glamis Castle, and her mother, the Duchess of York, continued today to make "satisfactory progress." The official bulletins signed by Sir Henry Simpson, Dr. F. Neon Reynolds and Dr. David Miles so phrased it.

So with this youngest grandchild of King George and Queen Mary safely arrived, a name for the newcomer is the chief topic among the loyal Scottish peasants who consider her one of their own.

There have been suggestions for Margaret, which is an old Scottish name, and for Mary after the Queen, but no official statement regarding the christening has yet been made.

The King and Queen left Sandringham tonight for Balmoral Castle in Scotland and will visit their newest grandchild soon.

A tower of flame and smoke 200 feet high shot up from Hunter's Hill, near Glamis Castle, tonight to signal in the ancient manner the momentous news of the royal birth. The beacon, for which the peasants gathered logs and brushwood for weeks was to have been fired last night, but owing to heavy rain remained unlit until today.

Watchers in six counties in Scotland saw the great light reflected against the sky. Even lookout men on ships in the North Sea noted the glow.

Rescue Vessel Reaches Port

SUVA (Fiji) Aug. 23. (Saturday) (AP)—The Norwegian steamer Penybryn that played an important part in the rescue of the passengers and crew of the Union Steamship Company liner Tahiti Sunday, reached here today with only five tons of coal left in the bunkers.

For hours the little freighter stood by the doomed Tahiti while the Matson liner, Ventura, with more room for the 300-odd Tahiti passengers and crew, raced through the reef-studded seas.

"ORIGINAL" ESKIMO FOUND

Smithsonian Scientist Tells of Aboriginal Type Still Living in Alaska as Did Ancestors

WASHINGTON, Aug. 22. (NANA)—Discovery of the ancestral type of the Eskimo race still living unchanged in the water shed of the Kuskokwim River in Southwestern Alaska, is announced by Dr. Ales Hrdlicka, head of the department of physical anthropology of the Smithsonian Institution.

Dr. Hrdlicka has just returned from a summer's work in Alaska, bringing fifty cases of skeletons and a vast quantity of anthropological data from a field not hitherto explored. He believes he has found the living representatives of the ancestors of one of the two major groups of the aboriginal North American population.

There are still about 3000 of these "original Eskimos" scattered in small villages in the densely forested country along the river from Kuskokwim Bay to the foothills of Mt. McKinley, Dr. Hrdlicka says. Formerly the population was much greater, but for the last seventy years it has been heavily reduced by tuberculosis, introduced in the days of Russian occupation.

Evidences he found lead Dr. Hrdlicka to the conclusion that these people are very close to if not absolutely identical with the Eskimo ancestors who first migrated to North America from Siberia.

The more marked Eskimo characteristics, he believes, are evolutionary developments in a people forced into a difficult environment. Those who came to the Kuskokwim watershed found themselves in a comparatively friendly environment similar to that they had left in Asia, and where physical changes were not necessary to insure survival.

Both dead and living, Dr. Hrdlicka says, are very close to the Indian type, but yet notably different from it. He describes his summer's work as "like finding the head of the skeleton" of prehistoric Alaska.

RESIGNATION TALK DENIED FOR TAPIA

Auditor at Mexicali Says Rumors as to Governor Quitting Untrue

MEXICO CITY, Aug. 22. (Exclusive)—Gov. Tapia of Baja California has mailed his resignation to President Ortiz Rubio, it was authoritatively learned here late tonight, although it was stated the letter has not arrived here as yet. Political friction with Mexico City officials is declared to be the reason for his step.

MEXICALI, Aug. 22. (Exclusive) Following a telephone conversation early this afternoon with Gov. Tapia's private secretary, Federico Palacio, Territorial Auditor at the government palace here, denied rumors purporting to have come from Mexico City to the effect that the Northern District Governor had resigned and that Andreau Figueroa had been named as his successor.

Gov. Tapia could not be reached at his offices today, but Palacio stated that he had been authorized by the Governor to deny all rumors regarding his resignation.

From other sources, it was reported that Tapia had forwarded his resignation to President Ortiz Rubio, but later had withdrawn it at the request of former Gov.-Gen. Abelardo Rodriguez, who is now in Mexico City. This version of the affair could not be confirmed officially. Unconfirmed rumors have been current in official circles here for several days that the Governor intended to withdraw from his executive position.

President E. M. Beideman of the Calexico Chamber of Commerce stated this afternoon that his organization has joined with the chambers at San Diego, San Ysidro and other border cities in forwarding a telegram to President Ortiz Rubio indorsing the administration of Gen. Tapia, in so far as it has affected American communities bordering on Lower California.

SURPRISE HOP MADE OVER SEA

German Aviator Flies from Reykjavik, Iceland, to Ivigtut, Greenland

COPENHAGEN, Aug. 22. (AP)—Capt. Wolfgang Von Gronau, German aviator, and three companions today successfully made a surprise flight from Reykjavik, Iceland, to Ivigtut, at the southern tip of Greenland.

Their arrival this afternoon was reported by Greenland authorities and cleared up much confusion about their true destination.

Von Gronau chief of the training school for commercial airplane pilots near Warnemuende, Germany, had indicated last night in Reykjavik he would return to Germany today.

The trip, of about 1000 miles, over water nearly all the way, required about eleven hours of flying. Von Gronau was accompanied by an aviation student named Zimmer, a wireless operator named Albrecht and a mechanic named Franz Hack.

The further plans of the German airmen were not reported, but it is believed they intend to stay for two days at Ivigtut.

ICE YIELDS FROZEN BODIES OF FIRST POLAR FLYERS

Remains of Andree and Two Others in 1897 Balloon Flight Found on Isle Amid Frigid Wastes

OSLO (Norway) Aug. 22. (AP)—Out of the Arctic silence today came the grim last chapter of aviation's first North Pole argosy, solving after thirty-three years the mystery of how Salomon August Andree, Swedish balloonist-explorer, who set out in an airship in 1897 for the top of the world, perished with his two companions.

A Norwegian scientific expedition, headed by Dr. S. Horn, today sent word to Oslo its members had found the bodies of Andree and his mates in a camp of their making, on White Island, which lies east of the northeast island of the Spitzbergen group.

The discovery was reported at Tromsoe by the Norwegian sealer Terningen, which met the sealer Bratvaag of the Horn expedition in Arctic waters.

The Bratvaag has aboard the bodies of Andree and of one of his companions. As it is not equipped with wireless, the captain of the Terningen was requested to announce the finding. The Bratvaag is due at Tromsoe September [illegible].

BALLOON MISSING

The Terningen's captain said no trace of Andree's balloon had been found.

Andree's diary, his scientific instruments, a few scattered objects, and the bodies of the explorers told the tale of a battle with the elements in which the tall, blonde aeronaut had survived his fellows.

Identification was easy. The frozen bodies were well preserved. Only one had deteriorated, presumably because it lay sheltered in a small boat which had been part of the equipment of the world's first dirigible.

Andree was accompanied on his trip by K. Frankel and N. Strindberg, the latter a handsome youth 24 years of age, professor in a Swedish university, engaged to be married, but putting off his wedding until he might return from this one last adventurous fling before settling down. The dispatches reaching Oslo did not readily identify the man whose body was found near that of Andree and described as well preserved.

DIARY AWAITED

Andree made his great polar attempt from Danes Island, Spitsbergen, July 11, 1897. In the previous year he had failed. He had launched the idea in 1895, thirty-one years before the epochal voyage of Amundsen and the Norge across the pole accomplished Andree's ideal.

On a desolate tableland, at the base of a high cliff some 300 feet inland, the Norse explorers came upon the camp of death on the [illegible] inst.

Andree's diary is expected to yield a chronology of what occurred between the take-off and the calamitous interruption of the sensational project.

AIM OF EXPEDITION

The aim of Andree's expedition was not only to reach the North Pole in the balloon, but to drift with the prevailing air currents there to America.

The Horn expedition's messages indicate Andree's party had safely landed and perished while awaiting rescue. The party evidently lived some time after establishing the camp.

Andree's log book and diary are coated with ice and so far it has been impossible to open them.

On the last page of the log book, however, an entry dated July 13, 1897, can be seen.

It reads simply "83 deg. north, [illegible] east," and the date.

This would indicate the expedition reached a more northern latitude than has been generally supposed. The position is roughly north-northeast of White Island in a desolate region of ice.

EQUIPMENT FOUND

Other equipment taken aboard the Bratvaag includes two sledges, one boat, one harpoon, cooking apparatus and some utensils.

The captain of the sealer says recent thaws and heavy rains made the discovery possible, bringing to light the camp and the bodies from their prison of ice. Other sealers have frequently visited the same spot on the island but found nothing.

He believes the ice covering the bodies only recently melted.

No hut or tent was found. Near one of the sledges lay the skeleton of a polar bear, probably killed for food by the explorers.

The Horn expedition, before leaving the spot, built a cairn to mark the site of the camp.

When Andree first announced his intention of trying to fly over the North Pole in a balloon there were general cries of derision. He was told that no one would finance such

FITTS STIRS BAY CITY

Candidate Draws Great Crowd

Citizens of Rolph's Home Town Cheer Attack on Tax Waste

False Issues in Campaign Also Denounced in Strong Speech

By a "Times" Correspondent

SAN FRANCISCO, Aug. 22. (Exclusive)—Heartened by State-wide reports of great promise as the final hours of the campaign approach, Buron Fitts tonight carried his fight for the Republican nomination for Governor into the home town of his second major opponent and was given a reception brimming with confidence in his success at the primary next Tuesday. Only a few weeks ago Berkeley, the home town of Gov. Young, greeted him with tumultuous enthusiasm, and tonight the home town of James Rolph, Jr., outdid it. He spoke at Native Sons Auditorium to an audience that taxed its ample capacity to the fullest.

He was loudly cheered and wound up his campaign in Northern California warmly enthusiastic, not only over his reception tonight but because of the tremendous political significance of the indorsement given him, despite barricades of legal technicalities by the San Francisco County Republican Central Committee. The committee is the voice of the party in San Francisco. The voice was raised not only against the candidate of San Francisco itself but against the incumbent Governor, who won the indorsement four years ago.

TRIBUTE BY SCOTT

Joseph Scott, Republican leader of Los Angeles, widely known attorney and orator, who preceded the candidate, declared:

"This man is ready for the Governorship. His experience has trained him for it and he is equipped for the job with that energy and courage so needed at the State Capitol in Sacramento. He will give California an administration of affairs which will place this State in its rightful place of leadership."

Fitts pledged himself anew to a forward-looking and constructive administration, if elected, and attacked the shortcomings, in his opinion, of the Young administration and the system of political patronage "which, under the guise of reorganization, has resulted in an increased expenditure of $139,000,000 in four years over the costs of the preceding four."

FIGHTING MACHINE

"State government in California for a period of approximately twenty years with a single interruption of four years (the regime of Friend Richardson,) has been largely controlled by a well-organized political machine," Fitts charged. "It is the machine I am fighting.

"For the first time in many years the leaders who dominate this political organization are divided, some of them backing the incumbent for re-election and others doing what they can to place San Francisco's Mayor in the Governor's chair. The machine itself wins either way if Young or Rolph is elected."

Striking at the claims and counter-claims that have been made in recent weeks regarding the taxation fiasco, the candidate asserted:

"The statement has been made repeatedly by apologists for the

YOUNG STRAW VOTES PADDED

SACRAMENTO, Aug. 22. (Exclusive)—The Hearst newspapers of California, apparently in an effort to supply artificial stimulation to the fading political hopes of Gov. Young, are circulating "padded" straw ballots which purport to show Young far in the lead over Rolph and Fitts in Northern California.

A check of the registration records on file in the office of Secretary of State Jordan shows that in several instances the total straw votes in the so-called county polls are greater than the entire registration of the Republican party in the counties listed by the Hearst propaganda bureau.

In Solano county, for instance, where the registration is 10,766, the Hearst poll shows a total of 13,500, and Butte county, which has a Republican registration of 22,596, is given a tabulation of 24,000 by the Hearst newspapers. Other counties listed show in some instances a more than 90 per cent return on total registrations.

Independent polls taken in the same territory reported by the Hearst press as backing Gov. Young show a much stronger drift to Mayor Rolph of San Francisco and give Fitts a much better showing against Young.

a venture but he replied $128,000 already had been subscribed, the King of Sweden and Alfred Nobel, inventor, being among the backers. He estimated the bag of the balloon would stay inflated sixty days and his flight would take only six, giving him a wide margin of safety. But as a precaution he carried provisions for nine months and besides the boat he took skiis, snowshoes and two sledges.

At last all was ready and the landing ropes were cast off. The balloon shot up. Andree cried out, "Long live Sweden" and the three balloonists never were seen alive again.

Only a few messages ever were received after the balloon took the air. One of these was a carrier pigeon dispatched about forty-seven hours after the flight had started. The burden of its message was: "All well on board. This is the third pigeon post."

OTHER MESSAGES

But a year went by and no news came. In 1898 a buoy was found in which was a metal tube containing a message dropped July 11, 1897. In September, 1899, another buoy was picked up on King Carl's Land and in July, 1900, three years after the take-off, two more were picked up in Iceland, but the metal tubes which might have contained messages were missing from them.

Then about a month later, came the final word, when a buoy on the northern coast of Norway was found to bear this message:

"July 11, 10 p.m. G.M.T. So far our trip has gone well. . . . We are now over ice which is broken in all directions. Glorious weather. Excellent spirits. Andree, Strindberg, Frankel. Above clouds since 7:45 G.M.T."

ISOLATED SPOT

White Island, where the bodies were found, is an isolated bit of land in the icy waters between Spitzbergen and the Fridtjof Nansen archipelago.

At first it was identified as being a tiny island north of Rudolf Island, in the latter archipelago.

Fridtjof Nansen Land was formerly Franz Josef Land, an Arctic archipelago lying east of Spitzbergen, many of the islands being promonteries rising from 400 to 700 feet.

Most of the islands have caps of ice or sheer ice faces to the sea. Vegetation is sparse, consisting of only few flowering plants and some mosses and lichens. Occasionally Norwegian trappers have wintered there but pack-ice renders access difficult. The bear and fox are the only land mammals.

Many explorers have ventured into the large group of islands but there is still much to learn of their nature.

SEVERAL EXPEDITIONS

The northwest passage was discovered by Sir John Franklin's party in 1847-48. They lost their lives in the venture.

Lieut. Peary, later Commodore Peary, led expeditions there and they nearly gave their lives in the gaining of vast scientific collections in 1896. The expedition of Alfred Harmsworth, afterward Lord Northcliffe, in the ship Windward explored that region in 1894.

Capt. Robertson of Dundee was exploring the islands in 1897, when Andree and his mates vanished and in August, 1898, an American, Walter Wellman, landed at Cape Tegetthoff. Evelyn Baldwin, also an American, charted many of the islands.

In June, 1899, the Duke of Abruzzi in the ship Stella Polare forced his way through the British Channel to Rudolf Land and wintered in Teplitz Bay. Baldwin did more work again in 1901-02 and A. Fiala, in 1904, lost his ship in Teplitz Bay. The Russian, G. L. Sedoff, died near Rudolf Land.

SUPERSTITION BALKS POSSIBLE DISCOVERY

NEW YORK, Aug. 22. (Exclusive)—Anthony Fiala, the veteran explorer who was with the Baldwin and the second Ziegler expeditions, revealed today how a sailor's superstition prevented the finding of what looked like a body all dressed up in furs. This was in 1903, when Mr. Fiala was second in command of the Ziegler expedition aboard the America.

"I was greatly interested in the fate of Andree and his balloon expedition," said Mr. Fiala, discussing the news of finding the remains of the Swedish explorer, "and I was always on the lookout for some signs of the Aeronaut and his companions. I have not mentioned this before, but now that Capt. Edward Coffin, the navigator of the America, is dead, I feel that I am free to do so.

"We were cruising off Rudolph Island, the northernmost of the Franz Josef group, which, by the way, is almost due east of White Island. I was asleep at the time, but when I awoke I was told that the lookout had sighted something that appeared to be the body of a man, dressed in furs. The captain, however, had ordered full speed ahead, and no attempt had been made to investigate further. I was indignant, but it was hopeless to attempt to go back and see among the ice pack. Some of the officers told me that the captain like many seafaring men, was very superstitious and had refused to take any dead men aboard his ship."

During the second Ziegler expedition, from 1903 to 1905, Mr. Fiala arranged search parties for Andree and his companions. Russell W. Porter, a Massachusetts scientist, and Anton Vedoe, a Bostonian, started out for White Island in 1905 and with dog sleds covered a distance of forty miles. Had they reached the island they would probably have found the bodies, Mr. Fiala added, but traveling across the pack ice was slow and hazardous and the men returned without finding any signs of the explorers, their camp or the balloon.

NANSEN'S DIARY TELLS OF DESOLATE LAND

NEW YORK, Aug. 22. (AP)—The desolate land where the Andree aerial expedition came to its ill-fated end is graphically described in the diary of Fridtjof Nansen, who shortly before the polar flight was attempted spent a winter not far from the place where the balloonist's body has been found.

In summer, when the sun shone day and night, life was not unbearable for men accustomed to the rigors of the north, to judge from excerpts from the Nansen diary printed in Nansen's book "Farthest North."

Bare rock jutted out in places through the snow and ice and there was even some small amount of vegetation. Food was plentiful, for there were bear and walrus to be shot almost without leaving the door of the tent.

But winter was another story. Nansen and his companion built themselves a hut of stone and walrus skins and wished they could hibernate like the bears. They had killed enough bear and walrus to last them through the winter, but the endless darkness of the Arctic night evidently sorely depressed the explorer, who describes the region as a "desolate and forsaken land" and wrote that nature itself seemed under a spell.

"One is shut out from the wide world," wrote Nansen, "shut into one's self. In front of the hut two figures ran up and down like shadows in the winter darkness to keep themselves warm and so they will run up and down on the path they have trampled out, till the spring comes.'

And so no doubt Andree ran up and down, fighting for life in slender hope he would somehow survive, ran until he could run no more and until at last even hope was gone.

VOTE FOR SOUTHERN CALIFORNIA!

BY ELMER ELLSWORTH CAREY

PROPERTY owners in Southern California and those whose natural prosperity depends on money earned in Southern California should vote for Southern California. The result of the primary election next Tuesday is of vast importance to all living in Southern California. There is only one real issue in the fight for the Governorship that we of the Southland should consider. The characters, personalities and records of the various candidates are not the major points we should keep in mind. California will survive the shock—no matter who is elected; the taxes will remain practically the same—same laws— same constitution—same courts—same sunshine—same growth in population and wealth; but, if we elect Mr. Northern California as Governor, we can hardly expect him to seriously consider our special needs; he does expect to be re-elected, and he has used us as a convenient cat's-paw.

But we in Southern California for years have been fighting for our political rights, on which depend the orderly development of Southern California. We have never been recognized; the importance of Southern California in State and national affairs has not been acknowledged.

We are entitled to more representatives in the Legislature and in Congress; we are entitled to a larger share in the administrative affairs of the State.

Are you aware that a desperate regional struggle now commences for the control of the government of this commonwealth? Los Angeles or San Francisco—take your choice.

For years the north has been actively fighting for continued supremacy; and for a Mayor of San Francisco to come to Los Angeles and ask us to vote for him as Governor is the very essence of nerve.

Mayor Rolph is deeply interested in Northern California. His property is there; his backers are there; and if he should be elected Governor he will not disappoint them. He will be for the north, and it is only natural that he should be.

If we elect a northern man we lose all claims before the bar of public opinion. If we cannot assert our rights, our solidarity, and vote for our interest, who will fight our battles?

Why should the future of the south be placed in the hands of the north?

We need every legislator we can get; we need every State office we can elect; we need to put Southern California on the map for all time.

Do we want a northern man to represent us in the State councils? Do we want San Francisco to pass on our needs?

For any citizen in Southern California to favor the election of a northern man as Governor is political treason to the south; let the north elect a Governor, if possible, but why expect the business interests of Southern California to engage in any such cut-throat proposition?

Will San Francisco help us to dig aqueducts, or to populate our acres with home-seekers, or to cargo our ships, or to carry on great plans for future greatness? Can you imagine that? Then can you imagine anyone supported and elected by northern votes who will take any deep interest in us?

Brother and sister voters, we fight our own fight; we weave our own destiny. To help the north elect a Governor is to brake the wheels of our progress. We need the Governorship if for no other reason than to show that Southern California is big enough to dominate the election; that gives us recognition in Congress—and only votes can do that.

We will never get what we are entitled to politically and economically unless we fight for it and vote as we fight. Why beat about the bush? Why cloud the issue? Leadership is passing from the north to the south; why not face conditions squarely? We can elect our candidate; if you think we should continue to be the tail for the northern kite then vote that way by all means.

This is no time to consider personal likes and dislikes; this is the time to strike for political freedom and leadership.

Why not vote for Southern California?

leaders were arrested in Nanking. Their plot to overthrow the government by dynamiting several of its buildings was frustrated and large quantities of explosives and Communist literature were seized.

Rebels were active, too, in South China. Fierce fighting took place as insurgents attacked government troops defending Nanning, capital of Kwangsi Province. Four Americans, names unknown, are reported endangered by the opposing fire.

Meanwhile, Kweilin was left in rebel possession as the besieging government soldiers were drawn off to prevent the fall of Nanning. Since July 21, last, Cantonese aviators have dropped bombs intermittently upon the town. Their attacks were ineffective on the rebels, but a few civilians were killed and the servant quarters of the Baptist Mission were damaged.

In Kaingsi Province Reds who have laid siege to Kenchow since March apparently are about ready to seize the city. The Nationalist government informed the American Legation at Peiping it was unable to protect foreigners who remained after withdrawal of troops.

Of the score of Americans who witnessed many assaults on Kanchow walls, only Bishop J. A. O'Shead of the Catholic Mission is believed to remain. The others left for safer areas.

present administration that the people do not pay State taxes. Nothing could be farther from the truth, yet, because the taxpayer does not receive a formal tax bill from the State, or find his property levied upon by the State government, those in authority at Sacramento have been able to escape the consequences of popular complaint that would have followed more specific public knowledge of the real conditions.

"You do pay State taxes. Every time you ride a street car, use the telephone, turn on the electric light or buy a railroad ticket, you pay State taxes. The steady stream of millions into the State treasury comes from no one else but you.

"My candidacy is not based on claims impossible of accomplishment or on promises made merely for the purpose of getting votes. I have demonstrated that an important public office spending millions of dollars of public money, can be made more efficient at less cost. That demonstration, if I am elected, I purpose to repeat as Governor.

"There is one outstanding issue in this campaign. It affects every one of you. It is taxation, on which the present State administration has blundered, resulting in the most inequitable distribution of the tax burden California has ever known.

PROHIBITION NOT ISSUE

"Do not be misled by false propaganda; by irrelevant issues. Don't be fooled about the wet and dry question. It is not an issue in this campaign, the forces of Mayor James Rolph, Jr., to the contrary notwithstanding. The Governor of California can do nothing to modify or repeal the prohibition law. It is your law; if it is to be changed, the people must change it, not the Governor. Any honest Governor will see that it, along with other laws, is enforced, whether he believes in it or not.

"Don't be misled by false propaganda about highways. The present Governor does not pay for your highways; you do. Every time you buy a gallon of gasoline you pay for your roads. The Governor does not give you the roads; the Legislature does that. Any honest Governor will continue to build highways. So the State highway system is not an issue.

"You are not going to decide anything about the wet and dry question; but you are going to decide whether the orgy of spending at Sacramento is to be stopped. You are going to decide whether California is to halt this dangerous tinkering with our tax laws."

Southern California, Little End of the Horn

This is a "representation map" of California, showing the present holders of important State and Congressional offices and their respective places of residence. It will be noted that, out of a total of 187 such offices, Northern California has 130 and Southern California 57—considerably more than two-thirds for the north and considerably less than one-third for the south, notwithstanding that the latter has much the larger population, registered vote and taxable wealth and pays 60 per cent of the cost of State government. Sixty-five, or roughly a third, of all the officials named come from the San Francisco area and thirty, or less than a sixth, come from the Los Angeles area, notwithstanding that the population of Los Angeles county alone is greater by 634,538 than the combined populations of the nine counties comprising the Bay district.

Manganese Men Must Get Data

STORM HINDERS AIR DERBYISTS

Mrs. O'Donnell Increases Lead Over Rivals

Three Other Entries Make Forced Landings

Flyers to Rest in Wichita Before Hop Today

WICHITA (Kan.) Aug. 22. (AP)—Successfully negotiating a severe wind and rainstorm which forced three other entrants to make forced landings, Mrs. Gladys O'Donnell of Long Beach today increased her lead in the Long Beach-Chicago women's air derby to an hour and fifty minutes.

Miss Marjorie Doig, Danbury, Ct., second in the race in elapsed time, lost her way soon after leaving Enid, Okla, but soon corrected her mistake and followed Mrs. O'Donnell into Wichita, tonight's control point.

WORST WEATHER

The flyers encountered the worst weather of the trip between Amarillo, Tex., where they spent the night, and Enid, Okla., where they halted for lunch. Ruth Stewart of St. Louis was forced down in a corn field near Elk City, Okla. Farmers aided her in taking off again in the rain.

Mildred Morgan of Beverly Hills, Cal., was forced down near Enid, and Miss Jean La Rene of Kansas City, near Waukomis, Okla.

All of the derbyists reached Enid in time for the scheduled take-off for Wichita. Miss La Rene was third to land in Wichita, Miss Stewart, fourth; Miss Morgan, fifth, and Miss Ruth Barron, Hollywood, sixth.

WILL TAKE REST

The racers will rest here for twenty-four hours and take off for Kansas City at 3:30 tomorrow afternoon.

The total elapsed times were: Gladys O'Donnell, Long Beach, 9h. 55m. 5s.; Marjorie Doig, Danbury, Ct., 11h. 5m. 13m.; Mildred Morgan, Beverly Hills, 15h. 15s; Jean La Rene, Kansas City, 15h. 38m. 29s.; Ruth Stewart, St. Louis, 17h. 10m. 12s.; Ruth Barron, Hollywood, 29h. 16m. 50s.

SENATOR TO OPEN NATIONAL AIR RACES

CHICAGO, Aug. 22. (AP)—As the motors of 500 of the world's most modern aircraft roar, Senator Bingham of Connecticut, president of the National Aeronautic Association, will raise a flag over Curtiss Airport at 1 p.m., Central Daylight Time tomorrow, officially starting the tenth annual national air races.

Surrounding Senator Bingham at the ceremony will be a group including many of the country's most famous flyers, as well as crack airmen of England, France, Germany and Italy. During the afternoon these noted pilots, and scores of army, navy, marine and civilian flyers will take the air to form perhaps the greatest armada of flying-machines ever assembled in peace times.

During the afternoon two of the seven air race derbies—the two-man race from Brownsville, Tex., and men's Atlantic derby from Miami, Fla.,—are scheduled to cross the finish line at Curtiss Airport.

TAX INCREASE FEAR QUASHED

(Continued from First Page)

tures, approximately $2,200,000,000 are for such fixed charges as interest and redemption of the public debt, payment of pensions, etc., no part of which can be reduced by administrative action. The field of economy is, therefore, limited to about $2,000,000,000, of which something like $400,000,000 is commitments of construction work of one kind or another which were increased and must be maintained in order to maintain employment.

As he left President Hoover's office Undersecretary Mills said:

"There is a possibility and a probability that the tax reduction will be maintained."

DEMOCRATIC ATTACK

The reports that the 1 per cent income tax reduction might not be maintained were eagerly seized upon by Jouett Shouse's Democratic publicity mill with the result that Representative Cordell Hull of Tennessee issued a statement tonight asserting that the "indications that the normal tax rate of 1928 might be restored illustrate the embarrassment the administration suffers when it grossly exaggerates the true significance of a policy of temporary and small reduction, such as occurred when the normal rate was reduced 1 per cent for the calendar year 1929 only."

Referring to the President's statement of this afternoon Mr. Hull said:

"The announcement at the White House late this afternoon that some rearrangement might be effected to avert the tax rise merely showed that either the Treasury or the President is wrong. A great deal may be accomplished by book-keeping."

TWO KANSAS BANKS FORCED TO CLOSE

COLUMBUS (Kan.) Aug. 22. (AP) The Cherokee County State Bank, capitalized at $50,000 and the Farmers' and Miners' State Bank of Crestline, Kan., capitalized at $10,000, which the Cherokee directorate controlled, were closed today. The action was taken by order of the directors. Frozen loans, partly attributable to crop failure caused by the midsummer drought, were held responsible in a statement issued by F. D. Page, cashier, who said officials expect to pay all depositors in full.

He added he has reached no decision as to a recommendation on the Charleston navy yard, but the matter is under consideration, in connection with the Navy's general economy program.

Film Corporation Ready to Combat Accusation

WILMINGTON (Del.) Aug. 22. (AP)—A petition asking for the appointment of a receiver for Warner Brothers Pictures, Inc., and an accounting was filed today with the clerk of the Court of Chancery here.

R. I. Nelson, a Boston business man, who said he is a stockholder in the corporation, is the plaintiff in the suit, which also is directed against Renwar, Inc., a holding company of Warner Brothers Pictures. The officers and directors are named as defendants, although no names are specified.

The petition charges mismanagement by the officers, and asserts "excessive prices have been paid for theaters and real estate."

Renwar, Inc., the petition cites, bought up the theaters and theater sites and sold them to Warner Brothers.

The Court of Chancery is scheduled to convene next month.

WARNERS PROMISE TO REFUTE CHARGES

NEW YORK, Aug. 22. (AP)—Warner Brothers Pictures, Inc., said today charges contained in the suit for a receivership filed in Wilmington, Del., by Ira I. Nelson of Boston are unfounded and that proper answer and adequate proof disproving them will be made at the earliest possible moment.

Nelson charged mismanagement by the directors and asked for an accounting and appointment of a receiver.

Records show Nelson has 300 shares of stock registered in his name.

H. M. Warner, president of Warner Brothers Pictures, issued a statement in which he said, "The allegations are false and apparently maliciously made" and that "the presumption is the petition was filed for the purpose of injuriously affecting the price of the stock.

"The company has retained Hugh Morris, formerly a judge of the United States District Court in Wilmington, Del., as its counsel. Every effort will be made to bring the matter to an issue as speedily as possible."

Dagmar Godowsky Has Dress Ruined and Escort Fractures Waiter's Skull

PARIS, Aug. 22. (Exclusive)—Dagmar Godowsky, film actress, daughter of the famous pianist, Leopold Godowsky, and one of the best girl friends of Prince George of England, was the unwitting cause last night of a probably fatal row at the well-known Montmartre whoopee house, Chez Florence.

Dagmar was dining with a slick-haired Argentine friend who had just arrived here from the pampas and had not had time to cool down. A waiter clumsily spilled a spoonful of gravy down Dagmar's alabaster back, spoiling a costly evening gown. The actress let out an involuntary cry of exasperation and her gallant escort, resorting to the code of the pampas, rose to the occasion with one hand wrapped around the neck of a half-full champagne bottle.

With a yell of rage he raised his arm and brought the bottle down on the waiter's head, fracturing the skull in several places. The waiter was removed to a hospital and the hot-blooded Argentine was dragged out by the police.

Mrs. McCormick will Accept Referendum Result

Candidate Reaffirms Her Personal Dry Views

G.O.P. Platform in Illinois Matches Her Stand

SPRINGFIELD (Ill.) Aug. 22. (AP)—Ruth Hanna McCormick, Republican candidate for the United States Senate, today announced that if the voters of Illinois at their referendum in November ask for repeal of the prohibition amendment, she will be guided by their decision.

Before she had spoken, the Republican State convention adopted a platform with exactly the same attitude on the question as expressed by Mrs. McCormick.

"If a majority in Illinois are recorded as favorable to repeal of the Eighteenth Amendment," she said, "I stand ready, when elected Senator, to obey the mandate and I shall vote to submit the question of its repeal to the various States."

MODIFICATION VIEWS

"If the expressed will of the people is for modification of the Volstead Act, my course as a member of the Senate would be in sympathy with the principles so approved, but the definite course to be pursued would be dependent, of course, upon the nature of the modification demanded."

While reaffirming she is a dry, personally, she told convention delegates "the Republican party adheres to the principle of majority rule," and added: "I am a Republican."

OPPONENT WET

Her Democratic opponent, former Senator James Hamilton Lewis, is an avowed wet and has asked election on a platform calling for repeal of all national prohibition laws and putting all liquor regulation up to the States.

The party platform, like the Senatorial candidate, was neither wet nor dry, stating merely the party will abide by the vote on the referendum in November, asking three questions: Shall the Eighteenth Amendment be repealed, shall the Volstead Act be modified, and shall the State prohibition law be repealed.

Mrs. McCormick asserted that, both as a public officer and as a citizen, she stood for enforcement of all law in a way which would justify respect for all Federal laws. She condemned enforcement which encroached on constitutional rights of citizens.

Gilstrap charges the two companies conspired to keep him ignorant of the oil field.

WIFE SUES CREATOR OF "OLD BILL"

Mrs. Bairnsfather Also Asking Constance Collier for $100,000 Balm

NEW YORK, Aug. 22. (Exclusive) When Bruce Bairnsfather, the cartoonist creator of "Old Bill" and "The Better 'Ole," was left on Broadway last May to write a play in collaboration with Constance Collier, Bairnsfather's wife never suspected that their collaboration would pass the bounds of art.

She sailed for her home in England. Now she has returned, served her husband with papers in a separation action, drawn up a suit for absolute divorce and to cap the climax, has her private detectives and attorneys scurrying on the elusive trail of her former friend and fellow-countrywoman—Miss Collier.

To date her process servers have been unable to place in the hands of the actress the papers which will inform her that Mrs. Cecilia A. Bairnsfather wants $100,000 from her for the supposedly stolen affections of her artist husband.

TEXAS WILL BALLOT ON 'MA' TODAY

Voters to Choose Between Mrs. Ferguson and Sterling for Governorship

DALLAS (Tex.) Aug. 22. (AP)—Democratic voters of Texas will choose tomorrow between Miriam A. Ferguson, former Governor, and Ross S. Sterling, Houston publisher and capitalist, for the party nomination for Governor.

One of the State's strangest and most vitriolic primary campaigns ended tonight with intense feeling aroused over the gubernatorial race in which Texas' first and only woman Governor is attempting a political comeback sponsored by her husband, former Gov. James E. Ferguson.

A high light of the campaign has a promise made by Ferguson that his wife, if elected, will pardon all convicts serving time for violation of the State prohibition law. He said she will liberate 2000 convicts from State institutions.

Ferguson offered the voters "two Governors for the price of one," announcing he will be his wife's chief adviser in the event she returns to the chief executive's office.

Sterling, making his first campaign for elective office, declared "honesty in government" is the paramount issue, citing Ferguson's impeachment and attacking the pardon and parole record of Mrs. Ferguson while she was Governor. He accused Ferguson of attempting to array the "masses against the classes."

Ferguson attacked Sterling's reputed wealth, his proposal that the State issue $350,000,000 in highway bonds, his attitude toward labor, his education and his ability.

FOWEY (Eng.) Aug. 22. (AP)—The bodies of Commodore Henry D. King, former aide-de-camp to King George, and Commander Sidney Earle, who lost their lives in the sinking of the yacht Islander, were taken from the water on the Cornish coast today. Search was being continued for the bodies of three or possibly four other men on the yacht when it was dashed against the rocks in Lantivet Bay during a storm yesterday.

OCEAN-CROSSING MARK LOWERED

Empress of Japan New Pacific Queen

VICTORIA (B. C.) Aug. 22. (AP)—Smashing all records for steamship crossing of the Pacific, the new 26,000-gross-ton liner Empress of Japan, arrived at the British Columbia quarantine station at Williamhead at 8 a.m. today, eight days, six hours and twenty-seven minutes after leaving Yokohama. The Empress of Canada made the crossing in eight days, ten hours and fifty-three minutes, at an average speed of 20.6 knots for the 4814 land miles, seven years ago.

The new queen of the Pacific carries the name of a much smaller yacht-like craft that was breaking records on the Pacific forty years ago. She was built in Glasgow at a cost of $7,500,000, launched last December, made her trials in May and left Southampton for Northwest ports via the Orient and Suez July 12. She has accommodations for 1212 passengers, is 666 feet long with a beam of eighty-seven feet.

HELLO FRIENDS!
Did you read in Thursday's Times how smart those Coloradum tribes of three thousand years ago were? Even then they used clay pottery for cooking, just as we do today.
On Saturday don't take a chance by coming up here without first reserving a table.

FITTS MEETING STIRS PASADENA

Huge Throng Attends Church Brotherhood Gathering

Southern Californian Urged for Governor's Chair

F. W. Emerson Says Change Needed at Capital

PASADENA, Aug. 22.—Fairness, [illegible] and good government will [illegible] in the conduct of State [illegible] in the event Buron Fitts is [illegible] Governor, according to F. [illegible], former president of the [illegible] Church Brotherhood, who represented the District Attorney at a [illegible] meeting attended by 2000 persons in Memorial Park tonight.

"[illegible] the standpoint of fairness," Emerson asserted, "we feel it is high time that Southern California should have its fair share of [illegible] representation. We would not take from the north its rightful positions, but we do appeal, and would combat if necessary, that the north's love of fair play actuate fairness with the south, so in the interests of such fairness we urge the election of a true Southern Californian, Buron Fitts."

"Any official regime, long continued, especially when its representatives rise through the years in the same atmosphere and under the same conditions, loses its efficiency in its mechanics. A new contact or change in policy solves problems quickly when years of effort have failed. We need a change in Sacramento to secure a more efficient State government.

"In the interests of better government, we call again for the election of Mr. Fitts. We do not imply that the present government has never been good, but we are confident that as District Attorney in this county, Buron Fitts clearly has demonstrated that he can and will give us a better government—much better!"

Because Buron Fitts "has been a [illegible] champion of the dry cause," he today received the indorsement of the local Civic Re[illegible] Law Enforcement League.

Fitts will make his final personal appeal to local voters on Sunday at [illegible] p.m., when he will speak at the Pony Express Museum, located on [illegible] Drive, near the Hotel Huntington.

FRIEND RICHARDSON SAYS FITTS SOUTH'S ONLY HOPE

CORONA, Aug. 22.—Friend W. Richardson, former Governor of California, speaking to the crowd of voters here at a street meeting today, said that Buron Fitts is running a poor man's campaign, but has done marvelously in getting his message over to the people of California.

"The great oil companies, powerful banks and other corporations, whose taxes have been reduced from hundreds of thousands of dollars each to $25 a year, could not be expected to help a young man along in his effort to displace the present Governor," said Richardson.

The speaker reviewed the highway commission of experts who administered the highway funds during the four years previous to the present administration, while the present highway administration is left in the hands of an "olive picker" from Butte county, "with no experience in highway building," he said.

The speaker stressed the issue of the increased cost of government under the present administration amounting to $138,000,000 for four years and stated to his hearers that they are bearing that increase in the rates they pay the public utility corporations, from whose earnings the taxes are secured.

In closing Richardson said that Southern California now has an opportunity to secure a Governor of its own—one in twenty-eight years. Young, he said, is definitely defeated in the north and the only hope of the south is Fitts.

Richardson made a very favorable impression on his audience and his [illegible] straight-from-the-shoulder talk won many votes for Fitts.

POMONA PRECINCT CHECKS SHOW FITTS LEADS THERE

POMONA, Aug. 22.—Buron Fitts's campaign for the governorship of California has the solid backing of the Pomona Church Brotherhood and precinct checks show Fitts to be in the lead without exception, according to George T. Liddle, for six years president of the local church body, and one of the best known and active brotherhood workers in the Southland.

Speaking as a member of the Pomona Church Brotherhood, which he says are a unit in their support of Mr. Fitts, and from a personal standpoint, Liddle today stated. "This campaign for the governorship is one of the most important events in the history of Southern California. It is very essential at this time that Buron Fitts be nominated. Southern California is on the threshold of great development and State improvements are lagging far behind.

"At the last meeting of the State Legislature," Liddle said, "two humanitarian measures were passed that should now be available, namely: A prison for first offenders, and a women's prison. The present administration has dilly-dallied for a year with funds for these proposed institutions available and at a time when thousands of unemployed men need work. It is too bad that there is not sufficient energy in high places to carry out these important projects.

"We, of the brotherhoods, feel that a vote for C. C. Young for Governor is a half-vote for James Rolph, Jr., as precinct checks show Fitts to be in the lead. Brotherhood men in Southern California are very anxious to see that a clean man of Mr. Fitts's type be our next Governor.

"I am strongly in favor of water conservation and reallotment of rain waters in California. Fitts has stated that 75 per cent of the water which falls in California is wasted away into the ocean forty-five days after precipitation. An energetic program of rearrangement of the water distribution of the State, as fostered by Buron Fitts as Lieutenant-Governor, will meet the approval of the entire State.

"In my opinion, Buron Fitts is the only candidate for the highest office in this State who has no entanglements or alliances with anyone and if he says he will do a thing, I have every confidence that he will. His past record of achievements has convinced me of his absolute integrity in the keeping of specific promises."

FITTS SENTIMENT GROWS, REDONDO SPEAKER SAYS

REDONDO BEACH, Aug. 22.—Urging the election of a Governor from Southern California out of justice to the army of taxpayers who have furnished a large quota of State taxes without representation, Rev. K. F. Nance addressed the local W.C.T.U. in behalf of the Fitts-for-Governor campaign today.

Mr. Nance, who is chairman of the campaign committee for this district, reviewed Fitts's record for law enforcement which he stands for both in principle and action. His attitude toward the unqualified enforcement of prohibition led to the indorsement which he received at the hands of the local branch W.C.T.U., Mr. Nance reminded his hearers.

The enforcement of the Eighteenth Amendment has become an economic and human necessity through a number of modern forces, Mr. Nance said. Among these are the use of the automobile.

Sentiment for Buron Fitts is growing by leaps and bounds, the speaker said, and with such an able and fitting candidate in the field conscientious voters to cast their from the south it behooves vote for him.

The session, the regular meeting on the organization, was held in the city park and was attended by a large number of visitors.

HIGHWAY NEEDS STRESSED BY SPEAKER FOR FITTS

HUNTINGTON PARK, Aug. 22. Before a large audience at the auditorium of the State-street School last night, Antonio Entenza, Los Angeles attorney, spoke in the interest of the candidacy of Dist.-Atty. Buron Fitts for Governor of the State.

When the results of the Federal census were announced this year the people of California began to realize just how rapidly the State had grown in population in the past decade, remarked the speaker, and then some one began looking up figures, finding that the amount of taxes paid had reached enormous sums, and that 65 to 70 per cent of this amount in taxes had been paid by the Southland, in return the south had received only about 35 per cent of benefits.

"It was then that some one mentioned that Southern California has only one small road leading into Arizona, while several good highways penetrate Nevada," declared Entenza. "Then it was that some one looked up the platform of four years ago, which promised that Southern California was to be given good roads, if Young was elected Governor. Well, he was elected, but has been busy."

The speaker said he had been in fifty-eight counties in the State and that he had reached the conclusion "that Gov. Young's campaign is over, and that he would be surprised if he carried more than a very few counties."

GLENDALE POLL FAVORS FITTS

Rolph Gets Weak Second and Young Third in Canvass Of Ten Precincts

GLENDALE, Aug. 22.—Buron Fitts, the Southland's candidate for Governor, showed an overwhelming lead in a poll of ten precincts in this city, it was announced by former Councilman W. F. Tower at a rally last night.

In a canvass of nearly 1200 persons, Fitts was favored by 873, Mayor Rolph of San Francisco, 117, and Governor Young, 92.

Assistant City Attorney W. Turney Fox of Los Angeles sounded a warning on the need of a Southern California Governor when the matter of reapportionment comes up.

VALLEY TO WELCOME FITTS

Southland Candidate for Governor Today Speaks in Many Cities of San Fernando Area

NORTH HOLLYWOOD, Aug. 21.—Buron Fitts, gubernatorial candidate from Southern California, and present Los Angeles District Attorney, will be here Saturday in the course of his speaking tour through San Fernando Valley, it is announced today by local Fitts headquarters. Fitts will come here at 6:40 p.m., following his address at Burbank in front of the Burbank City Hall. The rest of the itinerary will be Van Nuys at 7:30 p.m.; Reseda, 8:15 p.m.; San Fernando, 8:45 p.m.; Pacoima, 9:20 p.m., and Roscoe 9:40 p.m.

The Burbank committee has made plans for a big turnout, and today announced that Fitts probably will speak to the largest political gathering ever conducted there. Fitts also has a large following at San Fernando where the leaders there have arranged for an extra large open-air meeting. The address at Van Nuys will be made in the Rivoli Theater Building. Van Nuys voters are extra strong for Fitts, and it is stated today at campaign headquarters there that it is possible an overflow meeting will have to be conducted.

Fitts today phoned his leaders at Van Nuys to publish the statement that his talk on Saturday night will dwell on the special need of a Southern California man to be the next Governor of the State.

Local committees also have been formed to give Fitts a large reception at Reseda and Pacoima, where there is a large following awaiting to hear his talks.

Most of the directors of the North Hollywood Chamber of Commerce are working for Fitts. On his arrival Saturday he will be met by a large reception committee composed virtually of the leading business men of town. Several score of prominent women also are a part of this reception committee.

C. C. Wilcox, editor of the Reseda News, pioneer resident of San Fernando Valley, and a political leader in the central part of the valley area, today stated that Fitts would carry his district with an overwhelming vote. The so-called Reseda district consists of Tarzana, North Los Angeles and Granada, with a sprinkling of small settlements in this central part of the valley annex section.

San Fernando Valley for some time has been strongly organized with W.C.T.U. chapter branches. Thousands of valley women are members. Yesterday it was stated by W.C.T.U. officials that it was probable the entire valley organization would vote solidly for Fitts.

Starting today and keeping at it until next Tuesday, several score of committees will be out urging from door to door a full turnout of the W.C.T.U. dry vote. Only a small scattering of this vote, watchers say, will not be cast in the Fitts column.

SOUTHLAND FAIR NEARS

Eighteenth Annual Event at Riverside Sends Out Its Premium Booklets to Exhibitors

RIVERSIDE, Aug. 22.—With the mailing last week of several thousand premium booklets and the recent completion of all committees to administer the details for the event, preparations for the eighteenth annual Southern California Fair at Riverside are well under way, according to advices received from officers of the Forty-sixth District Agricultural Association under whose auspices the fair is staged each year.

Opening on September 23 and continuing through September 28, this year's fair already promises to surpass those of the past, it is prophesied by Mrs. C. G. Cravens, secretary, and plans are being made to accommodate a record-breaking number of exhibits in virtually all divisions. In substantiation of her prediction, Mrs. Cravens points to the unusually large number of entries received to date together with the heavy demand for premium list rules and regulations. As a result, many additional spaces will be erected for exhibits and the facilities to care for both exhibitors and visitors are to be greatly increased.

Officers and directors of the association are holding frequent meetings to consummate all plans and the following division superintendents have been appointed: Division A—horses, F. L. Hall; Division B—cattle, Roy Thomas; Division C—swine, F. A. Langdon; Division D—sheep, John Hamner; Division E—goats, Fred Hibbard; Division F—Junior Fair, Max Kipf; Division G—apiary, G. Lohri; Division H—agriculture, T. H. Rosenberger; Division I—women's activities, Mrs. W. M. Hoaglund; Division J—fine arts, W. W. Riddell; Division K—educational, Mrs. E. W. Horne; Division L—poultry, rabbits, E. I. Hammond.

Judges who will award the premiums in each division have been selected and will soon be announced, it is said.

The board of directors this year includes R. E. Dillon, N. C. Kelly, J. H. Gobruegge, Thomas H. Rosenberger, August Rohrbacher, George W. Thomas and Mahlon Vail.

Move Starts to Obtain Land for Park in Valley

NORTH HOLLYWOOD, Aug. 22. The Park Board has accepted the petition of the interested property owners to acquire by donation, purchase and condemnation the land necessary to form the Victory-Vanowen Park in the northwest section of North Hollywood, and proceedings toward that end are now under way, it was stated today.

More than a year ago voters in the section voted bonds for the start of work, but there has been delay over what land was to be bought and the boundaries of the park. The boundaries recently as approved take the park to Calvert street on the south and Laurel Canyon Boulevard on the east, along both sides of the wash to the Southern Pacific tracks. The widest point of the park is between Vanowen street and Sherman Way, where it runs from Laurel Canyon Boulevard west to Whitsett avenue and then narrowing north to the Southern Pacific tracks.

Some of the land is under option, some is to be donated and a number of parcels are to be acquired by condemnation, because a price could not be agreed upon. When completed this park is expected to become one of the largest and most beautiful in the San Fernando Valley area. It will serve both the North Hollywood and Van Nuys districts.

Chaffee Death Held Accident, Inquest Finds

PASADENA, Aug. 22.—The death of Frank E. Chaffee, 38 years of age, son of Hugh Chaffee, wealthy owner of chain markets, was caused by monoxide gas and was accidental, a Coroner's jury decided following the inquest at the Turner & Stevens Company mortuary this afternoon. Chaffee's body was discovered behind the wheel of his roadster in his father's garage late Tuesday night. Testimony at the inquest revealed no motive which might have prompted the local clubman to take his own life.

The victim's fiancee, Miss Thorpe, head nurse at the Golden State Hospital, Los Angeles, testified that she planned to marry Chaffee when he received his final divorce decree, first papers in which were obtained several months ago. She declared that she telephoned Chaffee Monday afternoon at the Overland Club and that he seemed in an especially happy frame of mind.

Funeral services for Mr. Chaffee were conducted in the Turner & Stevens chapel following the inquest. The services were conducted by Rev. George B. Cliff, associate pastor of the First Methodist Church.

PYRAMID OF SCIOTS ORGANIZED

SOUTH GATE, Aug. 22.—A new pyramid of the Ancient Egyptian Order of Sciots is to be formed tomorrow night, which is to be known as South Gate Pyramid, No. 48, composed of members in Huntington Park, Bell, Maywood, Cudahy, Walnut Park, Lynwood, Willowbrook, Florence, Graham and this city. The meeting-place of the pyramid will be in this city.

The program is to start at 2 o'clock in the afternoon with the official recognition and institution of the new pyramid, followed by a luncheon in Huntington Park.

In the evening a parade will be given, having its starting-point in this city, and continuing through Walnut Park and into Huntington Park, marching to the high-school auditorium in that city, where the work will be given, this to be concluded with one of the Sciots' theatrical programs.

Temporary officers of the new pyramid are: K. C. Bryant of South Gate, Toparch; E. Ted Enoch of Lynwood, Mobib; W. D. Bretz of South Gate, Armeses; George Gregg of Huntington Park, Pastophori; R. C. McHenry and Albert Stevenden of South Gate, Scribe and Chancellor; Wallace Berry of South Gate, Walter E. Mellinger of Lynwood; Gus Deines of Lynwood, and Al Shelton of Lynwood, Standard Bearers. Permanent officers will be elected in September.

Metropolitan Water District Payment Made

GLENDALE, Aug. 22.—Payment of Glendale's second contribution to the Metropolitan Water District, amounting to $22,251.02, has been approved by the City Council, a resolution to this effect having been adopted by the city officials.

The resolution was prepared following the receipt of notification from the water board of the amount of the levy for the fiscal year ending June, 1931. The levy was fixed by the district at 3 cents for each $100 assessed valuation.

As the county auditor has certified the valuation of Glendale to be $73,472,110, the amount of the levy is $22,251.02, and by the payment of this sum at this time in cash the city avoids the necessity of placing the tax on the bills of the Glendale property owners.

The city last year created a fund of $250,000 from which to pay the assessments for the Metropolitan Water District's aqueduct fund, and in order to meet the city's obligation without the necessity of a tax levy. The first payment made from this fund was slightly more than $30,000.

BERNSTEIN RITES OVER

AZUSA, Aug. 22.—Funeral services were held today for George Bernstein of 507 West Tenth avenue, who died Monday following a lingering illness.

The deceased, who was 68 years of age, was born in Norway September 29, 1861, and came to California forty-two years ago. He leaves his wife, Mrs. Carrie Bernstein.

TREE-SITTING INVOLUNTARY

Inglewood Lad Figures in Gripping Episode When He Climbs Into Branches and Crotch Imprisons His Foot; Fire Department Rescues Him

INGLEWOOD, Aug. 22.—Some tree sitters are born and others are made, and today one was made—to sit. In other words, he became an involuntary tree sitter. This gripping episode occurred on Grevillea street when Larry Holbein felt the urge to climb into the branches of a huge old pepper tree.

He inadvertantly stepped into a limb crotch that fitted his foot too snugly and, held a prisoner, he thus became an involuntary participant in the great outdoor sport of 1930.

After vainly trying to extricate himself from the predicament, young Harry bethought himself of other calls upon his youthful activities between now and the rapidly shortening time before school begins, and so decided to call long and loudly for help.

He was perched so high in the tree, however, that the combined efforts of family and neighbors proved unavailing and finally the fire department was called upon for a ladder long enough to reach him.

One of the firemen clambered up and with considerable effort, dislodged the lad's pedal extremity, after which the latter, with his foot still asleep from its prolonged imprisonment, slowly and painfully climbed down.

SEA GAMBLERS FACE ARREST

Santa Barbara Police War on Gaming-ship Patrons

Chief Sloan and Publisher Storke Threatened

State and County Officials After Barge Harriman

SANTA BARBARA, Aug. 22.—After several weeks of "watchful waiting," Santa Barbara police broke loose today and, under command of Chief of Police Sloan, are to arrest all or any patrons who attempt to leave on shore boats for the gambling barge William H. Harriman, anchored three miles out in the channel.

Shortly after the announcement by the Police Chief, B. Tudor, one of the operators of the gambling barge, issued a defiance to the police.

"We will resist interference with patrons leaving the wharf," he declared, "and we will prosecute for damages if police interfere with our business. We are outside of the gambling laws of California."

THREATS TELEPHONED

Following the announced intention of the "war," Chief Sloan and T. M. Storke, publisher of the Santa Barbara Daily News, which started the campaign to drive the gambling boat from the channel, were threatened with violence by phone. They were both called at their homes and told that they were "on the spot and going to be got." Police do not credit the messages as coming from any desperate criminal and doubt if attaches of the gambling barge are involved.

On the strength of the messages, however, all undesirables and vagrants are to be hustled out of the city by police and Sheriff's officers.

It was also announced at the conference of officials today that Atty.-Gen. Webb of the State of California had guaranteed to back action of the District Attorney and city in striking a blow at the gambling ship's activities. Dist.-Atty. Ward quoted the California Attorney-General as stating: "You have the co-operation of this office in the fight. Do what you see fit and this office will back you to the full limit."

"We expect to make many arrests within the next twenty-four hours and the persons we pick up must be able to give a good account of themselves. If they can show no visible means of support, they will face charges of vagrancy."

"This is not a threat. I have the backing of the prosecutors and the clean-up is under way," Ward said.

CLOSING WHARF DISCUSSED

Methods of closing the wharf to the shore boats of the gambling-ship also were discussed at the conference today. City Attorney Gould explained that the wharf is privately owned, but operates as a public utility under the jurisdiction of the State Railroad Commission.

"Wharf officials," said the City Attorney, "are of the opinion that they cannot close the pier, but with permission from the Railroad Commission, I am of the opinion that it could be closed after reasonable hours so that the night shore boats of the gambling-ship would have no place to dock and take on passengers."

Atty.-Gen. Webb was telephoned concerning the wharf question. The California prosecutor said he would take the matter up with the Railroad Commission today.

A reward of $500 was offered today by Storke for arrest and conviction of the persons responsible for the death threats to himself.

GAMBLING SHIPS WARNED AWAY FROM VENTURA SHORE

VENTURA, Aug. 22.—If the Johanna Smith—or any other asserted gambling-ship—anchors off Ventura, a legal broadside will send it scurrying in retreat.

This warlike note was sounded today by City Attorney Walter Fourt and Chief of Police Clarence Mattson in answer to the report that a gambling-barge plans to moor close to Ventura about the first of next month.

Word that the barge was coming originated at Santa Barbara, where one has been in operation for several months.

Whether the ordinance prohibiting the running of water taxis to gambling-ships, or a new plan now being prepared by Fourt, will be used to prevent a vessel of that type from plying its trade here, was uncertain today.

The City Attorney has indicated that the legal battery which he is now drafting in secret will be most effective.

"If the ship comes we will keep it moving on—you can be sure," is what Fourt and Mattson both announce.

THIRTY PIONEERS ENROLL

Many Old-timers to Compete for Honors in Pilgrimage Celebration at Upland in September

UPLAND, Aug. 22.—A quest launched by Upland Chamber of Commerce to find the oldest pioneer in California to be guest of honor at the community "Pioneer Pilgrimage" September 9, has resulted in thirty candidates from many parts of California filing their names with C. E. Kirk, secretary of the chamber.

When all names are in, a committee will check them to find the person who last resided in California the longest. High honors will be conferred upon the person chosen, as part of the Pilgrimage parade to the statue the "Madonna of the Trail," at Foothill Boulevard and Euclid avenue.

Charles C. Modie, Glendora, filed his name today. His letter declared his age as 77 years. He is the descendant of a family of pioneers, and was born in Napa City in 1853 and moved to Los Angeles in 1890. His parents came from Ohio by ox team.

Several women pioneers have been discovered, who have lived in California many years, some of them having crossed the plains in ox carts.

Secretary Kirk announced today that John Steven McGroarty, author of the Mission Play, has accepted an invitation to participate in the pilgrimage. McGroarty will be asked to make a brief address during the ceremony at the statue of the Madonna of the Trail. He was present at the ceremony of unveiling the statue February 1, 1929, and made the dedicatory address.

Contract for decorating the streets of Upland in true western atmosphere for the occasion has been let to the Langford Decorating Company of Alhambra, the company that did the decorating for the recent fiesta days at Santa Barbara.

Peaches Grow Large, Larger and Largest

ONTARIO, Aug. 22.—Peaches grow large and larger in the back yards of Ontario home owners.

Harry De Berard, prominent grower of the district, thought that he had the largest peach in Ontario when he found one on his tree that weighed eighteen ounces.

Mrs. Glenn D. Smith brought the same weight peaches to the Chamber of Commerce to share with De Berard's honor.

But all records were broken when Awdry Armstrong answered their challenge by producing a basket of peaches, each one of which weighed twenty-two ounces.

Table Grapes Shipped East

ONTARIO, Aug. 22.—At the close of this week twenty carloads of table grapes will have left this vineyard territory for Atlantic Coast markets since the opening of the season, R. R. McKennett, deputy horticultural commissioner for Cucamonga-Etiwanda district said today.

Most of the grapes are red and white Malagas. Most of the shipments thus far have been from the George Johnson vines near Etiwanda.

Juice-grape shipments will get under way early next week, and will reach peak loading the middle of September.

Ralph Cason will open his office in Ontario Monday for the American Railroad Association, in charge of the grape car plan. Grape cars will be so allotted by Cason that no eastern markets will become glutted by shipments from this district.

WASHINGTON MAN VICTIM OF RIP TIDE

Charles Bartlett Knocked Unconscious by Breaker, Drowns at Beach City

NEWPORT BEACH, Aug. 22.—Dragged out by a rip tide and knocked unconscious by a large breaker, Charles Bartlett, 18 years of age, of Port Townsend, Wash., drowned here this morning.

His body was recovered in twenty minutes by Wallace Burgess, Fred Griggs and Jack Graves, all of this city, who were swimming near by, and beach guards worked an hour and a half in a futile effort to revive him.

Bartlett was visiting at the home of Frank Platt of Santa Ana. The body was removed to the Smith & Tuthill undertaking parlors at Santa Ana, where an inquest will be held tomorrow.

"Eat as Well as Act," Players Group Decides

SANTA BARBARA, Aug. 22.—Eat as well as act, was the final decision of The Players following a heated criticism of the weekly noon-luncheon meetings by two of the members.

In the last meeting of the club, the question as to what should be done about a program for the year was thrown open for discussion. William Nagle and Armand L. Friedland, who at the recent luncheon, declared that the club had "degenerated into a luncheon club" stood up again and voiced their sentiments against so much food.

But the eating proclivities of the club members were roundly supported by a large group of supporters of President Harrison Ryon and his policies. Warren T. "Doc" Hanley, not a member, gave The Players some food for thought at the luncheon. He told them that there was a definite affinity between eating and acting and that there should be no argument there.

"It all started way back when Eve ate her share of the apple and then handed it over to Adam," he declared. "It was after they had eaten that the acting began.

"Today it isn't what you eat, but what you drink that makes you act up," he concluded.

The Players finally approved a plan to continue the weekly luncheons and President Ryon appointed a committee composed of William Nagle, William MacLennan and Mrs. F. M. Fletcher to report on a "workshop." It is planned to produce an evening of dramatics once each month to train the amateur actors and to satisfy those who want more than luncheon meeting.

Train Whistling Kick by Ontario Keeps on Going

ONTARIO, Aug. 22.—When several local persons kicked to City Council because they couldn't sleep clear through the night without being molested by the shrieking of train whistles, they started something that has silenced the blasts all along the line of the Southern Pacific, it was indicated here today by E. J. Ritter, local Southern Pacific agent.

New rules issued by the company request trainmen to cease blowing their whistles for signals when passing through towns and cities at night.

This rule followed a number of protests from city councils who followed the suggestion made by the Council here.

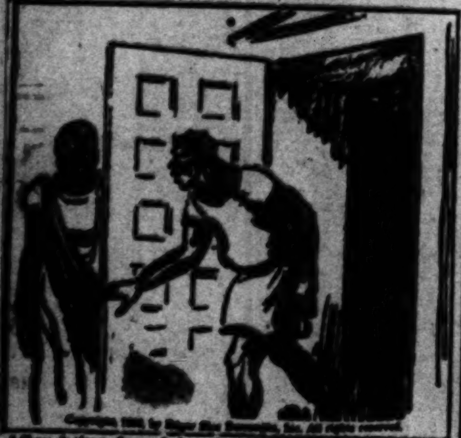
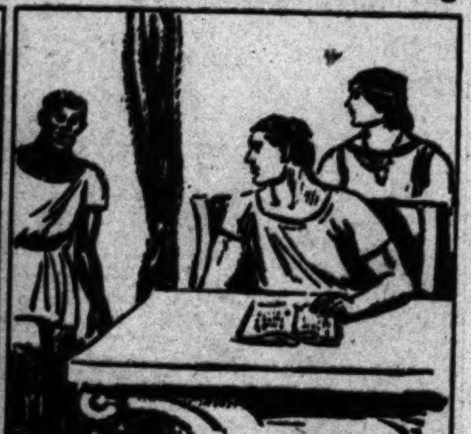
TARZAN AND THE LOST EMPIRE

By Edgar Rice Burroughs

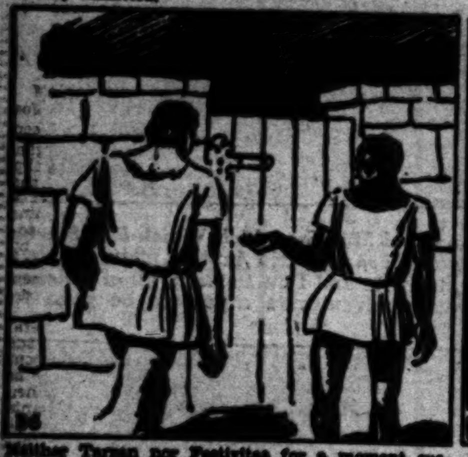


Copyright, 1930, by Edgar Rice Burroughs, Inc. All rights reserved.

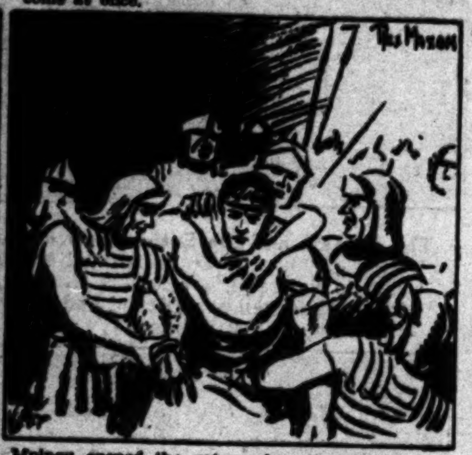
After being forced by threats of torture to reveal the fact that Tarzan was being sheltered at the home of Maximus Praeclarus, the black slave, Mpingu, was commissioned under threat of death to go that night to Praeclarus's home with a message for the ape-man. As the slave of a friendly family, he was readily admitted.



Engrossed in a Latin lesson, neither Tarzan nor Festivitas, the mother of Maximus Praeclarus, noticed how Mpingu trembled when he delivered the message. The black reported that he had been sent by Praeclarus to fetch Tarzan to the home of Dion Splendidus. It was important, he said, that Tarzan come at once.



Neither Tarzan nor Festivitas for a moment suspected any treachery in this tried and trusted slave, so Tarzan readily accompanied him. It was a dark night and there was little chance of recognition. The pair had proceeded but a short distance when the black motioned the ape-man to a small gate that was set in a solid wall.



Mpingu opened the gate and motioned Tarzan in ahead of him. As the ape-man passed through the blackness, a score of men fell upon him. The attack was so sudden and violent that it was not until he found shackles upon his wrists that Tarzan realized he had been betrayed. Shackles were the things he feared and hated most.

SARAZEN LEADS WESTERN FIELD

Shoots 69 for Record Total of 142 in Open

Stocky Italian Favored to Annex Title

Watrous Among Five Players Tied for Second

BY PAUL MICKELSON
Associated Press Sports Writer

INDIANWOOD CLUB (Orion, Mich.) Aug. 22. (AP)—Gene Sarazen is out in front of another golf championship parade.

GENE SARAZEN

The stocky Italian professional from New York today bounded two strokes ahead of a deadlocked field in the drive for the western open golf championship with a par-breaking total of 142 strokes for the first thirty-six holes of the seventy-two-hole stretch over the Indianwood Club course.

Tied for fifth place at the end of yesterday's initial eighteen-hole round with a 73, the former national open champion flashed over the championship course with a pretty 69 today that sent him ahead of the field and labeled him as the one man to beat in the thirty-six-hole final tomorrow.

Deadlocked for second place two strokes behind Sarazen tonight were five golfers of the long-shot variety, who are not expected to cause him much trouble in the final sprint for the title tomorrow. They are Harry Hampton, Chicago professional, whose 69 topped the field yesterday; Chris Brinke, Detroit amateur and former Kentucky amateur champion, who shot a record-equaling 67 for the best round of the day; Emerick Kocsis, young Detroit professional; Bob Shave, Cleveland (O.) professional, and the veteran Al Watrous of Detroit, whose war clubs haven't done much since he finished runner-up to Bobby Jones in the British open four years ago.

All of the favorites, with the only notable exception of the defending champion, Tommy Armour of Detroit, placed within striking distance of the lead today. The Black Scot fell far behind the leaders yesterday with a 78, six shots over par, and didn't do much better today by comparison with his rivals, getting a 75 for a 153 total, eleven strokes behind Sarazen and just three strokes away from the qualifying dead line of 156 which let seventy-three remain in the field for tomorrow's play.

Tied for third place with a pair of 145's at the end of the first 36 holes tonight were an-

MRS. MOODY SHOULD ACCEPT $20,000, BOBBY JONES SAYS

NEW YORK, Aug. 22. (AP)—The Sun quotes Bobby Jones today as saying Mrs. Helen Wills Moody should accept the $20,000 left her in the will of Senator James D. Phelan of California as a reward for bringing the world's tennis championship to California.

"Why shouldn't she?" he asked. "I wish some one would leave me the same amount and see how quick I would take it." He said his own refusal of a $50,000 house offered by Atlanta friends a few years ago was "different." "I think it is absolutely asinine," he said, "for anyone even to question Helen's procedure in this instance. An heir has all the right in the world to accept an inheritance."

When the inheritance was announced, officials of the Lawn Tennis Association took under consideration the question of its effect on Mrs. Moody's amateur standing and acknowledged themselves puzzled by the problem.

HUNTER DEFAULTS TILDEN INTO NEWPORT NET FINAL

Big Bill's Doubles Partner Withdraws so Champion will Meet Wilmer Allison for Crown

NEWPORT (R. I.) Aug. 22. (AP)—With the national tennis championships just around the corner, Big Bill Tilden, who has dominated the American game for the past decade or so, today advanced into the two championship rounds of the important Newport Casino invitation tournament.

BILL TILDEN

He gained the title round of the singles play through the default of his doubles partner, Frank Hunter of New Rochelle, N. Y. Both, however, gained the last round of the doubles play with an impressive straight set victory over Jack Tidball and Gerald Bartosh, two steady California youngsters. The scores were 6-1, 6-3, 6-3.

Wilmer Allison of Austin, Tex., won the right to meet Tilden in the singles final by defeating George M. Lott, Jr., of Chicago, 3-6, 6-3, 7-5, 6-3, in the upper half semifinal.

Hunter complained of a sore arm and explained he withdrew from the semifinal round with Tilden to escape exertions that might be harmful to their chances in next week's national doubles play at Brookline, Mass., as well as their team play in the current tournament.

The defeat was charged to Jim Edwards, who allowed four runs in the opening inning. Frank Shellenback was hit hard by the Oaks but he always tightened in the pinches. Another overflow crowd witnessed the game, making ground rules necessary.

The Stars pounded out thirteen hits off the Oakland pitchers, with Hank Severeid leading the attack with a home run and two singles. Bill Rumler hit two doubles.

ERNIE COOMBS DEFEATED IN SPRECKELS CUP PLAY

CORONADO COUNTRY CLUB, Aug. 22.—"Giggles" Bramstedt, young deckhand on the Coronado-San Diego ferry run, playing from the Coronado Country Club, today accomplished what no San Diego district golfer has been able to do before in the seven years of play in the annual A. B. Spreckels cup golf tournament—reach the finals of the competition. Bramstedt advanced to the finals at the expense of E. F. Coombs, young golfer from the Virginia Country Club, 1 up, in 38 holes.

ERNIE COOMBS

Clifford Little was the other golfer to advance to the finals. The Los Serranos golfer put Russell Osgood, San Diego Country Club youngster, out, 5 and 4.

Bramstedt and Coombs put up a tight match all the way. "Gig" was two up at the end of the first 18 holes but Coombs squared the match early in the afternoon round and was one up going to the seventeenth. Here Bramstedt came through with a birdie to square matters again. They halved the thirty-sixth and the thirty-seventh with Bramstedt winning the match on the thirty-eighth with a par four to Coombs's five.

Little won out in the afternoon round in his match with Osgood. The 17-year-old local boy had a hole advantage on Little at the end of the first 18 but cracked in the afternoon round badly after winning the first hole. The match ended on the fourteenth hole.

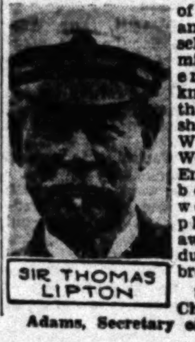
INTERNATIONAL YACHT TRIALS HALTED BY WINDS

NEWPORT (R.I.) Aug. 22. (AP)—Trials for the selection of the yacht to defend the America's cup were temporarily halted today because of heavy wind and sea. The selection committee felt that enough was known about the four racing ships—Yankee, Whirlwind, Weetamoe, and Enterprise—in boisterous weather and planned to await tests conducted in lighter breezes.



SIR THOMAS LIPTON

Sailed by Charles Francis Adams, Secretary of the Navy, **Yankee set a new yacht racing record for a thirty-mile triangular course yesterday, and it was believed here she would go out today and repeat her victories over Whirlwind, the Thorne-Hammond contender.**

Apparently the selection committee also felt that Enterprise, sailed by Harold S. Vanderbilt, could continue to lead Weetamoe, the Morgan-Nichols candidate. In highly boisterous weather the former craft defeated the latter yesterday and the day before, breaking the time record set by the racing sloop Columbia in 1901.

The reason for the committee's failure to match Enterprise and Yankee in today's breeze was not explained.

The lull in the defense camp came on the first day Sir Thomas Lipton was in port with his fifth challenger, Shamrock V.

Five Records Smashed as Youngsters Meet

Senior Athletes Scheduled to Compete Today

BY TED VOSBURGH

PITTSBURGH, Aug. 22. (AP)—To the tune of five new meet records, the younger generation of American track-and-field talent won its spurs at the University of Pittsburgh Stadium this afternoon in the national junior title events which opened the Amateur Athletic Union championships.

HARRY CARTER

The Olympic Club of San Francisco captured team honors by a count of 28 points to 26 over the defending Denver's A.C., after a ding-dong duel which found them tied with one event to go and a flock of surprising performances in events ranging from the 100-yard dash to the hammer throw helped make this a memorable afternoon for the slim crowd of about 500 that witnessed the fun.

Expected to prove a mere perfunctory curtain-raiser for the senior championship events that get under way tomorrow with such established stars as Eddie Tolan and George Simpson in leading roles, the meet had not been running a half-hour before the records began to fall.

Competition has been going on annually in these junior events since 1900, but nobody ever had run as fast in this meet before as Ralph Metcalfe, young Chicago Negro, did in winning the 100-yard dash in 9.7s.

The 120-yard high-hurdle record

Tolson Goes to Millers

MINNEAPOLIS, Aug. 22. (AP)—The Chicago National League baseball club will send Charles Tolson, first baseman, to the Minneapolis club of the American Association, Manager Mike Kelley of the Millers announced today. Tolson will come here in the deal which also sent Malcolm Moss, Cub pitcher, to Minneapolis in exchange for Long George Kelly, former New York Giant and Cincinnati first baseman. Tolson will report Saturday.

Cleveland Takes Seventh Game in Row; Gehrig Hits Two Home Runs

NEW YORK, Aug. 22. (AP)—The Cleveland Indians extended their winning streak to seven straight games today by winning a second clash from the Yankees, 5 to 4, despite the slugging of Lou Gehrig.

LOU GEHRIG

Gehrig set the pace as home runs played the major part in deciding the game. He clouted his thirty-sixth and thirty-seventh of the season to account for two Yankee runs and scored the fourth New York tally on Dickey's single. Earl Averill hit one for Cleveland with a man on base and Bib Falk connected for another.

Sherid's wildness finally cost the Yankees the game. He issued a pass with the bases full just before he was removed in the fifth inning and a sacrifice fly followed

MAYBE DEFEATS CAPRICE

Tommy Lee's Craft Nosed Out by Rousseau Boat in Six-Meter Yachting Regatta

SAN FRANCISCO, Aug. 22. (AP)—Passing his southern rival on the home stretch, Arthur Rousseau of San Francisco, in his six-meter yacht Maybe, nosed out Tommy Lee's Caprice from Los Angeles, by less than five seconds in today's feature event of the San Francisco Yacht Racing Association's regatta.

The Caprice held a ten-second edge over Rousseau's craft when the two craft beat out for the Presidio shoal buoy, but the two staged a luffing battle down the home stretch with the Maybe crossing the finish line first. The time for the fourteen-mile course was 2h. 27m. 32s.

Red Conant skippered Al Christie's Lanai, also from Los Angeles, to a weak third. The third Los Angeles entry, the Synnove, did not compete today because of a weakened mast.

In the eight-meter class heat, the Marin, owned by Vic Dalton of Los Angeles, and handled by Owen Dresden, defeated Dave Zellerbach's Avide, after a race marred by false starts and other mix-ups.

Vince Jervis won the perpetual bird class trophy, piloting his Petrol to a victory over Ernest Sweetland's Gray Goose.

Genaro Signed to Face Brown

Newsboy Brown, who last Tuesday night took a ten-round decision from Midget Wolgast, New York flyweight champion, was yesterday signed to meet Frankie Genaro, N.B.A. titleholder, at the Olympic September 9. The weight is 114 pounds.

JENNINGS, DE LARA GAIN SEMIFINALS OF DOUBLES

WASHINGTON, Aug. 22. (AP)—The first woman's title ever offered by the National Public Parks Tennis Association was won today by Mrs. Virginia Dueker of St. Louis, who took the singles crown in the women's division by defeating Mrs. Ruth Martinez, Washington, 3-6, 6-1, 6-3.

Had it not been for the presence of 15-year-old Ethel Haas and Lydia Kayser of Buffalo, Mrs. Dueker also would have shared the doubles title with her St. Louis partner, Ann Lindeman. She and her team-mate were defeated by the Buffalo combination for the championship in straight sets, 6-4, 6-2.

George Jennings, Chicago, defending singles champion in the men's division, continued on his way toward another title, entering the finals by beating Arnold Simons, Louisville, in straight sets, 6-2, 6-3, 6-3. He will oppose Dooly Mitchell of Washington for the title Sunday afternoon.

Playing an all-court game, Mitchell smashed his way into the finals today with a four-set victory over Thomas Markey, Indianapolis, 6-4, 6-2, 3-6, 6-4.

The men's doubles title will be determined tomorrow afternoon after a morning round of semifinals. Jennings, paired with Jack De Lara, Los Angeles, gained the semifinals today by defeating Bob Elliott and Elmer Rudy of Baltimore, 9-7, 6-2, 6-3.

FOREST HILLS (N. Y.) Aug. 22. (AP)—Blond and blue-eyed Betty Nuthall, England's darling of tennis courts, will make her second bid for the American women's championship tomorrow.

BETTY NUTHALL.

The 21-year-old British girl enters the final round favored to beat Mrs. Anna Harper of San Francisco, fifth ranking American player, and carry to England for the first time the title forfeited by Helen Wills Moody, winner of six of the last seven tournaments.

TIGHT MATCH

Miss Nuthall furnished the only thrill of the semifinals today by overcoming the spirited, hard-hitting opposition of the youthful American, Marjorie Morrill of Dedham, Mass., to win in three sets, 6-8, 6-4, 6-2.

Mrs. Harper, a left-hander, swept through the other semifinal match easily at the expense of Baroness Maud Rosenbaum Levi of Rome, Italy. The California woman won by scores of 6-2, 6-3, easily outstroking the former Chicagoan as she came from behind in each set to run out six straight games.

As a result, it will be California against England for the fourth time in the last six years of tournament competition for the American women's crown. In 1925, 1927 and 1929 Miss Wills repulsed in succession the challenges of Kitty McKane, Betty Nuthall and Phoebe Watson.

Miss Nuthall had brushed all opposition aside easily until she faced the blond, sturdy American girl who swept into a lead at the very outset with an attack as powerful from the baseline as any Mrs. Moo-

Hartnett Hits Homer with Bases Clogged

BY WILLIAM WEEKES

CHICAGO, Aug. 22. (AP)—Joe McCarthy's Cubs, battling to keep the lead in the National League championship race, threw the New York Giants' machine into reverse today, winning by 12 to 4, and evening up their important series.

CHARLEY ROOT

The general outline of the game was about the same as yesterday when the Giants trounced the Cubs, 13 to 6—but with everything in reverse.

A rousing first inning which was worth five runs to the Cubs, started the National League champions, and a big eighth frame, in which five more Cubs crossed the plate soldered the position. The Giants won by about the same procedure yesterday, scoring six in the first and five in the eighth.

ROOT SPARKLES

Charley Root was just as good a pitcher today as he was against Brooklyn last week. He held the Manhattan maulers to ten hits and was in trouble only in the eighth when the Giants scored twice. Freddie Lindstrom, a Chicago boy, playing third base for the Giants, cracked a home run off Root in the first inning, but the blow was a mild affair compared to Gabby Hartnett's twenty-seventh of the season in the eighth with the bases full.

Davy Bancroft, in charge of the Giants during the absence in New York of Manager John McGraw, started Pete Donohue as his pitcher. It took the Cubs about five minutes to drive Donohue to cover. The first four men to face him—Blair, English, Cuyler and Hack Wilson—singled, accounting for two runs, and Donohue was pulled and Hub Pruett, who finished for the Giants yesterday, was sent in. Dan Taylor popped out, but Kelly and Hartnett walked, the latter's pass forcing in Cuyler. Bell finished the

CINCINNATI, Aug. 22. (AP)—Cincinnati's Reds handed Brooklyn its fifth straight defeat and its third of the series today by a 4-to-1 score, dropping the third-place Robins another game behind the Chicago Cubs.

Larry Benton and Dazzy Vance were about equally matched in the mound duel, Brooklyn getting seven hits and Cincinnati six, but the Robin defense wavered at times and the two runs the Reds scored in the eighth to clinch the victory were due to an error by Hendrick. He muffed Red Lucas's drive to left when the bases were full.

The Robins' only run, their third in their last four games, came in the seventh when Bissonette doubled and Ike Boone drove him in with a pinch single. The score:

PHILADELPHIA, Aug. 22. (AP)—The Detroit Tigers turned in their first triumph in three games with the Athletics here today when they clubbed George Earnshaw out of the box in five innings and defeated the world's champions, 7 to 1.

A wild throw by Bishop gave the Tigers two runs in the first inning, to which they added another pair in the fourth when Dale Alexander hit a homer behind Gehringer's triple. In the next inning four hits and a wild throw by Foxx helped Detroit to a cluster of three additional tallies.

Vic Sorrell went the route for the Tigers with little bother. Score:

CARDS WIN

ST. LOUIS, Aug. 22. (AP)—The St. Louis Cardinals, pounding four Philadelphia pitchers, overcame an early lead to win their second straight from the Phillies here today, 10 to 8. Thirty-two players took part in the game, which lasted two hours and a half.

Chuck Klein hit his thirty-first home run of the season.

The heavy stick work for the Cardinals was done by Gus Mancuso who drove in four runs, three of which came in the eighth inning when the Cardinals were trailing, 7 to 8. His double with the bases loaded gave the Cardinals the game.

Flint Rhem, who went to the hill for the Cardinals in the sixth, gained credit for the victory. Score:

WASHINGTON, Aug. 22. (AP)—Hadley held St. Louis helpless here today for eight innings, but in the ninth the Browns cut loose and scored three runs to tie the score and in the tenth pushed over a counter, winning the game, 4 to 3.

Stewart was hit for twelve safeties but kept them scattered except in the fifth when the Nationals scored two runs and the eighth when one crossed the plate. He did not walk a man. Hadley allowed the Browns only one hit up to the eighth inning. The series now stands two to one in favor of Washington. Score:

Miss Forbes will Defend Three Titles

Norene Forbes, Lake Norco's leading swimming star, will endeavor to establish an aquatic performance for San Diego county paddlers to shoot at for some years to come when she defends three championships tomorrow at Mission Beach. Miss Forbes now holds the titles and the records for the 100, 220 and 440-yard swims at San Diego. She will attempt tomorrow not only to defend her honors in these events, but at the same time set new records at each distance again. William (Doc) Beasley, her coach, insists that Miss Forbes is about to accomplish something few swimmers on the Coast would attempt.

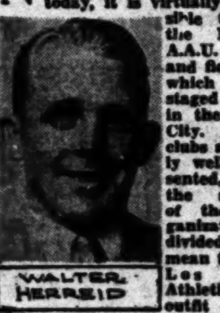
Johnny Farrell, New York professional, landed near the danger line by getting a 77 today for a 151 total.

MERCURIES FIGURE TO WIN

Los Angeles Athletic Club Track Team Has Fine Chance in Nationals at Pittsburgh Today; "Fat" Herreid Only New Coach in Southern Conference

BY BRAVEN DYER



WALTER HERREID

NOT knowing what athletes will be present at Pittsburgh today, it is virtually impossible to dope the National A.A.U. track and field meet which will be staged today in the Smoky City. Eastern clubs are fairly well represented, and if the strength of these organizations is divided it will mean that our Los Angeles Athletic Club outfit can win the title.

The Mercuries on paper figure to score approximately 44 points. That should win. Last year the Olympic Club of San Francisco rang up 44 points to capture the crown. The L.A.A.C. was second with 39 and the University of Washington made it one, two, there for the Pacific Coast by grabbing third place.

This time the Olympic Club is minus many of its best bets, including Eric Krenz, Jack Merchant, George Kelley and several others. On the other hand, the Mercuries are stronger than ever with such additions as Leo Lermond, Harry Hinkle and Hector Dyer.

Herman Brix should win the shot put, Hinkle ought to take the three-mile walk, Fred Sturdy should annex the pole vault and either Jim Stewart or Henry Lasalleite is the best bet in the high jump. That's 20 points right off the bat, with the possibility that big Jim De Mers will win the javelin.

Dyer, provided he runs in both sprints, ought to account for at least three points. Dick Pomeroy is capable of second or third in the 440-yard hurdles, while Vic Williams should place similarly in the 440. Dick Barber ought to get no worse than one point in the broad jump and Bob Patten will undoubtedly account for two or three in the hop, step and jump.

If Leo Lermond, defending champion, has held his form, he will probably win the mile for the club, although I have him down for only second on my dope sheet. Bob Maxwell may take a point in the low hurdles and Hoover might slip in for a digit in the javelin. Grandpa Alma Richards, the perennial weight wafter, will be tickled if he gets a place in the 56-pound weight event. Ray Alf is to run the 440, but hardly figures to place.

In addition to two new football coaches in the Coast Conference this fall there will be one strange face in the Southern California circuit. Walter (Fat) Herreid, former Washington State College lineman, will be head man at San Diego State College. In the great Northwest Herreid is very well known as one of the best guards ever turned out at Pullman. He played on the W.S.C. team which beat Brown, 14 to 0, in the first Tournament of Roses game of 1916.

Herreid is not a total stranger in these parts, however, for he coached at Huntington Park and Santa Maria. He succeeds C. E. Peterson at San Diego. Peterson will remain as head of the athletic department and head track coach.

I believe that Herreid will make good with a bang, although he may not set the world afire this season. He is a stickler for fundamentals and a fighter through and through. If he gets the same kind of material Peterson has had of late, he should give Occidental and Pomona plenty of trouble.

The University of Mexico eleven, which plays Occidental here in the first game of the season on the night of September 27, next, wants to play San Diego the following Monday at Agua Caliente, but Herreid says he wants a night game for that week-end, inasmuch as he opens the conference season against Pomona at Claremont on the evening of October 4. San Diego will play all but two of her games at night.

Southern California Conference teams have not been drawing any too well at the gate lately, and going for night football in a big way may mean a flock of figures on the credit side of the old ledger.

Can't keep California tennis players out of the net finals. Even with Helen Wills and Helen Jacobs inactive, Miss Betty Nuthall will be called upon to defeat a Golden Gate opponent to win the national championship. Mrs. Lawrence Harper, formerly Anna McCune, will be "Bouncing Betty's" foe today. Mrs. Harper swings her racket from the port side. She is a brilliant doubles player. Being of exceptionally slight build she does not figure to defeat Miss Nuthall, whose powerful drives compare favorably with those unleashed by Helen Wills.

You see a lot in the papers these days about a fistic gigantic at Wrigley Field, various names being mentioned. Leo Lomski doesn't interest me; neither does Armand Emanuel. Right now the only chap I want to see again is this young bomb-thrower, Claude Varner, who exploded a dozen right hands on Charley Sullivan's chin at the Olympic Tuesday night. Varner supplies more action in one round than most of our local pugs do in six. They say he won't be suspended for fouling Sullivan, which is sensible, inasmuch as the foul wasn't a serious one, and Referee Holborow was merely being merciful to Charley when he gave him the decision as the result of the low punch.

nouncement of Hunter's default, he appeared on another court to play mixed doubles with Mrs. C. Oliver O'Connell of Newport, against Miss Rose Davis, Newport, and H. L. Johnson, Boston. Mrs. O'Connell and Hunter were victorious in straight sets, 6-4, 6-2.

The keenest of the semifinals was the doubles match put on by Wilbur Coen, Jr., Kansas City, and Harrison Coggeshall, Des Moines, to become finalists by defeating Berkley Bell, Austin, Tex., and Gregory Mangin, Newark, N. J., the third seeded combination, 6-4, 6-4, 6-3.

Coen and Coggeshall stroked steadily, played a cautious game and allowed their highly regarded opponents, who delight in ending rallies with a savage smash, to pile up just enough errors to cause their downfall.

Frank Fox in Regatta Win at Arrowhead

Bringing his big Cris Craft down in front for the second win of the season, Frank L. Fox won the free-for-all event in the regatta at Lake Arrowhead yesterday. Walter Woestman was second; J. M. Goss, third, in the eight-mile event which wound up a card of four contests for Lake Arrowhead boat owners. B. I. Malouf, who has a new speedboat at the mountain lake, was unable to have his boat ready in time for the races. Time for the race was 13m. 4s.

The opening race was an eight-mile jaunt for Cris Crafts. John Vai won first place, with Walter Woestman second and W. H. Wilson third in a field of seven entries. Vai won in 14m. 11s.

L. J. Northrop came home in front in the quad race, defeating Walter Woestman and D. J. Bastanchury, who finished second and third in the field of five. Time was 4m. 7s.

The twelve-horsepower outboard motor race of two miles was garnered by Guy Varmum with Dean McComber second and Billy McIntyre third. Time was 7m. flat.

DAY TIDE WINNER AT GRAND CIRCUIT

HARTFORD (Ct.) Aug. 22. (AP)—Day Tide, owned in Hartford, won the 2:22 trot, purse, $1000, at the Grand Circuit meeting at Charter Oak Park today. The 3-year-old pace, purse $1500, was won by Cold Cash, from the Blue Ridge stables, Kansas City, Mo. The 2:14 trot, $1000, went to Bob Galloway of the Reynolds stables, Winston-Salem, N. C.

scoring with a single that counted Wilson and Hartnett.

Pruett was removed for a pinch batsman in the seventh and Bug Parmelee went in. He got by the seventh in good shape, fanning two men, but was caught in the eighth-inning Cub drive. He walked English, who was forced at second by Cuyler. Cuyler stole second and Wilson walked. Long George Kelly lashed a single off Parmelee's shins and Cuyler scored. With the bases filled Gabby Hartnett pounded the ball into the right-field bleachers for his twenty-seventh homer and four more runs.

The Cubs filled the bases in the second without the aid of a hit, but failed to score when Critz made a fine stop of Hartnett's drive to second. English accounted for the next two Cub runs. In the fourth he got a single and went to second on Jackson's bad throw to first and counted on Cuyler's single. In the sixth he slammed a home run into the right-field stands.

The total of the Chicago attack was twelve hits, most of them clustered for runs.

The game was watched by another overflow crowd of 45,000 persons, including 17,500 ladies' day guests, which with 35,000 yesterday, made a total of 80,000 for the first half of the series.

HUGHES ON HAND

Charles Evans Hughes, chief justice of the United States, in Chicago for the International Bar Association convention, saw the game from the third inning to the finish, and saw the Cubs regain their margin of three games over the Giants and add a full game to their lead over Brooklyn which lost to Cincinnati.

The victory was the Cubs' seventh in seventeen games against the Giants, and was New York's eighth setback in thirty games.

Pat Malone will pitch for Chicago tomorrow, and Carl Hubbell, another Giant southpaw ace, will be his adversary. Score:

FRANKLIN WINS FAIRFAX MEET

Don Carter Stars in Fourth Annual Summer Meet

Led by Don Carter, flashy athletic star, a track-and-field team from Franklin High won first-place honors in the fourth annual track-and-field summer track festival staged on the Fairfax High oval by Coach Hugh Welsh.

Carter staged a thrilling duel with John Lyman of Santa Monica in the eight-pound shot put, winning by inches. Carter's best effort was 61ft. 6 3-4in., while Lyman's mark was 61ft. 5in.

The big Franklin star also won the broad jump with a leap of 20ft. 7in.

One of the features of the day was the open 100-yard dash, which was won by Bob Dunham of Manual. Dunham shaded Jack McCarthy of Fairfax. No time was announced. Levenberg, also of Fairfax, trailed McCarthy, while La Due of Franklin finished fourth.

Franklin amassed 25 points to take the open title, while Fairfax garnered 13. The other finishers were: Manual, 10; Arregon, 8; La Cienega, 8; Poly, 7; Hoover, 5; Santa Monica, 3; Washington, 3.

Fairfax won both the junior and the midget divisions, taking 23½ points to Washington's 19½ in the junior section, while John Burroughs Junior High annexed 6 points to place second behind Fairfax's 18 points in the midget division.

Miss Ravior Swim Victor

TORONTO (Ont.) Aug. 22. (AP)—A distinct outsider, Margaret Ravior of Philadelphia, splashed her way to victory in the ten-mile marathon swim for women, opening event of the Canadian national exhibition today.

Finding the waters of Lake Ontario much to her liking, Miss Ravior, always a contender, took the lead after eight miles and crossed the finish line nearly three minutes ahead of Mrs. Ruth Tower Corsan of Toronto, former Denver girl, and beat Ethel Hertle Gary of New York, an outstanding favorite to win the event. Mrs. Gary finished third, nearly twenty minutes behind the winner.

Officials times for the six money winners were:

Miss Ravior	5:31:39 1-5	$5,000
Mrs. Corsan	5:34:31	2,500
Mrs. Gary	5:51:14	1,000
Miss Looney	6:15:09	750
Miss Benoit	6:29:08	500
Miss Hurack	6:30:18 1-5	250

At the 6½-mile mark, Mrs. Evelyn Armstrong of Detroit was taken from the water, an injured shoulder handicapping her so much that she was forced to withdraw.

Long Beach in Legion Finals

COLORADO SPRINGS (Colo.) Aug. 22. (AP)—Long Beach, Cal., and New Orleans meet tomorrow in the championship game of the American Legion junior baseball regional tournament here.

These two boys' teams advanced to the last round today. New Orleans defeated Salina, Kan., in eleven innings, 7 to 6, and Long Beach ran away from Enderlin, N. D., 14 to 1.

New Orleans looked like a loser going into the ninth, three runs behind, but a walk and a double paved the way for the tying rally. The only doubtful thing about the second was the eventual Long Beach score. Morrow poled out three triples for the Californians. Enderlin was unable to handle the ball and made seven errors.

Second game:

ANGELS TRY ANGLING LUCK AT HERMOSA

HERMOSA BEACH, Aug. 22—Headed by Wes Schulmerich, slugging outfielder of the Los Angeles Angels, a party of Angel ball players spent the day yesterday on the big Olympic fishing barge, anchored two miles offshore here. With Schulmerich were Art Delaney, pitcher; Dallas Warren, catcher, and Art Parker, infielder.

Plenty of fish were caught, with bonita, halibut and mackerel leading the catches. A few sea trout were pulled in besides quite a few sandabs, bass and sculpin.

Capt. Cliff Garner's live-bait boats brought in good catches of yellowtail yesterday, the biggest weighing twelve pounds.

ACE HURLS DEFI AT CHAMPION

Hudkins Seeks Bout with Maxie Rosenbloom; said to be in Fine Shape

Ace Hudkins yesterday renewed his challenge to Maxie Rosenbloom, light-heavyweight champion. Some time ago the brothers offered to assist any promoter financially to post a suitable guarantee for the New York Jewish fighter.

ACE HUDKINS

The Nebraskan, who is fighting Jack McVey, Negro middleweight champion, Tuesday night, and probably Bert Colima, September 15, next, declared he intended to win a title this year or hang up the gloves.

"Don't worry about those middleweights I'm going to fight," said the Wildcat. "I'm in shape again and intend to stay that way.

"After I take care of McVey and Colima they'll be wanting me to fight Mickey Walker again. I'd like to make a little bet that before the new year I'll be in the ring with either Rosenbloom or Walker."

Hudkins is working with Negro sparring partners at his outdoor camp in the Hollywood hills. He hasn't tried to get in shape in a week, but has spent three weeks of actual boxing and whipping himself into condition.

"McVey got a draw with Dave Shade and most critics thought the Negro won the fight, and I lost to Shade. But I lay that to the difference in styles. McVey knows how to fight weaving fellows like Shade and I guess I don't.

"I'll show you next Tuesday night just how much the Wildcat has slipped. They gave Rosenbloom a decision over me in New York after I chased him all over the ring. He's just a slapper like Midget Wolgast. And Walker wouldn't have whipped me if he hadn't had the best night of his life and I think I had the worst."

McVey has a lot of draws marked in his records, but a hefty scrapbook shows that authentic writers declared the black fighter should have been given decisions over Shade, Pete Latzo, George Courtney, Bob Sage and others.

While McVey is making his first start in the Olympic he has won four fights at small clubs here, and he has almost as big a following along Central avenue as had Tiger Flowers.

Foul Pact is Made by Baer and Campbell

SAN FRANCISCO, Aug. 22. (AP)—Max Baer, sensational heavyweight of Livermore, and Frank Campbell of San Francisco, will have a foul agreement (no pun,) when they meet here Monday at the baseball park in a ten-round bout. Managers of the two fighters and Promoter Ancil Hoffman met today with Charles F. Traung, State Boxing Commissioner, and agreed that in case of an unintentional foul the injured man would be given sufficient rest to recuperate. Should the referee decide a low blow had been delivered intentionally, the offending fighter will forfeit his entire purse.

Los Angeles Tennis Notes

The annual Lake Arrowhead tournament opens today with most of the leading local players competing. Lester Stoefen, lanky youngster who beat Ellsworth Vines in the finals of the San Gabriel tournament a short time ago, is favorite in the singles. He is teamed with Elbert Lewis in the doubles, and they meet Dick Charnock and Ron Smith in the first round.

Stoefen will find his toughest competition from Elbert Lewis or Frank Westsmith, both of U.C.L.A., who will play each other in the second round if they dispose of their opening opposition. The tournament ends tomorrow.

The Santa Monica open tournament has been postponed for one week, directors of the event announced yesterday. It will now start the 30th inst. on the Wilshire courts. Entries close Thursday noon, the 28th inst. They may be made at Spaldings.

The annual Alhambra invitational opens Monday, and will continue through to the following Sunday. Karl Lott, S.C. player, is in charge of the annual event.

The sixth annual State ping pong championship tournament will take place the 28th and 29th inst. at the Franklin school building, in Pasadena. Sonny Bennett, who won the last two tournaments, will defend his crown. "Pep" Jones, who won the title for the first three years, will be a contestant.

Gladys Patz and Mrs. Esther Bartosh, well-known local players, performed yesterday in the San Joaquin Valley invitational. Next week they will participate in the San Jose All-Comers tournament.

The new Hollywood tennis courts, on North Vista, will be officially opened the 30th inst. Tom Perrindini, former Southern California champion, is the professional, and plans exhibition matches for Saturday and Sunday. There are seven new composition courts, similar to those at the Palomar Tennis Club.

Having recovered from a slight indisposition, Dick Charnock is planning on displaying increased ability in local tournaments. The Pasadena flash has been training diligently, and plans to enter all local tournaments.

BOY WINS 1930 TRAP LAURELS

Alfred King, 14, Cops Grand American Handicap Title

VANDALIA (O.) Aug. 22. (AP)—A 14-year-old boy from Wichita Falls, Tex., today won the grand American handicap championship, most coveted prize in the trapshoot world.

While more than 1000 seasoned gunners from over the country looked on in amazement, Alfred Rufford King, Jr., took the highest honors in the annual tournament when he tied for the lead in the feature event with L. H. Crampton, Dayton, and Don Casey, Toledo, and later won the twenty-five target shoot-off. Each had cracked ninety-seven out of a possible 100 targets.

Those trailing in the final event of the week's shoot included Mose Newman, Sweetwater, Tex., defending champion, who had hoped to end the tradition that no champion has repeated in the thirty-one years of the meet's history.

COAST GIRL IN NET FINAL

(Continued from Seventh Page)

dy has exhibited on the West Side Club's classic turf. Betty thrives on speed herself and the two girls slashed away at such a swift pace that few rallies were sustained.

Miss Morrill was within a point of leading, 4-1, in the first set when she experienced her first letdown. Miss Nuthall rallied with such determination she was herself within a point of taking the set in the ninth game, only to have her rival make a superb stand, pull up even and capture the set on the sheer force of a hard-driving attack.

Thus fortified, Miss Morrill sustained her fast pace, continued to outdrive the English girl and gained a lead of 4-2 in the second set on a break through service in the sixth game. Here the expenditure of energy in racing all over the court for Miss Nuthall's sweeping drives began to tell on the American.

With victory almost in her grasp Marjorie wilted, lost control of her service and began overdriving the backlines. Betty was content to force her rival into errors and ran out four straight games for the set with the loss of only 5 points.

Except for a few flashes, Miss Morrill never regained her effective stroking control and was decisively beaten in the final set. The force of Miss Morrill's game was manifest in her total of thirty-seven aces and placement drives, as compared with nineteen for Miss Nuthall, but she also piled up a bigger total of errors.

Miss Nuthall and Mrs. Harper also will be opponents in the final match for the doubles championship, taken to England last year by Mrs. Phoebe Watson and Mrs. L. R. C. Mitchell.

With little Sarah Palfrey of Brookline, Mass., as her partner, Miss Nuthall scored her second semifinal conquest over Miss Morrill and Miss Penelope Anderson of Richmond, Va., 6-2, 6-4. Mrs. Harper and Edith Cross of San Francisco emerged triumphant in a three-set contest with two young Californians, Marjorie Gladman and Josephine Cruickshank, 6-4, 3-6, 6-4.

The championship program calls for the singles at 1:15 p.m. (eastern standard time) and the doubles at about 3 p.m. Between the two title contests, an exhibition mixed doubles will be played with Clifford Sutter and Miss Morrill opposing Ellsworth Vines and the Baroness Levi.

JOE PEREGRINA, LONG TO TANGLE TONIGHT

Joe Peregrina, Mexican middleweight favorite, will meet a newcomer to local boxing ranks at the Main-street Club tonight when he battles Earl Long of Oklahoma in the six-round main event. Henry Gaitanes and Vic McNeal who have met in three knockdown and dragout bouts at Carlo Curtis's club, will box the four-round semi-wind-up. Five four-round bouts complete the card. They are: Pordo Villa vs. Mickey Romo, 118 pounds; Santiago Lujan vs. Jack Killeen, 112 pounds; Angelo Fuste vs. Salvador Macias, 112 pounds; Tony Gaitanes vs. Art Adams, 135 pounds, and Vernon Center vs. Lucky Baldwin, 132 pounds.

FRANCIS BROWN OPENS DRILL AT DEL MONTE

DEL MONTE, Aug. 22. (AP)—Francis Brown of Honolulu, former amateur golf champion of Hawaii, arrived here today to begin practice for the California amateur golf championship, September 1-7. Entries will close at noon, the 30th inst.

Ortman had Jacobs caught off first, but the play finally resulted in a successful double steal for the Angels when Harper made a break for the plate, and beat Orwoll's throw to Palm, while Jacobs continued on to second.

Schulmerich put the Seraphs four runs out in front in the third when he smashed one of Ortman's offerings over the right-field screen to score Harper, who had singled, ahead of him. The circuit clout was Schulmerich's twenty-first of the year, and his first made at Wrigley Field for about six weeks.

The Angels got to Ortman for two more runs on two hits in the sixth inning. With one away, Schulmerich walked, but was forced by Jacobs. Statz followed with a smash off the left-field wall that Williams played badly, and Jacobs tallied and Statz made the blow good for a triple. Dittmar singled to right, scoring Statz.

The Ducks broke a string of six scoreless innings in the seventh when they landed on Horne's fast ball for three hits which, with a walk, produced a trio of tallies. Cramer led off with a double over Statz's head in deep center. Williams walked, and Rhiel followed with a two-base hit to right center that sent Cramer over the plate. Haney threw out Orwoll, and Williams scored, but Rhiel was held at second. Horne fanned Johnson, but Palm dropped a single in center to score Rhiel. Ortman fanned to end the rally.

Jacobs drove one over the center-field fence after two were out in the eighth to register the Angels' seventh run of the evening. Score:

OLYMPICS TAKE TITLE

(Continued from Seventh Page)

was the next to fall and the iconoclast in this case was a southern youth. Twenty-two-year-old Johnny Morris, recent graduate of Southwestern Louisiana Institute, the school that sent Chris Cagle to West Point, skimmed the high sticks in 14.7s., to beat Charley Kaster of the Olympic Club by three yards, with J. E. Hatfield of the University of Indiana, third. The old record of 14.9s., was set by Jed Welsh of the Los Angeles A.C., last year at Denver.

Came the mile and again a young hopeful bobbed up out of nowhere to win in spectacular fashion. Rear Sears of Mattoon, Ill., a reformed half-miler, who won the national intercollegiate title in the shorter event in 1937, sprinted into the lead on the final eighth of a mile to win, going away in 4m. 21.5s., and smash the seven-year-old figures of 4m. 23s. set by no less a track celebrity than Lloyd Hahn of the Boston A.A. Leroy Potter, Detroit policeman runner, was fifteen yards back in second place, with Jack Squires, Denver A.C., third.

The remaining record smashing was done by Harry Carter of the Olympic Club, who is just out of the University of California; and Ed Flanagan, an undergraduate at Holy Cross. Carter traversed the two-mile steeplechase course in 10m. 59.8s. to beat out Ralph Nelson of the Denver A.C., and break the old mark of 11m. 6.8s., set two years ago. The husky Flanagan heaved the 16-pound hammer 162ft. 5in., beating the twenty-four-year-old record by nine inches.

Battling for point honors from start to finish, the Olympic Club scored in nine events to register its winning 28-point total. Denver's strength was even more widely distributed and its 26 points were gathered from eleven different events. The Boston A.A. also was in the fight for point honors most of the way and finished third with 23.

Denver had a first in the pole vault and seconds in the steeplechase, 440-yard run, half-mile and broad jump, its principal scoring feats, while the Olympic Club won the steeplechase and high jump and took second in the 56-pound weight and high hurdles. But it was a precious third place scored by Clem Friedman of the Olympic Club in the final event of the day—the javelin throw—that broke a tie for the lead and gave the San Franciscans their hard-won victory.

LERMOND INELIGIBLE FOR MERCURY TEAM

By Hector Dyer
National Intercollegiate 220-yard champion.

PITTSBURGH (Pa.) Aug. 22.—Leo Lermond will run in the half-mile in the senior nationals tomorrow unattached. Lermond had arranged to run for the L.A.A.C. but lacked only four days of the six-month residence requirements to be eligible to compete for the club. This announcement came today from Avery Bruntage, national president of the A.A.U. and Dan Ferris, secretary-treasurer of the A.A.U. This will mean the loss of probably three to five points for the club, as he is expected to come in ahead in spite of the fact that Genunga from Washington and Orville Martin from Purdue will doubtlessly offer more competition than is comfortable. Lermond's younger brother, who has run around 4m. 17s. this year, will enter the mile tomorrow. This might be a reason why Leo has chosen to run the half-mile event.

Today's meet, the junior nationals, served as a rendezvous for many of the stars who will compete in the seniors tomorow. The conditions were excellent for fast performances. The breeze barely moved the flags on the top rim of the Pittsburgh Stadium, high up on a hill near Pittsburgh University. The skies were overcast, but no rain fell since yesterday and the track had dried off to just the right dampness. It should still be fine tomorrow for the senior meet, also. That the track is in good shape is shown by the fact that four of the five records that were broken today in the juniors were in the track events. They were the 100, the 440, the mile and the two-mile steeplechase.

The football field was kept clear by a rope fence, crowding the javelin and discus throws to such an extent that when a high jumper, Joseph Poiriere of the Brooklyn Y.M.C.A., was struck and injured by a discus early in the afternoon, these two events were moved to the upper field outside the stadium with the hammer throw.

The meet brought together many athletes and coaches who have been separated for some time, and it served to have them talk over old times and renew friendships prior to competition, which is a novel feature and is reminiscent of the Olympics.

Strangely enough the entry lists have not been made public yet and therefore it is not possible to speculate on all the different events.

Those entered on the L.A.A.C. team are: Broad jump, Dick Barber; hop, step, jump, Bob Patton; javelin throw, James De Mers, and Vaino Hoover; three-mile walk, Harry Hinkle; high jump, Henry Lasallette and Jim Stewart; pole vault, Fred Sturdy; 440-yard dash, Vic Williams and Ray Alf; shot put, Herman Brix; 220-yard low hurdles, Bob Maxwell; 440-yard hurdles, Dick Pomeroy; 100-yard dash and 220, Hec Dyer.

a draw. Leonard was on the floor in the first and third rounds. A lot of wild swinging on Leonard's part caught Holborow's eye and undoubtedly was the reason for the miscue.

Leo Lomelli knocked out Ritchie Parr in the first round of the curtain raiser. A right-hand punch put Parr on the floor. He started to get up at the sixth count but changed his mind and quit cold, flopping down on his shoulder blades to take the ten count.

Swim Finals Billed Tonight

Marking the conclusion of Los Angeles swimming week, finals in the city-wide canoe-tilting tournament will be held tonight at 8:30 at Bimini plunge, according to Playground and Recreation Department officials sponsoring the event.

Gladiators who will perform tonight have splashed their way through all opposition during daily elimination tilts at Griffith and Bimini pools, held in connection with the events of Swimming Week. Entrants from all municipal plunges, from Bimini, and from the Cabrillo Beach boathouse will battle in the finals.

Los Angeles Swimming Week, which closes today, has been productive of a great amount of interest in local swimming, and all events staged at the municipal pools and at Bimini have drawn hundreds of participants and spectators every day, according to the Playground and Recreation Department.

SHIPPING NEWS

AND ACTIVITIES AT LOS ANGELES HARBOR

SHIPLOAD CURB SOON IN FORCE

New Federal Law Effective September 2, Next

Legislation Brought About by Vestris Disaster

Interocean Made Agent for United States Lines

BY WAYNE B. CAVE

The United States' first load line law will go into effect September 2, next, after which time all American vessels clearing for foreign ports will be restricted to a certain loaded draft.

The legal precaution came as a result of the sinking of the Vestris, and is intended to remove what has been declared the greatest hazard to shipping, that of overloading of vessels. All merchant craft of 250 gross tons or more are subject to the new regulation if sailing foreign, those plying coastwise or intercoastal not being subject to these provisions.

LAST TO TAKE ACTION

While America is the last of the principal maritime nations to impose such a law, practices approaching the new restriction have been imposed for years at the instance of insurance underwriters. It is said even foreign vessels, such as the Vestris, will be subject to such law, if carrying passengers. The Vestris, it is said, was known to be overloaded, but America at that time lacked authority to stay her sailing.

Enforcement of the new law rests with the Secretary of Commerce, whose customs officers are expected to actually check the ships and detain them if necessary.

METHOD OF PROCEDURE

Determination of each ship's load line, based upon her measurements, construction and such, will be ascertained by an authorized association such as the American Bureau of Shipping.

The markings, known as the plimsoll, will be painted on the sides of the ship to simplify checking.

America also has just closed an international conference on load lines abroad, intended to establish uniform practices, details of which are to be made public next month. Ratification by the United States Senate will be required.

MARITIME TRADE CONNECTION ANNOUNCED

Interocean Steamship Corporation has been appointed agent at Los Angeles, San Francisco and Seattle for the United States Lines, Inc., effective September 1, next, according to advices received yesterday by E. N. Tormey, Southland manager of Interocean, from Harry Brown, vice-president.

The connection is declared intended to stimulate interest of shippers of Pacific cargo moving intercoastal or by rail to New York and thence across the Atlantic to Europe. Large quantities of fresh, canned and dried fruits are handled over this route.

United States Lines, Inc., maintain frequent and fast sailings from New York to London, Cherbourg, Southampton, Plymouth and Hamburg. Its fleet includes the Leviathan, George Washington, America, President Harding, President Roosevelt and Republic and five freighters of the American Banker type.

James T. Kennedy has been appointed freight-traffic manager for the Los Angeles Steamship Company, effective last Wednesday, it was announced yesterday by Ralph J. Chandler, vice-president and general manager. He succeeds J. W. Trefry, whose protracted illness at San Francisco caused him to withdraw from active work. Kennedy has been in the shipping business since the World War, joining the Lassco line as freight agent in 1923, and advancing step by step to his new post at the top.

The Admiral Line flagship H. F. Alexander yesterday morning brought in its second largest passenger list of the season, 537 travelers, from Seattle and San Francisco. Among them were George Squires, general manager of the Harbor Belt Line, returning from two weeks' vacation in the north, and Lloyd S. Nix, until recently City Prosecutor of Los Angeles, who will open private law offices in the Title Insurance Building. He has been attending the State convention of the American Legion. The liner sailed north last night with 500 passengers.

The second large shipment of Cuban sugar, 44,000 bags, arrived yesterday on the British motorship Cape Horn, for discharge at Berth 58. Varying from the usual 100-pound bag, much of the shipment is in 300-pound sacks. Furness, Withy & Co. is handling the ship. That concern also will represent another new import, 1400 tons of newsprint from the east coast of Canada, due here on the British freighter Titania next Wednesday, for delivery to a Los Angeles afternoon newspaper. It is believed to be a forerunner of other shipments from Eastern Canada.

Refrigerated Blue Star ships are beginning to make their seasonal appearance for Pacific perishables. The chartered British motorship Cressington Court arrived with northern fruit yesterday, and after loading 1200 tons of Pacific Coast Company borax will sail for Dunkirk today. Following her will be the Cape Horn, now discharging sugar, but to be back here from the north September 26. From November 1 there will be a Blue Star sailing weekly throughout the winter season.

Forty passengers from the Orient are due on the trans-Pacific Dollar liner President Taft, due tomorrow via San Francisco. Among them are J. E. Jacobs, American Consul in the Orient, returning home; Abijah U. Fox of the National City Bank of New York, and Dr. C. A. Storey, surgeon of Pasadena.

Cricket

LONDON, Aug. 22. (AP)—A group of fighting Australians walked off with the "ashes" of British cricket again today, winning by an inning and thirty-nine runs the last of a series of five test matches at the Kennington oval.

Play in the final match began last Saturday. England scored 405 in her first innings while Australia soared to 695. There was no play yesterday because of rain, and in her second innings today England added only 251 to her previous score of 405, thus losing the match. Of the previous matches England and Australia took one each and tied in the other two.

The "ashes" are a mythical symbol of cricket supremacy. The term originated when Australia won her second match with the mother country, and the Dominion was said to have walked away with the ashes of England's cricket.

FINANCIAL

RE-INSURANCE NET HITS PEAK

Growth Taken as Omen of Business Trend

Earnings in Month Amount to Total of $240,000

Assets Show Gain for Year of $1,877,000

Gross income of International Re-Insurance Corporation of Los Angeles for July totaled $564,000, the highest for any single month in the history of the corporation, according to a statement issued yesterday by Carl M. Hansen, president.

Net or excess income over disbursements for the month amounted to $240,000 as against an average of $171,000 a month for the first six months of 1930.

"Apart from showing the growth of this company, I think that this big increase can also be regarded as an indication of the reported upward trend in general business conditions," Mr. Hansen said.

"Our function of re-insurance closely reflects day-to-day conditions throughout the country. The monthly gains of such a corporation as ours may continue steady, although small, even in quiet times, but a large increase such as International showed in July can only be taken to mean that the depression has turned the corner and that money, generally, is loosening up."

In addition to the increases in gross and net income for July, President Hansen's report also disclosed that the gross assets as of July 31, last, had increased by $240,000 and now stand at $8,538,000, a gain of $1,877,000 as compared with the total of July 31, 1929. After providing for dividends of $75,000, paid the 1st inst., and adding $216,000 to insurance reserves in July of the current year, the corporation's surplus was increased by $11,000 to a total of $3,134,000.

DETROIT, Aug. 22.—Federal Mogul Corporation reported today for six months ended June 30, last, net profits of $131,163 after all charges and taxes, equal to $1 a share on 130,000 shares of common stock outstanding. This compares with profits of $260,373, or $2 a share on the same capitalization in the first six months of 1929.

Stockholders have voted to increase authorized capitalization to 180,000 shares of common stock from 150,000 shares to provide means for expansion through acquisition of additional units. Purchase of Watkins Manufacturing Company already has been consummated.

BUILDING AWARDS IN CHICAGO DROP

CHICAGO, Aug. 22. (Exclusive)—New construction contracts let in Chicago in the week ended the 15th inst. totaled $1,222,000, according to F. W. Dodge Corporation. Contracts awarded in Northern Illinois, including Chicago, in the week ended the 15th inst. aggregated $4,1 ,800.

BUSINESS FAILURES LOWER FOR WEEK

TIRE PLANT OPERATIONS ACTIVE HERE

Akron Production Cut Not Extended to Coast Rubber Factories

Demand for the output of the Los Angeles tire manufacturing plants apparently has been proportionately stronger than has been experienced by the eastern plants, it was stated yesterday by factory officials in commenting on a report from Akron, O., to the effect that Goodyear Tire & Rubber Company was planning to cut back production from 44,000 to 45,000 tires daily to around 38,000 tires.

The industry here is running on a production basis of from 65 to 80 per cent of plant capacity and has been for the past few months. With the exception of inventory periods, there has been no cessation of work with the factories busy five and a half to six days a week.

Some of the companies reported their number of employees was about the same as last year and others estimated a decrease of 15 to 20 per cent. The plant executives said no further curtailment of production was planned but pointed out that such action was contingent on the demand for their products.

The dispatch from Akron, O., yesterday stated that while there has been nothing official as to what the Goodyear plans are for the future, it seems that the company may try to maintain an output of 38,000 tires daily and if this production exceeds demand curtailment will be brought about at various times through a shutdown of various plants for short periods.

In Los Angeles, the Goodyear plant has a daily production capacity of about 11,000 tires, Firestone about 9000, Goodrich and Samson about 6000 each.

Electric Plant Work Starts

ERIE (Pa.) Aug. 22.—Alterations are under way on the Wesleyville (Erie) plant of General Electric Company to permit manufacture of boxes for the company's electric refrigerator. Next month, employment will be given to several hundred additional men. Some large electric locomotive contracts have been received at the local plant, according to H. R. L. Emmet, works manager, and outlook for capacity production during the last quarter is good.

Status of Western Air will be Known Monday When Award of Eastern Contract is Scheduled

BY EARLE E. CROWE

Stock marketwise, Western Air Express has been at a standstill for several months pending the award of the eastern mail contract. But on Monday, when the contract comes up for formal bidding, the uncertainties revolving around this company should be definitely cleared away.

Undoubtedly this contract, covering the carriage of mail between Los Angeles and New York, is the plum of the air mail business. Revenues should amount to a respectable profit from the start, allowing for passenger business to carry at least the greater part of operating costs.

JOINT BIDDERS

Unofficial information indicates that Western Air Express and T.A.T.-Maddux will enter a joint bid, as previously suggested. Western Air management is expected to operate the proposed Los Angeles-New York line, and it is probable that F-32 Fokkers will be used so far as possible.

Of the original order for five of the giant Fokkers, two are already in service on the western lines of Western Air Express, and the remaining three are awaiting delivery at the New Jersey Fokker plant. The assumption is that these ships are held in the East with the expectation of using them on the Chicago-New York leg of the proposed line.

Some new financing of the proposed line, assuming the Western Air-T.A.T. bid is successful, is a possibility. Or it is possible that Western Air Express may contribute its share of the capital for the new line out of its treasury, and then refinance for general corporate purposes.

Extension of its lines in the Southwest, particularly in Texas and Colorado, has required capital. And it is more than likely that further extensions will be made if the Los Angeles-El Paso mail contract is received. All of these expenditures represent capital investments, for which the management may be expected to reimburse itself by public financing.

STOCK AVAILABLE

For this purpose, the company may elect to dispose of some of its unissued capital stock. Of the 500,000 shares of $10 par value authorized, approximately 162,020 are outstanding after giving effect to the absorption of Aero Corporation of California.

Possibly rights will be offered to stockholders, or the policy followed of offering shares to influential investors in cities through which the extended lines will pass. This was the practice when the Los Angeles-Salt Lake line was inaugurated, and also when the service to San Francisco was started.

By those well informed on air mail matters, the announcement the other day from Pittsburgh of proposed competition for the Los Angeles-New York contract is not seriously regarded. It is pointed out that bidders under the new law must have been flying the route for at least six months and to have certain experience in night flying. It is not believed here that the projected merger of the four lines can meet these requirements.

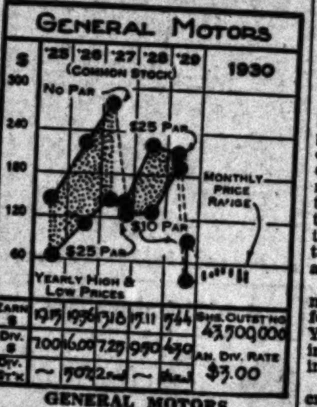
WHAT'S BEHIND YOUR STOCK



GENERAL MOTORS

The annual earning power of General Motors exceeds that of any other industrial organization in the world. About one-half of its profits are derived from the manufacture and sale of a line of ten makes of automobiles and trucks with prices ranging from $495 to $9700. The balance is received from the organization's extensive industrial interests outside the automotive field, the most important of which include the Frigidaire Corporation, Delco Light Company, Fisher Body, 25 per cent stock ownership in Bendix Aviation, 40 per cent in Fokker Aircraft, 51 per cent in General Motors Radio, and 50 per cent in the Ethyl Gasoline Corporation. General Motors also controls Adam Opel A. G. of Germany and Vauxhall Motors, Ltd., of England, leading foreign manufacturers of automobiles.

An indication of the relative stability of General Motors earnings is to be found in a comparison of the percentage earned on net worth by General Motors and by all other automobile concerns in the first six months of 1930. Whereas General Motors showed a return of 10.3 per cent for this period, eleven other automotive companies average only 4.3 per cent. Comparable 1929 figures were 17.7 per cent and 13.7 per cent, respectively. Per share earnings of General Motors for the period declined to $2.15 from the $3.38 reported in the first half of 1929.

Total of Bond and Note Issue Obligations

NEW YORK, Aug. 22.—Corporate bonds and notes falling due in September aggregate $72,822,020 against $68,827,950 in August, and $33,956,180 in September, 1929. Most of the issues falling due have already been provided for so that little or no new financing will be necessary.

Industrial obligations constitute more than half of the maturities with a total of $38,794,630. The largest item is $17,476,500 Sinclair Consolidated Oil Corporation 6 per cent notes due September 1, next, payment for which has already been provided.

Railroad bonds and notes falling due total $28,506,490, of which $15,569,000 Erie Railway 7 per cent bonds, due September 1, next, comprise the largest item.

Drug Company Cuts Dividend

NEW YORK, Aug. 22.—Directors of McKesson & Robbins, Inc., today placed the common stock on $1 annual basis against $2 previously paid. The company pointed out that the half-year net profits of $1,457,715 after charges and taxes as against $1,962,933 in the first half of 1929, showed that the above dividend rate was earned in spite of business depression and substantial advertising expenses.

The executive committee of the board stated that it felt the establishment of such a dividend is in line with present conditions and to the best interests of its retail customers and stockholders as it will permit the company to continue the policies of liberal advertising expenses for its dealers and developing its facilities further for their service which in the end will be more productive.

Sinclair Oil Profits Drop

NEW YORK, Aug. 22. (AP)—Sinclair Consolidated Oil Corporation today reported first-half net earnings of $3,251,709, equal to 49 cents per common share, compared with $6,196,194, or $1.01 per common share, in the like period of 1929.

A statement by the company attributed lessened profits to unsatisfactory prices prevailing during the period and to generally unfavorable business conditions.

PENN CRUDE OIL PRICES INCREASED

First Boost Since Early 1929 Reflects Efforts in Curtailment

NEW YORK, Aug. 22.—Pennsylvania crude oil has been advanced 25 cents a barrel by Joseph Seep Purchasing Agency of South Penn Oil Company, and Bradford district crude oil was advanced 35 cents to $2.50 a barrel. Tidewater Pipe Company also advanced Bradford and Alleghany district crude 35 cents a barrel to $2.50.

This marks the first advance which has been made in Pennsylvania grade crude oil since January, 4, 1929. At that time the maximum quotation was $4.10 a barrel. With the continued overproduction in the Bradford district of Pennsylvania, due to the increased recoveries of oil by the method of water-flooding wells, there was a series of price reductions which brought the oil down to the low point of $2.15 a barrel, the lowest quotation in more than a decade.

Recently, however, curtailment measures have been put into effect in the Pennsylvania and New York fields and the present advance in prices probably marks the turning point.

The new prices on Pennsylvania crude are $2.30 a barrel in National Transit Company lines, $2.25 in Southwest Pennsylvania lines and $2.15 in Eureka lines.

Net of Bendix Aviation off for Half Year

CHICAGO, Aug. 22. (Exclusive) Net earnings of the Bendix Aviation Corporation for the second quarter of the year totaled $779,255 after charges and taxes, the company announced today, equal to 37 cents a share on 2,097,454 shares outstanding. In the previous quarter net profits were $751,681, or 36 cents a share.

For the first half of the year net profits totaled $1,539,937, or 73 cents a share. This compares with $5,165,967, or $2.56 a share on 2,015,000 shares in the first half of 1929, as reported by the Bendix Aviation Corporation and predecessor and constituent companies.

Earnings are after substantial write-off incident to the dismantling of the Stromberg Motor Devices Chicago plant and moving it to South Bend, according to the statement made by Vincent Bendix, president.

"Earnings for the third quarter," he said, "should be improved by reason of the judgment recently entered in favor of the Stromberg Motor Devices Company, a subsidiary of the Bendix Aviation Corporation, against the Zenith Carburetor Company in the amount of $268,000. We anticipate that this judgment will be paid in the current quarter.

"Progress has been in the reduction of operating expenses and increased efficiency. A saving of $40,000 monthly in overhead has recently been effected and other steps are being taken which should further reduce our costs. The current position of the corporation is strong."

Industry Looks for Stimulation in Fall Upturn

NEW YORK, Aug. 22. (AP)—Dun's Review tomorrow will say:

With a new season in business drawing nearer, the main attention now converges on the probable degree to which the change will prove stimulating. That some impetus will be given to trade as strictly summer restraints are removed, is a logical conclusion, but the exceptional conditions prevailing this year make for conservative expectations. The experiences of other periods when the same unusual phases were absent cannot be wholly relied upon as an index to the early future, yet a more cheerful feeling in various quarters at this time is considered natural. In certain measure, the rather better sentiment is supported by actual gains, although these are only moderate and scattered, and by no means reflect a trend toward general uplift. Simultaneous recovery in all lines after a severe setback is not to be looked for, but the slight rise in steel output, the improved weather for crops and for retail distribution, the extensive road-building and other construction programs, and more stability in some commodities, are among the hopeful auguries. The point has not yet been reached, even after protracted and widespread readjustment, where the excess of price declines has ended, but the unsettlement is less acute, and steadiness of markets might reasonably be expected to promote buying interest.

Weekly bank clearings, $8,067,000,387, a decrease of 33.4 per cent from a year ago.

LABOR SEEKS STABLE WAGE

Head of American Federation Urges Employers to Aid Consumption Power of Workers

BY JOHN F. SINCLAIR

(Copyright, 1930, by the North American Newspaper Alliance)

NEW YORK, Aug. 22.—William Green, president of the American Federation of Labor, replying to a question I asked him regarding the recovery of business said:

"There are certain forces holding back business recovery. One of these is the tendency on the part of some employers—those associated with the textile industry, bituminous coal and some other miscellaneous industries—to reduce wages with a resultant reduction in the consuming power of the groups affected.

"Continued unemployment is making its contribution toward the delay in business recovery. It is my judgment that the basis of our industrial structure is sound and solid. There seem to be good reasons for us to hope and believe that business will improve. It will, however, in my judgment, be a very slow and gradual improvement."

"What forces are helping at the present time to bring about business recovery?" was my next question.

"In my judgment the psychological condition existing in industry, supplemented by the maintenance of wage standards and the creation of American standards of living," continued Mr. Green. "These forces should be assisted, however, by the creation of a feeling of security among working people—who, after all, are the largest consumers—that industry will so systematize itself as to guarantee employment and an annual income. Such action will stimulate business activity through an increase in the consuming power of the masses of the people."

The National Bureau of Economic Research estimated that in 1928 American wage earners received $38,296,000,000 and salaried earners $17,800,000, making a total of more than $56,000,000,000 received by workers, out of an estimated national income of $9,000,000,000 for the year.

As things are now, the consuming power of the 120,000,000 Americans is not so large as the producing capacity of the State group. So surplus goods are piling up. How are these goods to be absorbed? Two ways are suggested: One is to stop the wheels of industry until the present surplus stock is absorbed. This is partly what is going on today and it has resulted in much unemployment and a slackening of business. The other way is to sell the present surplus to other nations by assisting foreign buyers to take on more and more American goods, and thus relieve the home market.

But every nation has the same problem. So it has become not an American, but a world condition.

It is difficult to see how increased wages at this time could meet this particular issue, and this issue has to be squarely met before business recovery is made permanent.

Midland to Buy Traction Bonds

NEW YORK, Aug. 22. (AP)—The Midland United Company has offered to buy bonds of the three leased lines of the Terre Haute, Indianapolis and Eastern Traction Company. Robert H. Feustel, executive vice-president of Midland United, explained the offer was made on a salvage basis and that the company does not intend to continue operation of the interurban lines if it acquires control.

For bonds of the Indianapolis and Martinsville Rapid Transit Company, Midland offered $195 per $1000 bond; for Indianapolis, Crawfordsville and Danville Electric Railway Company, $220 per $1000 bond, and for Indianapolis and Northwestern Traction Company, $80 per $1000 bond.

Chicago Bond Issue Awarded

CHICAGO, Aug. 22.—Sanitary District of Chicago 4½ per cent bonds due 1931-50 in the amount of $1,395,000 have been purchased and will be offered by A. B. Leach & Co. The bonds will be offered to yield from 3 to 4.05 per cent to maturity.

The bonds were sold to A. B. Leach & Co. on a bid of 102.6, the first time in several years that such bonds have sold at a premium. Proceeds of the sale will be used for the purchase of a site for a new $70,000,000 southwest side treatment plant.

VALUES ON WOOL MART HOLD FIRM

Prices Slightly Higher as Activity of Dealings Slackens Pace

BOSTON, Aug. 22. (AP)—The Commercial Bulletin of Boston will say tomorrow:

"The wool market is quieter this week, although prices are generally firmer and in a few instances fractional advances in price are reported to have been made. The market as a whole, is very steady, with demand still favoring the finer qualities.

"The manufacturing position seems to have changed very little if at all, during the week, and evidently is mostly marking time. The trade looks for better business after the turn of the month.

"Foreign markets are dull and prices largely nominal, with merinos firm and cross-breds slightly in buyers' favor.

"Mohair still is very dull, with quotations hardly more than nominal.

"The rail-and-water shipments of wool from Boston from January 1, 1930, to August 21, 1930, inclusive, were 90,358,500 pounds, against 114,042,700 pounds for the same period last year. The receipts from January 1, 1930, to August 21, 1930, inclusive, were 289,379,912 pounds, against 232,619,885 pounds for the same period last year."

COTTON MARKET

NEW YORK, Aug. 22. (AP)—Trading in cotton was less active today and fluctuations were comparatively narrow. NEW YORK CURB STOCKS

BY CLAUDE A. JAGGER
(Associated Press Financial Editor.)

NEW YORK, Aug. 22. (P)—Curb stocks successfully resisted several selling attacks and closed a little higher today.

Trading was very quiet, the movement following a narrow groove despite recurring changes of trend, and the total sales were 301,200 shares. The active list of stocks was small with utilities, motors, aviation and several specialties most prominent.

The operations for the decline concentrated on utilities. Electric Bond & Share eased 1 point but closed ½ higher. United Light & Power A gained ½.

Mead Johnson with a net gain of 3 points established another new 1930 high.

Motor and aviation stocks showed more life. Ford Motor of Canada and Durant each gained a point, and Ford of England held firm. Aviation Corporation of the Americas rose 2 points on acquisition of the New York Rio Line. Dayton Airplane Engine was steady.

Cities Service advanced ½ point. Standard Oil of Indiana advanced ⅛ to 49⅞. Goldman Sachs was dull and slightly lower.

The closing price is omitted when same as the low and both low and close when same as the high.

LOS ANGELES MARKET

CATTLE—Receipts were very light and included nothing of desirable quality. The scattered sales of common to medium cows were about steady. A load of fleshy, but rather rough Utah steers and a load of Arizona stockers were not expected to sell yesterday.

Odd head of common to medium cows, largely dairy type kinds, brought 4.75@6.00, with low cutters and cutters ranging from 2.00@4.50. No heifers or bulls were available.

CALVES—A few scattered lots of common to medium vealers and calves were offered, these selling about steady. Some 110 to 251-pound weights brought 10.00@11.00, with choice kinds quotable around 12.50@13.00. Culls sold down to 8.00.

HOGS—Receipts did not include anything suitable to test top quotations, but sales on kinds available looked steady to around 15c lower. A package of 134-pound trucked-in Arizona butchers brought 12.25, and it was thought that good eastern would possibly sell up to 12.35 or a little higher. A load of 190-pound Idaho hogs brought 12.00 and a part load of 153-pound Californias made the same price with 230-pound averages out at 10.75. A few 160-pound truck-ins made 11.75, with some heavies at 10.00. A few head of packing sows brought 8.50 and a few 123-pound feeder pigs turned at 11.00.

SHEEP—Fresh receipts of about two decks of mixed island lambs, ewes, wethers and bucks sold about steady, plain quality considered. Four decks of holdover yearlings were still in first hands. Over a deck of common 57-pound island lambs went to a killer at 6.00 with a part deck of 83-pound wethers at 5.00 and a package of 79-pound mixed ewes and bucks at 2.00. Medium to choice lambs, 75 pounds down, are quoted at 7.25@8.50, and medium to choice ewes quoted 3.25@4.75.

Corn Displays Stronger Tone in Chicago Pit

CHICAGO, Aug. 22. (P)—Evidence of corn market power to rally from price setbacks did a good deal to put backbone into grain values late today, despite earlier downturns. A reason for renewal of strength in corn values was likelihood that liberal clearances of corn out of Chicago by lake vessels would be announced tomorrow. There were also estimates the yield of wheat in the Canadian prairie provinces would be only about 338,000,000 bushels, whereas a previous estimate today was 350,000,000 bushels.

Closing quotations on corn were nervous, ⅛c off to ⅝c up compared with yesterday's finish. Wheat closed irregular at ⅜c net decline to ⅛c advance, with oats 1c to 3c advanced, and provisions unchanged to a rise of 12c.

Bulges in corn prices carried the market up quickly 2c a bushel, but selling associated with wheat weakness led to a temporary drop which, however, was displaced by rebounds as the day drew to an end. Advices were plentiful indicating continued deterioration of the corn crop since August 1.

Wheat, oats and provisions responded readily to late rallies in the corn market. It was noticeable reports of feeding of wheat to live stock were increasing. Oats displayed independent strength owing to free speculative buying of the December delivery.

Provisions turned upward toward the last with grain, despite previous setbacks on account of lower quotations on hogs.

NEW YORK BOND PRICES

BY DONALD C. BOLLES

(Associated Press Financial Writer.)

NEW YORK, Aug. 22. (AP)—The bond market was carried to a new high level for the year today on the strength of selective buying of domestic issues. It was the second time this week the former high mark of the year has been revised in the averages.

The advance was ascribed to the strength of railroad and utility issues with the latter profiting from increased buying.

Chicago & Alton 3s, Canadian National 4½s, Cincinnati, Indiana, St. Louis & Chicago 4s, Rock Island & Pacific 4s of 1988, and Western Maryland 4s of 1952 sold at new top prices for the present movement. Baltimore & Ohio 4½s closed ½ lower. Other rail convertibles were steady to firm. Cuba Railway 5s rallied 3 points and Lehigh & New York 4s soared 4 points.

Bidding for about a dozen utility obligations was brisk. Brooklyn Union Gas 5s, Bell Telephone of Pennsylvania 5s, Public Service Electric & Gas 4½s, and Columbia River Power & Light 4½s registered new peaks.

High-grade industrials were firm.

Renewed selling of Warner Brothers convertible 6s carried it to a new low at 87½, off 1⅛.

Steamer Being Towed Back to East Coast Port

NEW YORK, Aug. 22. (AP)—The American Export steamer Express, which left Brooklyn a week ago with eleven passengers and 3500 tons of cargo for Piraeus, Greece, is being towed back to New York today after an accident Wednesday which left the vessel helpless.

The Express is in tow of the Coast Guard cutter Champlain, with the cutter Mandota acting as convoy, 1300 miles east of New York, according to word received at the Coast Guard station here.

Two Slayings at Demonstration

AVELLA (Pa.) Aug. 22. (AP)—Two men were shot and killed here tonight at an impromptu observance in memory of Sacco and Vanzetti, executed three years ago today in Massachusetts.

The victims were George Harkoff, 35 years of age, of Cross Creek Township near here, and Stephen Mina, 40, of Avella and formerly of Moundsville, W. Va. Police are seeking Pietro Patrella, alias Pietro Petreti.

Patrella is said to have started an argument and, before many words had been exchanged, to have drawn a revolver and shot the two men down. Each man was struck by several bullets.

Baby Golf will Wear Overcoat

WASHINGTON, Aug. 22. (AP)—The Department of Commerce today started a canvass with a view to putting the miniature golf course under "the big top" for the winter.

Each of its thirty-one regional offices was asked to take an informal census of the courses now in operation or contemplated, together with some statement of possibilities of cold weather operation.

The department's committee on new uses for cotton cloth is behind the canvass. They thought it probably would take a tremendous total of tarpaulin to cover the estimated 25,000 courses.

First Husband of Peggy Sued

SAN FRANCISCO, Aug. 22. (AP)—Everett Allen Archibald, San Francisco importer and exporter, never forgot he was the first husband of Peggy Hopkins Joyce, his second wife complained in asking for a divorce here today.

Archibald, his present wife complained, was fond of saying, "Peggy was a better wife than you ever could be."

She asked a division of his $50,000 estate. The couple married in Reno May 15, 1928.

WEST TRAILS GOLDEN BEAR

California Upholds Prestige of Section in Census

This State and Texas Only Ones to Gain Greatly

Rest of Trans-Mississippi Area Pokes Along

BY LAWRENCE M. BENEDICT
"Times" Staff Correspondent

WASHINGTON, Aug. 22. (Exclusive)—California, fastest-growing State in the Union, stands out in the 1930 census figures particularly as the champion of the West. But for the astounding gain made by the Golden State the westward trend of population, one of the greatest phenomena of American history, would be seen to have virtually stopped dead in its tracks.

Texas lent able assistance. These two States between them had more than two-thirds of the entire gain in population west of the Mississippi River since 1920. It may be said that sunshine and oil turned the trick.

As for the spectacular features of the western movement of population they are all gone save in the case of Southern California. Meanwhile the East with its large metropolitan centers is accelerating its rate of gain.

GAINS ANALYZED

The country as a whole gained 16,987,000 inhabitants during the decade from 1920 to 1930 but all the vast territory west of the Mississippi River registered an increase of only 5,570,000 during the period. While the population of the entire nation was gaining at the rate of 16.1 per cent that of the trans-Mississippi region gained at the lagging rate of 14 per cent.

According to the recent census the total population of continental United States is 122,698,190. Of this number of inhabitants approximately 84,000,000, or considerably more than two-thirds are living east of the Mississippi, while 48,000,000 in round numbers live west of the "Father of Waters."

Absence of the gold and silver "booms" of former days, exhaustion of free land for settlers and the depression in agriculture are regarded as major factors in the slowing up of the growth of the West. Apparently that part of the country considered as a whole, is supporting about as many people as it can until some new outlet is developed for its productivity.

TEXAS SPURTS, TOO

Save for California and Texas, the growth of the West in the last ten years would be next to zero. Registering a greater increase than any other State, California reported 5,672,009 inhabitants, a gain of 2,245,148, or 65.5 per cent. The population of Texas grew from 4,663,228 in 1920 to 5,821,272 in 1930, or 24.8 per cent. Sunshine and oil!

Oklahoma's population increased from 2,028,283 to 2,391,777, or 17.9 per cent, and here again oil played its part.

By reason of California's amazing growth, the Pacific Coast States made a larger gain in population than any other section of the country and thus helped counterbalance the comparatively small increases in the Rocky Mountain States and corn belt.

The combined population of the three Coast States—California, Oregon and Washington—is 8,151,612. This is an increase of 2,584,741, or 46.4 per cent over 1920. Oregon, with 952,691 inhabitants, had a gain of 21.6 per cent, and Washington, with 1,561,967, gained 15.5 per cent.

SMALL GAINS MADE

The Rocky Mountain States of Montana, Idaho, Wyoming, Colorado, Utah, Nevada, New Mexico and Arizona, after a remarkable spurt in the decade from 1910 to 1920, made a comparatively small gain in the last ten years. The total population of these eight States is only 3,662,560.

They gained 236,459 inhabitants since 1920, or 9.8 per cent, as against an increase of 26.7 per cent during the preceding decade. Montana showed a decline of 12,557, or 2.3 per cent in the wrong column. It was the only State to report a decrease in population. In the ten years prior to 1920, Montana gained 46 per cent. Idaho had a 1930 gain of only 1.3 per cent, as compared with 32 per cent in the previous ten years.

As a section, that comprising the agricultural States of Minnesota, Iowa, Missouri, North and South Dakota, Nebraska and Kansas showed the smallest gain in the nation, their combined increase amounting only to about 6 per cent.

LARGE INCREASE

The north-central States including Ohio, Indiana, Illinois, Michigan and Wisconsin now have a population of 25,405,937, as compared with 21,475,543 ten years ago. The increase of 3,360,194, or 16.9 per cent represents a rate of gain slightly higher than that of the nation as a whole. Michigan led this list of States with a gain of 31.3 per cent but Illinois is still ahead numerically. The general rate of gain for this section was slightly under that for the preceding ten-year period.

The growth of New England was likewise slightly less than it was ten years prior to 1920. The six States in this group—Maine, New Hampshire, Vermont, Massachusetts, Rhode Island and Connecticut—have a total population now of 8,277,396, a gain of 876,487, or 11.9 per cent, as compared with an increase of 12.9 per cent between 1910 and 1920.

Nearly one-fourth of the entire increase in the country's population took place in the three States of New York, New Jersey and Pennsylvania. They now have a combined population of 26,288,332, a gain of 4,027,188 over 1920. New York, with a population of 12,619,503, had a gain of 2,234,276, or 21.5 per cent. New Jersey gained 872,127, or 27 per cent, and now has 4,028,027 inhabitants. Pennsylvania's population is 9,640,802, a gain of 10.6 per cent over 1920.

The combined rate of increases for these great industrial States was approximately 2 per cent higher than that for the entire nation.

Women Protest at Being Left Off Gerard's List of Those Who "Rule" United States

BY BESS FURMAN

WASHINGTON, Aug. 22. (AP)—Former Ambassador Gerard's list of men who "rule the United States" was protested here today by the womenfolk. They objected to his omission of any woman power.

"I am afraid Mr. Gerard's long residence in Germany has rather given him an un-American viewpoint regarding women's contribution to the life of the United States," remarked Mrs. John F. Sippel, president of the General Federation of Women's Clubs.

Several refused to accept what they termed the "obvious money magnate basis" of Gerard's opinion of this country's control.

Names of women regarded by women as potent in the nation's weal were cited.

PREFERENCE VOICED

"For the country's good, I would rather have fifty-nine women like Carrie Chapman Catt than fifty-nine men like those," said Mrs. Roscoe Anderson, acting president of the National League of Women Voters, of Mr. Gerard's original list. "And I concede many on the list are very public-spirited."

As a woman of great wealth combined with personal and political power, Mrs. Anderson mentioned Mrs. Casper Whitney of New York.

Mrs. Sippel coincided with Mrs. Anderson in Mrs. Catt's nomination, and added Alice Ames Winter, "penwoman and patriot."

"One can't consider the history of the United States in the next ten years without reckoning with Alice Paul," said Miss Maude Younger, legislative chairman of the National Women's party.

Miss Younger cited motion-picture and lumber industries on Gerard's list as not being particularly powerful on the national scene, and declared it quite possible for various women's organizations to compete with them in shaping the laws of the nation.

MAGNATES NEEDED

Her final shot was that while Gerard's list is "pretty bald," it does show women have to get the economic power so they will be able to present "comparative magnates like the late Hetty Green and Lady Rhondda in England."

Mrs. Lowell Fletcher Hobart, president of the Daughters of the Americal Revolution, a woman's organization of recognized independent financial ability, took issue with Gerard.

"Helen Gould's name should be in this list," she said. "The Gould fortune is back of many of these industries. If one of the men of her family were living, and displayed the same patriotic spirit along with large financial holdings, I feel sure he would have been mentioned.

"And I note Mr. Gerard says 'the seven Fisher brothers.' If he's lumping families off that way, why not mention Anne Morgan?"

WILL DEMANDS MARRIAGE

Girl Must Wed Brother of Dead Fiance to Inherit Estate and Asks Police to Find Him

TRENTON (N. J.) Aug. 22. (Exclusive)—The strange plight of a young woman who must marry her dead fiance's elder brother, whom she does not know and can't find, in order to inherit the estate of the man she loved, was disclosed today when Miss Francis A. Weaver of East St. Louis, Ill., appealed to the New Jersey police to aid her in the difficult search.

Her fiance, Daniel I. Brooks, 33 years of age, professor of biology in North Park College, Chicago, made the curious stipulation in his will when she visited him two days before his death on December 22, 1929.

Prof. Brooks died, however, without telling Miss Weaver the first name of his brother, and her search is further handicapped by the belief that both her fiance and the elder brother changed their family name after coming to this country from Austria, when they were children. She wasn't able to learn whether the man she was asked to marry already has a wife.

What she can expect of the brother, who she thinks is a veterinarian and has a farm somewhere in the northern part of this State, is lawfully wedded, or refuses to take her as his bride, was curtly stated in another clause of the strange testament.

"Should a marriage between my brother and my fiancee not be consummated," it read, "my entire estate will revert to Cook county, Illinois, to be used for the good of the commonwealth."

INDIAN SHOW ENDS RUN IN NEW MEXICO

Albuquerque Spectacle May be Produced Next Year on National Scale

ALBUQUERQUE (N. M.) Aug. 22. (Exclusive)—The 1930 "First American" closed tonight the most successful run in its three seasons with a record-breaking audience and the Navajo night chant, the most weird and interesting of Indian ceremonies, as features of the last night.

The last episode of the four-day spectacle took the Indian from the Spanish era into the final domination by the white man. The cowboy, the trapper, the figures prominent in Southwestern territorial days loomed more largely in the story than any other time in the show, although the entire performance of the last night was well sprinkled with Indian dances and ceremonies.

An attempt will be made next year to make the pageant a national affair instead of merely a Southwestern spectacle. Interest aroused among prominent visitors from both East and Pacific Coast seems to indicate that this move may be successful.

Flyer Injured in Plane Leap

PARKERSBURG (Iowa) Aug. 22. (AP)—Eddie Fries, 25 years of age, of Echo, Utah, is in a hospital here with back injuries which he asserts he received when he jumped from a cabin monoplane with a parachute last night, an accident to the rudder putting the ship out of control.

Fries says the plane belonged to his cousin, Edward D. Fries of Los Angeles. The plane caught fire when it crashed, he added.

BYRD SEEKS QUEER TYPE OF AIRPLANE

Explorer Wants One with Folding "Feet" and Its Motors in Wings

CHICAGO, Aug. 22. (AP)—Rear-Admiral Richard E. Byrd is in the market for a new airplane—a ship that can fold its "feet" like a bird and carry its motors in the wings.

Coming from the seclusion of a New Hampshire retreat to be the honor guest of the National Aeronautic Association tonight, he offered to place his order for such a flying machine, adding: "But I will not tell you for what purpose I would use it." His order for the plane was part of an indictment of aviation progress which, he said, in the two years he has been gone in the Antarctic has not been sufficient to produce a tri-motored ship better than the one in which he flew over the South Pole.

"The three-engined plane," he said, "is only 50 per cent as efficient as the single-motored ship. The public is no longer afraid to fly and it is now up to manufacturers and operators to improve design and decrease the cost per mile."

He prophesied that within three or four years aviation will be well under other forms of transportation in cost per mile of travel.

MISER'S HOARD IN CHANGE

Will Written on Wall Leaves $2600 Found in Trunk to Australian Woman

NEWARK (N. J.) Aug. 22. (Exclusive)—In an old trunk in a locked hall bedroom police today found battered cigar boxes filled with nickels; four more filled with quarters; four with half dollars, and four with silver dollars, to a total of nearly $2000 in small change. Also there were 100 tin cans, each crammed with bills of small denominations, totaling $2600.

With growing interest the searchers turned to the five other trunks each suspected of holding similar treasures and a search for the mysterious tenant whose last will and testament written on the wall of the room bore the signature "Frank Clark, alias William James Wilson."

LANDLADY OUSTED

Discovery of the small change miser's hoard came after Mrs. Henrietta Scofield, the landlady, had been dispossessed from the rooming-house and the hall bedroom was found locked.

She explained that fifteen years ago when she took the place a man of military bearing, apparently cultured and about 45 years of age, rented the room, stipulating that all the furniture be removed and that it must never be entered by anyone but himself.

DOOR LOCKED

While he never occupied the room continuously the landlady said he had appeared there regularly once every six weeks from then on and would remain in the room for two days and nights, when he departed always carefully locking the door behind him. His last appearance was four weeks ago and he is due back in two weeks.

Articles of all description were found when police broke down the door—fishing tackle, fifty suits of clothes, each bearing an unusually large pocket sewed on the inside of the coat, a complete set of jeweler's tools, six old suitcases and seven bank books.

WILL ON WALL

These latter revealed deposits totaling $1334.68, all small amounts and dating back in 1912. The one window in the room had been painted black and was boarded up and the will on the wall read:

"To whom it may concern: This is the last will and testament of Frank Clark, alias William James Wilson. I leave all I have in this world to my sister, Neva Mabel Kelly, Lilybank, St. Granville, Sydney, N.S.W. Australia."

BOOTLEG FUND STORY UPHELD

Witness Corroborated in Seattle Trial

Contribution for Senate Race Asserted

Plot to Trap Rich Buyers of Liquor Told

SEATTLE, Aug. 22. (AP) — Roy Olmsted, who came from a prison cell to testify against the man who sent him there, corroborated from the witness stand in the Lyle-Whitney trial here late today the testimony of Al Hubbard that bootleggers contributed $6000 to the Senatorial campaign fund here in 1926.

Senator Wesley L. Jones a few days ago denied knowledge of the contribution.

Olmsted said Hubbard went to him and told him the Anti-Saloon League was pressing Roy C. Lyle for money for Senatorial campaign purposes. Olmsted said Hubbard told him $6000 was wanted.

"I told him things were pretty tough, but that I would do halfway in the proposition but he would have to get the rest of the money from some of the others," said Olmsted.

A huge counter conspiracy to trap Seattle millionaire whisky and champagne customers was planned by the rum-runners' association, Almsted also testified.

Photographic copies were to be made of checks written by the city's best people to pay their bootleggers, Olmsted said. They were to be used later to link as many persons as possible in the conspiracy.

W. E. Boeing, millionaire airplane manufacturer, was the only one named as intended victims of the plot before Olmsted's testimony was interrupted on this point. Boeing testified against Olmsted in the trial which resulted in the rum king's prison sentence.

Olmsted said "unfortunately," the plan didn't work out because some of the "boys" refused to co-operate. The plan was hatched at a rum-runners' convention here in August, 1925.

Ex-Felons May Get Age Pension

SAN FRANCISCO, Aug. 22. (AP) Former felons are eligible for aid under the State old-age pension law, Atty.-Gen. Webb notified the State Department of Social Welfare today.

The department had asked for an opinion in the belief felons forfeited their rights when convicted and thus were ineligible for aid.

Webb explains that, contrary to general belief, conviction of a felony does not deprive one of his citizenship nor is the citizenship suspended during imprisonment. Such conviction, Webb declares, only deprives a felon of certain citizenship rights, including that of the right to vote.

Western Lines to Lower Rates

CHICAGO, Aug. 22. (AP)—E. B. Boyd, chairman of the Western Railroad Traffic Executives Committee, today announced the western lines operating through drought-stricken areas will effect reduction of one-third in local freight rates on live stock, hay and grain.

The live-stock reductions will be effective on shipments out of the area to feeding centers, while those on hay and grain will be effective on shipments into the drought area.

No other products will be affected.

JERUSALEM, Aug. 22. (AP)—The government today confiscated proclamations issued by the Arab executive calling a strike for tomorrow, the anniversary of the outbreak of last year's rioting. The strike was to be a protest against commutation of the death sentence of the Jew Orfall in connection with the riots.

The Arab newspaper Jamal Al Arabia, known as the organ of the Moslem Supreme Council, has been suspended for publication of the proclamation.

PROENCA A NOVA (Portugal) Aug. 22. (AP)—The population of this village was thrown into a panic by an earthquake today. People ran into the streets in fear. There were no casualties. Furniture was rocked and crockery broken.

"TIMES" THEATER GUIDE

MOTION PICTURES

Bard's, Eighth between Broadway and Hill—"White Cargo." The heat and what it does, down yonder in the tropics. Gypsy Rhoma.

Boulevard, Washington at Vermont—"Common Clay." A large slice of box-office emotionalism. With Constance Bennett.

Carthay Circle, Carthay Center—"Holiday." A film play of quality and delight with Ann Harding at her best in defense of youth.

Chinese, 6925 Hollywood — "Hell's Angels." It took Howard Hughes four years and $4,000,000 to produce the colossus of the air; and it was worth it.

Criterion, 642 South Grand — "Our Blushing Brides." A scintillating fast-moving story of the younger set with a heart throb or two from Joan Crawford.

Egyptian, Hollywood Boulevard—"Anybody's War."

Figueroa, Figueroa at Santa Barbara—"With Byrd at the South Pole."

Filmarte, 1228 North Vine—Reviewed in today's Times.

Forum, Pico at Norton—"True to the Navy." Clara Bow has her hands full.

Loew's State, Broadway at Seventh—"Good News." Rahs and raccoons and this is college. Bessie Love.

Million Dollar, Broadway at Third—"Anybody's War." Moran and Mack make their debut a good one.

News Reel Theater, Broadway near Eighth—Opens today.

Pantages, Hollywood at Vine—"Love Among the Millionaires." Mitzie Green and Clara Bow vie for honors with musical accompaniment.

Paramount, Hill at Sixth—"Anybody's Woman." Ruth Chatterton in another woman's battle for honor and her man. Interesting.

Ritz, Wilshire at La Brea—"With Byrd at the South Pole."

R.K.O., Hill at Eighth—"Czar of Broadway." More melodrama of the underworld which is enlivened by John Wray.

R.K.O., Orpheum, Broadway at Ninth—"The Dawn Patrol." An air victory, as well as a film one. Richard Barthelmess is excellent.

Tower, Broadway at Eighth—"Oh Sailor Behave." Some like Olsen and Johnson and they will probably like this musical contortion.

United Artists, Broadway, near 9th—"Eyes of the World." A moralizing ban on hypocrisy handled as well as possible by the cast with Una Merkel.

Uptown, Western at Tenth—"Dangerous Nan McGrew." Helen Kane boops to an accompaniment of comedy.

Warners' Downtown, Hill at Seventh—"Moby Dick." Sentiment is missing from this tale of the sea, though adventure isn't. John Barrymore.

Warners' Hollywood, Hollywood Blvd. at Wilcox—"Top Speed." What is known as a comedy smash in which Joe E. Brown wrecks the works. Only average.

Westlake, 638 Alvarado — "Shootin' Straight." Richard Dix in more of his light philanderings, which some enjoy.

STAGE

Belasco, Hill at 11th—"It's a Wise Child." A splendid cast enacts this modern treatment of an old theme. Recommended to those who take comedy with a grain of salt and lots of pepper.

El Capitan, Hollyw'd Blvd. nr. Highland—"Ten for Three." A triangular view of a modern home becomes entertaining. Tom Moore, Gladys George and Ernest Glendinning.

Hollywood Playhouse, Vine near Hollywood Blvd.—"The Champion." A British-American comedy of much entertainment. The excellent cast stars Grant Mitchell.

WATERWAYS NEW STUDY OF HOOVER

President Consults Aides at His Rapidan Camp on Inland Development

ORANGE (Va.) Aug. 22. (AP)—President Hoover came to his mountain retreat on the Rapidan River tonight for another week-end of rest, recreation and informal conferences on pressing government problems.

Tonight the Executive surrounded himself with expert engineers in and out of the government to inform himself first hand on the progress of inland waterway development and the related question of flood control.

The conferences were expected to revolve principally around work now going forward on the Upper Mississippi with the ultimate purpose of creating a nine-foot channel from Minneapolis to Cairo, Ill.

The Missouri, Illinois and Ohio River improvements also were to enter the conversations, as well as the proposed Great Lake-to-the-sea waterway via the St. Lawrence.

The official guests of the President and Mrs. Hoover included Secretary Hurley, Maj.-Gen. Lytle Brown, chief of army engineers, and Col. George R. Spalding, army engineer in charge of the Upper Mississippi and Illinois project, and Hanford MacNider, new American Minister to Canada. Robert E. McConnell, a New York engineer and close friend of the President, also was at the camp.

Theater Tie-up Threatened by Capital Unions

WASHINGTON, Aug. 22. (AP)—Difficulties between managers, musicians and motion-picture machine operators over renewal of contracts threatens to deprive the capital motion-picture theaters of stage shows and all union employees.

Persistent refusal of the managers to permit the musicians' union to fix the number of men in orchestras, today has halted negotiations for new contracts to take effect September 1.

Reliable authorities reported the booth operators' union has warned the theaters their men will be withdrawn unless terms are made with the musicians.

THREE MEN KILLED IN AQUEDUCT BLAST

NEW YORK, Aug. 22. (AP)—Three workmen were killed and three more are in a serious condition from injuries in an explosion 640 feet underground in the new Yonkers-Long Island aqueduct today. The three men killed were Earl Quick, Willis Case and Dennis Harley.

The explosion was indicated to have been caused by the boring of an air drill, operated by one of the workmen killed, into an unexploded charge of dynamite which remained after blasting operations had been finished several hours earlier.

Sudcalifornia es Víctima de la Ley del Embudo

Si se observa el mapa de la representación de California, publicado en este número, y en el cual constan los nombres de las personas que actualmente ocupan los puestos importantes del Estado y los escaños de la Legislatura, y los lugares donde residen, podrá verse que de un total de 187 de esos cargos públicos, la California del Norte tiene 130, y Sudcalifornia, sólo 57; es decir, mucho más de las dos terceras partes están en poder del norte, y mucho menos de la tercera en poder del sur. Y eso, a pesar de que el sur tiene mucho mayor población, más votos registrados y más riqueza imponible, y paga el 60 por ciento del presupuesto del gobierno del Estado. Sesenta y cinco—próximamente la tercera parte—de todos los funcionarios nombrados salen de la región de San Francisco, y treinta—menos de la sexta parte—de la de Los Angeles, no obstante que la sólo población del condado de Los Angeles excede en 634,538 habitantes de la población total de los nueve condados que componen la región de la Bahía.

Aunque no sea sino por comenzar a trabajar en pro de la equidad, debemos votar el martes por Fitts, que es sudcalifornio, para el puesto de gobernador.

También en Arkansas Crecen Enormes Sandías

Un tren de mercancías procedente de Arkansas desembarcó ayer dos objetos de gran tamaño, que sin duda despertarán la admiración de los cultivadores californios cuando los vean expuestos mañana. Trátase de dos gigantescas sandías, una de las cuales pesa 135, y la otra, 130 libras.

Expedidas a ésta por la cámara de comercio de Hope (Arkansas), fueron entregadas en el bufete del abogado Avey M. Blount, cuya secretaria, la señorita Ann Killoran, dice que no las ha visto de igual tamaño en su vida. Blount está encargado de los preparativos para el "picnic" de mediados de verano, que celebra la gente de Arkansas, Kentucky y Tennessee en el parque de Point Fermin, San Pedro. Esa fiesta se verificará mañana, y los melones serán llevados al parque para exhibirlos.

Hay Muchos Lisiados en el País

Abogando en favor de los niños inválidos abandonados, cuyos padres se avergüenzan indudablemente de haberlos tenido, Jacob S. Engel, presidente de la Sociedad de Pensilvania para Niños Lisiados, dijo ayer a los miembros del Club Rotario en el Hotel Biltmore, que "sólo en el condado de Los Angeles hay más de 1500 niños inválidos, y, tal vez, muchos más, de los que no tenga siquiera noticia, ni la institución ortopédica ni los cirujanos."

El señor Engel, que se aloja en los apartamentos Fox Normandie, y que ha estado de visita en los estados del oeste central, en representación de la benéfica sociedad citada, decidió prolongar su viaje hasta California, y procurar la organización en este Estado de una Sociedad Protectora de Niños Inválidos.

Siguen los Comunistas Chinos Haciendo de las Suyas

SHANGHAI, Agosto 22.—Dos mil bandidos atacaron la indefensa ciudad de Hangchengchen, al oeste de la provincia de Honan, y mataron allí, según mensajes de prensa de hoy, 500 nacionales. Secuestraron a otros 800 para exigir rescate por ellos.

Esta nueva carnicería, que es el último número de la series de las que están practicando los comunistas, se efectuó durante los quince días que ocuparon dicha ciudad. En forma metódica y completa, despojaron los bandidos a los habitantes de todos sus bienes, mataron a los pobres, y cargaron con los ricos, al olor del rescate.

Pusieron fuego a la ciudad y la dejaron en ruinas, y se marcharon luego con sus prisioneros hacia las montañas de la provincia de Shensi Oriental. Allí, en lugar seguro, van sin duda a prepararse para nuevas depredaciones.

NUEVA YORK, Agosto 22.—El vapor "Express", de la compañía American Export, que zarpó hace una semana de Brooklyn con once pasajeros y 3500 toneladas de cargamento para el Pireo (Grecia), está siendo remolcado hacia el puerto de origen, debido al accidente que sufrió el miércoles dicho navío, y que lo dejó a merced de las olas.

Va remolcando al Express el barco guardacostas "Champlain", convoyado por el "cutter" Mandota. Se hallan a 1300 millas de Nueva York, según mensaje recibido en la estación guardacostas de aquí.

El buque no se halla en peligro; pero viene luchando contra fuerte marejada y vientos contrarios.

MELONS GROW BIG IN ARKANSAS

Here's One That Weighs 135 Pounds

Ann Killoren and the Arkansas Watermelon

A FREIGHT train from Arkansas yesterday disgorged two seedy objects which instead of being ordered out of town probably will arouse the admiration of California growers when they are placed on display tomorrow. They are giant watermelons, one weighing 135, the other 130 pounds.

Shipped here by the Hope (Ark.) Chamber of Commerce, the huge specimens were delivered at the office of Avery M. Blount, attorney, whose secretary, Miss Ann Killoren, said they are the largest she has ever seen. Blount is in charge of arrangements for the midsummer picnic of Arkansas, Kentucky and Tennessee folk at Point Fermin Park, San Pedro, tomorrow, and will have the melons transported there for exhibition.

RESALE BAN PLAN GIVEN APPROVAL

Health Board in Favor of Sanitary Measure Which will Go to Council

The tentative draft of a proposed ordinance making it unlawful for merchants to resell certain articles of merchandise after they have once been delivered to customers, in the interest of sanitation, was approved by the Health Commission yesterday, with instructions that the ordinance shall provide specific sanitary treatment before resale of articles returned because they don't fit or because of defective construction.

Combs, hair brushes, tooth brushes, bath brushes, powder puffs, lipsticks, compacts, broken packages of face powder, creams, rouges, barettes, mattresses, bedding, metal hot water bottles, rubber stockings, reducing rollers, water bags, corsets, underwear, union suits, bloomers, bathing suits, false hair and veils are included in the resale ban.

The ordinance, recommended by City Health Officer Parrish, will be turned over to the City Attorney's office for final drafting before presentation to the City Council for action.

Violation of the proposed ordinance provides a fine of $100 or thirty days in jail or both.

Insurance Men Voice Gratitude

Appreciation of the hospitality accorded by California is expressed in the report of the committee on resolutions to the thirty-fifth annual convention of the National Association of Mutual Insurance Companies, which has just terminated its sessions here.

The committee stresses its thanks to the California County Mutual Fire Insurance Companies, the local committees, Gov. Young, the Biltmore Hotel, and the press, notably The Times, for the editorial on mutual insurance appearing on the 20th inst. The visit here, the report sets forth, proved "delightful and one long to be remembered."

Many Cripples in County Said to be Neglected

Pleading for neglected crippled children "whose parents evidently are ashamed of their own offspring," Jacob S. Engel, president of the Pennsylvania Society for Crippled Children, yesterday told members of the Rotary Club at the Biltmore that "there are in Los Angeles county between 1500 and 2000 little sufferers whose cases have not been revealed to the orthopedic institution or surgeons."

Mr. Engel, who is a guest at Fox Normandie Apartments, and who has been visiting the Middle Western States in behalf of the International Society for Crippled Children, decided to extend his tour to Southern California to try to organize a society for crippled children in this section.

Weather Here Remains Warm

Warm weather that has prevailed all week continued yesterday, the mercury again reaching a peak of 89 deg. shortly before noon. The recent temperatures are "not unusual," according to the United States Weather Bureau. Officials pointed out that the normal maximum for August is 82 deg. The relative humidity at noon yesterday was 39 per cent, which is considerably below the normal of 56.

Fair weather today and tomorrow with moderate temperature is the official forecast.

BARNES GIVEN W.C.T.U. HELP

World's Largest Union for Congress Candidate

Resolution Points Need of Active Conservation

Forest Fires Declared Peril to Country's Resources

Los Angeles Women's Christian Temperance Union, its 1000 members constituting that organization's largest union in the world, yesterday unanimously indorsed George H. Barnes's candidacy for the Republican nomination in the Tenth Congress District. The resolution, offered by Mrs. Allie Simmons Wheeler, at the regular meeting of the W.C.T.U. in the First Methodist Episcopal Church at Eighth and Hope streets, follows:

RESOLUTION

"Whereas, a severe drought is ravaging the central and middle-western States, which is occasioning such dire distress and suffering as to necessitate appeal to the Federal government for speedy relief, and

"Whereas, widespread areas in many of the States have been devastated and laid waste by forest fires, presenting a condition that is destroying the vital interests of our country, with additional peril continuing, and

"Whereas, these fires burn away the natural mulch and leafmold, which through its decay is the chief source of soil fertility and which absorbs the rainfall, thus preventing rapid evaporation of soil moisture, and permitting the water to seep slowly into the springs and streams instead of running rapidly off, causing floods followed by scarcity of ground water, and

"Whereas, these deplorable conditions of both drought and fire are working such ruin that agricultural crops in our most extensive farm regions are being destroyed by lack of water; forests and fruit orchards are at a standstill; the live-stock industry is hampered by the drying up of springs and streams; wild game is threatened with extinction; fish are dying in stagnant waters; hydroelectric power is decreased through diminished stream flow; industries and transportation are handicapped by lack of water for steam; and even water for domestic use is greatly curtailed through drying wells and depleted reservoirs; thus imperilling the health of communities, and

PLEDGED TO AID

"Whereas, this ruinous situation and the causes thereof are indisputable and are plainly to be seen, and are likely to continue to work further destruction, unless vigorous exertion is made to apply needful remedial measures, and enlist the co-operative foresight, carefulness and diligence of all our citizens, and

"Whereas, George H. Barnes, candidate for Congress in the Tenth Congress District of California, pledges himself to the vigorous exertion necessary to apply such needful remedial measures, all of which are included in the program of the American Green Cross;

"Now, therefore, be it resolved that the Los Angeles unit of the Women's Christian Temperance Union pledges its support to the candidacy of George H. Barnes and urge kindred units to join with us in such support."

Southern California's vital interest in an intelligent national reforestation and conservation program was vividly pictured yesterday by Barnes.

On scores of occasions during the past four years the national forest areas in and contiguous to Los Angeles county and Southern California were threatened with destruction by fire, Mr. Barnes pointed out. Only by almost superhuman effort on the part of armies of fire fighters was complete disaster avoided.

"The Los Angeles watershed would have been completely destroyed," said Mr. Barnes. "We cannot hope to stave off disaster indefinitely with only our own puny efforts. What we need is a comprehensive reforestation and conservation program, and that includes adequate protection from fire hazards.

NEED IMMEDIATE

"At the present rate of expenditure under Congressional appropriations it will take ten years to complete the plan of forest-fire prevention in this county already outlined and badly needed right now.

"Seriousness of the Angelus National Forest problem, which contains 90 per cent of this county's watershed, apparently is not recognized by the public generally," Barnes continued. "Certainly the Tenth Congress District's present Representative has failed to act in the matter with the aggressive acumen his constituents have a right to expect. Otherwise the appropriation for fire prevention in the local national forests would more nearly approach the 50 cents an acre which is needed, instead of being limited

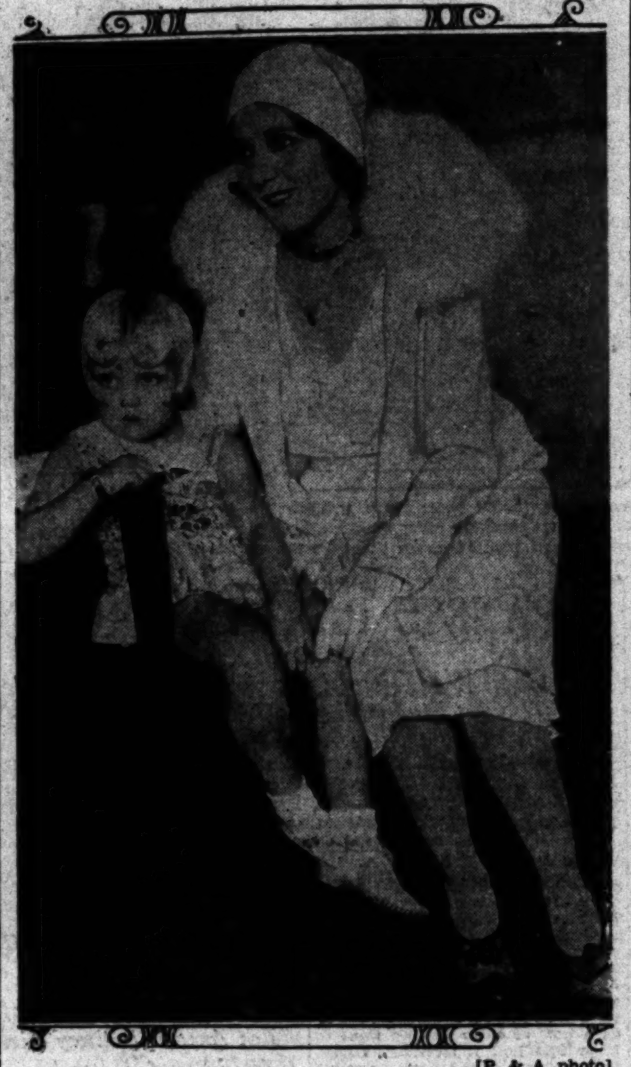
STAR SHEDS GLOW ON CHILD

Mary Pickford Aids Tiny Actress



[P. & A. photo]

Shirley Jean Rickert and Mary Pickford

ON HER way to screenland fame, by way of Superior Judge McComb's court, where she had a contract with the Hal Roach studios approved, whom should 4-year-old Shirley Jean Rickert meet but Mary Pickford.

FLORENCE BRITTON

Miss Pickford was in court to engineer the name changing of her niece, Mary Charlotte Pickford, 14-year-old daughter of Charlotte Pickford, who did not appear in court. She requested that her niece's name be changed to Gwynne Pickford. She is the child's legal guardian.

"Now that my niece is as large as I am, it is somewhat confusing to have two Mary Pickfords in the same household," the only witness in the case, questioned by Attorney Kenneth Grant, told Judge McComb.

GWYNNE PICKFORD

Miss Pickford was somewhat out of breath when she arrived at the courtroom, having just climbed the stairways to Judge McComb's courtroom on the seventh floor.

On her way from the courtroom, the star met Shirley Jean, who was having her first encounter with newspaper photographers.

"Let me show her how to pose," suggested Miss Pickford, as she arranged the child's blond hair.

Another motion-picture actress in Judge McComb's court yesterday was Florence Britton, who, being only 20, went to court to have her contract with Samuel Goldwyn approved. She is to play with Ronald Colman in a forthcoming picture, according to Henry Arnold, studio representative. Miss Britton is the granddaughter of John Britton of San Francisco, president of the Pacific Gas and Electric Company of that city.

SOUND FILM PRODUCERS TO COMPETE

Each Studio will Enter Picture for Academy's Award of Merit

The technicians' branch of the Academy of Motion Picture Arts and Sciences will view an exhibition of outstanding accomplishments in sound-picture recording next Wednesday evening. An exhibit of 1000 feet of the best sound recording done during the past year by each of the Hollywood studios will be projected.

The exhibits will be for the information of the members of the branch in determining the academy award of merit for outstanding achievement in sound recording. This award will be given for the first time this year, supplementing the seven other annual academy awards for actor, actress, director, art director, cinematographer, writer and production. Nominations for the awards are now being made by the academy membership, which includes leading figures in the various branches of motion-picture production.

The exhibition of sound recording is sponsored by the technical bureau of the academy and will bring together for the first time representative work of high quality from the various studios. The exhibition will be at Paramount studio.

City Forester Job Abolished; Work Shifted

The City Council yesterday abolished the office of city forester. That section now is a division of the park department, with a budget of $50,000. Just a year ago the office of city forester was created by the Council and after a civil service examination H. A. Tibbets was appointed.

The division languished thereafter due to lack of funds, Tibbets resigned, his staff was transferred to the park department and yesterday's action signalized the conclusion of the whole matter.

IMPROVEMENT ORDERED

The ordinance of intention for the improvement of Meyler street between Santa Cruz avenue and the Pacific Electric right of way was adopted yesterday by the City Council. The date for hearing protests was set for October 6.

Prayers Offered for Both at Temple Services

Rest and silence were the orders on two sectors of the McPherson-Kennedy-temple facial and fisticuff front yesterday. Aimee Semple McPherson, evangelist, and officials of Angelus Temple, halted activities after a three-day verbal barrage, while Mrs. Minnie (Ma) Kennedy was reduced to only desultory word flares.

Guards and locked doors, with all attaches keeping closed lips, featured the situation at the seaside cottage where Mrs. McPherson is recovering from a plastic operation on her face. Groups of the curious were ordered to leave the vicinity.

NEW SENSATION

Attempts to gain confirmation or denial from Mrs. McPherson of a report that she had planned an operation to remove surplus flesh from her limbs, but desisted on the advice of a surgeon failed.

Mrs. Kennedy declared, however, that her daughter had intended to have her limbs reshaped at the same time of the face lift, but gave up the idea after the delicacy of the operation was explained.

"I don't see that it is any of the public's business," she said, "if Sister wants to undergo such an improvement. Women have their hair bobbed, faces lifted, bodies massaged and take reducing treatments, so why should it be out of order for my daughter to have her legs made more shapely?"

Mrs. Kennedy spent a restful day at the sanatorium, and confined her activities to additional defiance of committees from Angelus Temple attempting to suppress her statements, which revealed her asserted fist fight with her daughter, the broken nose and the facial surgery undergone by the two.

"I WON'T QUIT TALKING"

"I will not quit talking until they put me in my grave," said Mrs. Kennedy, "and there is no group from Angelus Temple that has any right to ask that I cease. I am not going to see any committee until I am out of the hospital, and then they may get a complete and detailed account if they want it."

Affairs at Angelus Temple swung back on a somewhat even keel, and only a small formal meeting was held last night in the Bible school auditorium. Dr. Arnim A. Holzer lead a prayer service which was of five minutes' duration for the speedy recovery of their leader. A special prayer was said for Mrs. Kennedy, which was directed by Holzer after announcing: "We love her. We think she is just a poor misguided woman."

No further moves were made to send resolutions adopted Thursday night to Mrs. Kennedy, and it was announced that the rebuff received by the special committee when it attempted to see the mother of the temple leader closed this phase of the feud.

BOARD SILENCED

F. C. Winters, assistant business manager and spokesman for the temple board, announced that it has nothing further to say in reply to Mrs. Kennedy.

An edict from the church board imposed a hard and fast gag rule on all members of the McPherson household at the beach, and two guards were placed at the modest doorway. No information was relayed to the public as to the progress of Mrs. McPherson in her recuperation, but it was announced that all bulletins henceforth will come from temple headquarters.

The bulletin board at the temple carried a notice reading: "Sister slightly improved. Eyesight partially restored. Continue in prayer."

Dr. Edward H. Williams, nerve specialist, who was called to attend Mrs. McPherson after she was found by The Times in the beach cabin, made a professional call early in the day.

NOSE OUT OF SHAPE

At his departure he announced that the evangelist is endowed with great recuperative powers, but is still in need of rest. He reported that his patient had spent a very restful night, but that he had recommended that she remain at the beach home for at least another week.

Mrs. Kennedy announced that she expects to remain in the sana-

The Lancer

by Harry Carr

I HAVE received a very interesting and intelligent letter from a jazz drummer who proceeds to skin me alive for what I have said in scorn of jazz.

What pains me about jazz is not alone the stupid and senseless noise; it is an insult to a noble instrument—the tom-tom.

TOM-TOM

If you have heard an Indian tom-tom you will understand.

I remember a night in the dark shadows of the Soboba Mountains. They danced the fire dance. An old man grunted "ouf, ouf, ouf," as he danced. Behind him the tom-toms and the chants of the women. It began very slowly. You were never conscious that at any fixed moment it began to go faster. Yet it ended in a wild debauch of rhythm. It was hypnotic. The mountains seemed to rock and sway.

On the other hand, I have heard the slow, deadly monotony of the Yaqui tom-tom as they advanced to the attack. The beat-beat, beat-beat, exactly in time to the beat of the human heart. The emotional effect was terrific. No troops could stand against it. The beat-beat, beat-beat turned one's spine to jelly.

The Indians have a reason for tom-toms. It is a reason so profound and so philosophical that I cannot explain it here otherwise than to say that it is new thought in G strings.

If there is any idea behind the slam-bang noise of jazz I have not been able to discover it.

MINIATURE GOLF

Miniature golf courses have done a good deal to save a tottering financial situation. It is estimated that $125,000,000 has been spent in the United States.

In Los Angeles these courses have given employment to several thousand men; have put a lot of money in circulation; have converted several hundred vacant lots into active assets; and, more than anything else, have taken considerable strain off the anxious, harassed human mind.

You never can tell from which direction the run-to-the-rescue is coming.

MOVING HISTORIC SPOTS

The book-at-the-bedside this week is David Banks Rogers's "Prehistoric Man of the Santa Barbara Coast."

When the town of Ventura reads it the author will be drawn and quartered and his fragments boiled in oil. One of Ventura's prides has been the spot where Cabrillo landed in 1542 on the beach. Mr. Rogers states that Cabrillo didn't land there; that his "Pueblo de los Canoas" was farther north at the mouth of Rincon Creek, near Carpinteria.

COPS HAVE HUNCHES

At the announcement of the increase of the police force by fifty new motorcycle officers the usual cry arises: "Why don't they stop arresting citizens for petty offenses and concentrate on the gangsters?"

More crooks are caught by arrests for petty offenses than in any other way. You have to hand it to the old flat-foot cop. He arrests a man for running through a boulevard stop and has a hunch he doesn't "look right;" and he turns out to be a gang murderer.

ARMY TO "SHOOT" TALKIES

War Department will Use Audible Screen to Teach Rookies "Hay Foot, Straw Foot"

The Signal Corps of the United States Army will produce talking pictures and the Academy of Motion-Picture Arts and Sciences will assist in the preliminary preparations for this War Department undertaking.

Word of the enterprise was made known yesterday at a meeting between Col. W. E. Prosser of the United States Signal Corps, and the members of the academy, for whom Milton Sills, chairman of the college affairs committee, acted as spokesman.

Col. Prosser has been making a survey of the studios, the result of which is that he issued the following memorandum to the academy, which has been assisting him in his work:

"The War Department plans to produce talking training pictures for the instruction of the Reserve Corps. The Army will set up a studio and purchase the necessary physical equipment and other facilities. The production personnel will be officers from the signal corps, this activity coming within the scope of the signal corps' function.

"As a first step toward the organization of this project, the War Department requests the co-operation of the motion-picture industry in the training of two officers who will head this work in the art of talking-picture production. It has been suggested that the Academy of Motion-Picture Arts and Sciences undertake the responsibility of this training. This will involve organization of the training course, enlistment of the co-operation of the Hollywood studios, and the management and supervision of the instruction."

The course for the army delegates, as projected, will include the following plan of study: Studio equipment and facilities, film laboratory methods, and routine. Planning the production as regards costs and

MAN BURNING TO DEATH PERFORMS HEROIC DEED

Five hours after he had been transformed by gasoline into a human torch and had dashed through flames to avert what probably would have been a catastrophe to others, Hugh D. Miller, 35-year-old truck driver, died last night in Georgia-street Receiving Hospital. Third-degree burns killed him.

By ramming shut the valve of a gasoline supply truck, while flames were roaring all about him, he is believed not only to have prevented a disastrous fire but saved several bystanders from serious injury or death.

Miller, whose wife gave birth to a baby boy Thursday at the family home, 8959 San Juan street, South Gate, drove a 2500-gallon gasoline truck of the California Tank Line Company into Frank's Service Station, West Adams and Vineyard streets, to replenish the supply in the underground tank. He unhooked the stout hose, pointed the nozzle into the tank and opened up the flow.

A moment later, A. Casseus, 2129½ Dunsmuir street, drove his car into the station for gas. Miller observed that the hose was in the customer's way. So he gave it a hefty jerk and signaled Casseus to proceed. But the movement jerked the nozzle from the submerged tank and poured a stream of gasoline flush at Casseus's car. Splashing back, the fuel drenched Miller.

With a blinding flash the hot en-

ZONE OIL WELL CURB UPSET

Appellate Court Reverses San Fernando Decision Hinging on Ordinance's Power Restriction

Regulation of useful business enterprises by municipal by-laws and ordinances is subjected to analysis by the Appellate Court of the Third Appellate District in an opinion just handed down pertaining to a Los Angeles zoning ordinance.

R. S. Sherman, defendant in a Superior Court action along with E. E. Rasser and Jesse R. Rasser and others, brought the appeal from a judgment for V. Del Fanta and Marianna Del Fanta. The action was over the cancellation of a twenty-year lease of land providing for the drilling of an oil well within the limits of Los Angeles.

The Appellate Court reversed the lower court judgment.

"The real issue which is involved in this appeal," the court said, "is whether a city by enacting a zoning ordinance may prohibit the use of all power employed in drilling an oil well within its residence district thereof except by means of a five-horsepower electric motor or by the use of animals."

It was pointed out that the tract involved comprises 76.81 acres in San Fernando Valley, which area was annexed to Los Angeles in 1915. The oil lease was executed in 1922 and the zoning ordinance adopted January 12, 1924, included the land in question within the residence zone limits of the city.

The ordinance limits power plants which might be used to five horsepower. Inasmuch as an oil well cannot be drilled with such a power plant, it was held that drilling for oil became, therefore, illegal.

The court found that enforcement of the ordinance would be arbitrary, unreasonable and void. Conditions in the area were considered when the court posed the question as to whether a city can deprive one of valuable property rights in an oil lease by enacting a zoning ordinance which prohibits him from sinking wells within specified residence districts regardless of the population or conditions contained therein.

Death on Gallows Asked for Mrs. Oesterreich as Attic-Murder Trial Reaches

CLOSING PLEA MADE TO JURY

Deliberations on Widow's Fate to Start Today

Costello Sternly Invokes, "Hang This Woman"

Defense Declares Scandal Fear Caused Silence

The fate of Mrs. Walburga Oesterreich, on trial for the past three weeks before Superior Judge Hardy for the murder of her husband, will be placed in the hands of the jury of six men and six women shortly after 9 a.m. today.

Arguments in the case were concluded yesterday afternoon, but because of their length, Judge Hardy decided that it would be better if the jurors began their deliberations after a night's rest. With this in mind, he instructed the jurors to be in their places in the jury box at 9 o'clock this morning, when he will give them their instructions of law governing the case and they will then retire to the jury room and attempt to reach a verdict.

"HANG THIS WOMAN"

By a coincidence yesterday marked the passing of exactly eight years since the shooting of Fred Oesterreich at his home at 858 North Lafayette Park Place, and throughout the greater part of the day Mrs. Oesterreich was forced to listen while Dep. Dist.-Atty. Costello branded her "black as sin" and asked the jury to bring in a verdict carrying the death penalty.

"Hang this woman" were the prosecutor's last words to the jury as he closed the State's case.

Throughout his argument Costello showed no mercy in his arraignment of the defendant. He told the jury that she conspired with Otto Sanhuber, her admitted "garret ghost lover," to kill her husband and that he believed that she fired some of the shots that ended Oesterreich's life.

DIFFERENT PICTURE

Almost an entirely different picture of the evidence was drawn for the jury earlier in the day by Attorney Le Compte Davis, who, with Attorney Jerry Geisler, is defending Mrs. Oesterreich. While Davis admitted that there was no question of the defendant's illicit relations with Sanhuber, he contended the evidence is conclusive that Sanhuber, attacked by Oesterreich, had shot in self-defence nd that Mrs. Oesterreich had no part in the killing. She hid the killer and facts of the crime, Davis declared it was apparent, because she did not wish to reveal to the world the shame of her relations with Sanhuber.

Under the usual instructions in the murder case, the jury can bring in verdicts of first-degree murder, second-degree murder, manslaughter or not guilty. Whether manslaughter instruction will be given in this case, however, was a subject of some discussion last night. When Sanhuber was tried recently for participation in the Oesterreich murder the jury brought in a verdict of manslaughter, but Sanhuber was given his freedom when the court upheld the contention that the law of limitations on a manslaughter charge had run in the eight-year old case.

UNTOUCHED BANK FUND MYSTIFIES

Police Conduct Futile Search for Contractor, Missing More Than Month

An untouched $10,000 bank account adds to the mystification of police over the disappearance of Alexander Grant, 60 years of age, who was a leading contractor in Los Angeles thirty years ago.

So far as known Mr. Grant had but $6 in his pocket when on July 15, last, he stepped out the door of the home of his sister and brother-in-law, Mr. and Mrs. William Carter, 1202 West Thirty-sixth Place.

He never drew against his bank account. Mr. and Mrs. Carter, with whom he lived, have heard nothing of him since. At their request police have been making a futile search for Mr. Grant.

MISSING EMPLOYEE OF SANATORIUM SOUGHT

Sheriff's office investigators yesterday were searching for William W. Shibley, 45 years of age, employee of the Olive View Sanitarium at Olive View, who disappeared from his place of employment on July 28, last.

Shibley, according to a Sheriff's report, planned to withdraw a sum of money from a San Fernando bank to complete a real estate transaction involving the exchange of a lot and cash for property in San Fernando.

HUMAN TORCH IN HERO ROLE

gine of Casseus's machine ignited the gasoline and the flames leaped at Miller and converted him into a pillar of fire.

It was then that Miller displayed his heroism. He dropped the heavy nozzle, now spouting liquid fire, scrambled around to the side of his truck and jammed off the feed valve, depriving the flames of further fuel on which to feed. Then he collapsed.

RESCUER BURNED

While other citizens stood bewildered at the spectacle, H. W. Degroot, of 1931 Marvin avenue, an ambulance driver off duty from Pasadena-avenue Hospital, rushed to the stricken man, tore the burning clothing from his body and rolled him in the dirt. Then he obtained quantities of salad oil and some gunny sacks from an adjoining grocery and administered first aid, pending arrival of an ambulance from Georgia-street Receiving Hospital. His hands were burned.

After firemen had subdued the burning gasoline, they expressed the belief the freak mishap might have had far more serious consequences had Miller neglected to turn off the valve.

Manslaughter Charge Made

W. H. Mace, Long Beach business man, was charged with manslaughter as a result of an automobile accident on July 21, last, in which Luther D. McGahan, newspaper publisher, was killed, according to a complaint issued by Dep. Dist.-Atty. McKay yesterday. Mace lives at 278 Argonne street, Long Beach.

GIRL SEES HER ESCORT SLAIN

Fight of Garage Owner and Patron Fatal

Screw Driver Used to Stab Youth to Death

Repair Charge of Quarter Cause of Dispute

While a terrified girl stood by, a screw-driver was driven into the body of Danville Rowland, 21 years of age, during a fight he was said to have had late yesterday with George Knoblock, garage owner at 5401 South Figueroa street.

Notwithstanding the mortal wound, young Rowland staggered to his automobile, and with the girl—Miss Jeanette Ferguson—beside him, drove out of the garage.

DIES AT WHEEL

The automobile had only gone two blocks, however, when Rowland slumped over the steering wheel, gasped and became unconscious. He was dead when an ambulance arrived from Georgia-street Receiving Hospital.

Knoblock, accused by Miss Ferguson of having driven the screw-driver into Rowland's body, was arrested and booked on suspicion of murder.

Rowland lived at 6003 Middleton street, Huntington Park, and Miss Ferguson's home is at 6709 State street, the same city.

The two had driven to Los Angeles from Huntington Park and late in the afternoon Rowland took the car into the garage on South Figueroa street of which Knoblock is the owner. He said the automobile horn had not been functioning properly and asked Knoblock to mend it.

FIGHT OVER QUARTER

Knoblock undertook the task, but did not adjust the horn to Rowland's satisfaction, according to the story told to Detective-Lieutenants Murray and Jordan by Miss Ferguson. Knoblock said that whether the work was satisfactory or not Rowland was to pay him 25 cents for doing the work.

Rowland refused to pay, Miss Ferguson continued, and the fight started.

The two men grappled and rolled around for a time on the garage floor, when, the girl charges, Knoblock suddenly found the screw-driver and plunged it into his adversary's body just above the heart.

ARMY TO MAKE TALKING FILMS

administration, locationing, etc., and procedure and technique of production, embodying the writing of stories, actual camera work, etc.

Col. Prosser said that it is desirable to have the production of war maneuver films assume as attractive a character as possible. While they would not have fictional stories, the effort would be made to give them as dramatic an aspect as possible.

"None of our pictures will, I believe, exceed three reels in length," he declared, "and the probable production will be about eight films per annum. Some of the pictures may be limited even to one reel.

POSSIBILITIES CITED

"The War Department already has a studio and laboratory for silent pictures, but it is natural that we should wish to avail ourselves of the advantages of the talking screen. It will be possible by the lecture method, for instance, to draw the attention of the onlookers to what is most important for their personal benefit in the particular picture shown. Details that are of great consequence in actual warfare can thus be emphasized. The first step will be to add talk to certain silent pictures by means of the process of dubbing."

It is probable that at the start only one man will be sent here to study conditions in the studios, and that he will be a field officer. Later the number may be increased to five or six.

In behalf of the academy, Sills, and also Frank Woods, as secretary, assured Col. Prosser of full co-operation in the work. Those at the meeting included Reginald Barker, Alfred Cohn, J. A. Ball, Lotta Woods, Sidney Olcott, Maj. E. B. Hatrick, Clinton Wunder, executive manager, and Lester Cowan, secretary of the college affairs for the academy.

DOCTOR CALLS KEATON INSANE

Defense Alienist on Stand at Slayer's Trial

Flint Shooting Laid to Morbid Brooding

Witness Undergoes Severe Cross-examination

Dr. F. J. Van Meter of the Norwalk State Hospital, called as a defense alienist in the Frank D. Keaton sanity trial in Superior Judge Schauer's court, testified yesterday afternoon that Keaton is suffering from gross judgment defect and that at the moment when he shot Motley Flint, he was motivated by gross morbid brooding." He was and is insane," the doctor said.

"Did Keaton know the nature and the quality of his act when he shot Motley Flint as the banker left the witness stand in Judge Collier's court on July 14," came the next question from Defense Counsel Paul B. D'Orr.

"He did not," Dr. Van Meter replied.

And then with the jury of six women and six men who must pass on Keaton's sanity paying strict attention to Dr. Van Meter's testimony, the alienist proceeded to tell of a two-hour examination of the defendant and recited from his notes various portions of his conversations with the prisoner. He ended his direct testimony by answering a hypothetical question of about 1000 words, which set forth all of the facts in the Keaton case, with the remark that the man at the time of the shooting was insane.

SHULER MENTIONED

Keaton, according to what he told Dr. Van Meter, heard C. C. Julian, former local oil promoter, "shouting over the radio" about various groups of bankers who were attempting to wreck the Julian Petroleum Corporation, and agreed with them when he called them thieves. He was not influenced by Dr. Robert P. Shuler, he told the alienist, but had been in his church twice. Stock losses started his brooding, according to the version of his story told by the medical man.

But with Dr. Van Meter's opinions in the record through the questioning of D'Orr, some of its force was lost on the jury when under a vicious cross-examination by Dep. Dist.-Atty. Burgess he admitted that he had only talked to the defendant once.

MIGHT HAVE LIED

"I only talked to Keaton once," declared Dr. Van Meter. "I was in his company for about two hours."

"Doctor, in your report on this case, which covers six or seven pages, all of the information was gathered by you from Keaton himself?" Burgess asked. "Yes," said Dr. Van Meter.

And with his next question Burgess made Dr. Van Meter admit that the defendant might have been lying in every answer upon which the medical man had based his findings.

Then to add to his point, Burgess put before the jury the fact that Dr. Van Meter's examination of Keaton came more than two weeks after the man's arrest and long after other alienists had made a study of the case. At the close of court Dr. Van Meter was still under cross-examination.

During the morning session Mrs. Keaton, who Thursday told a tale of her husband's queer actions during their married life and ended by branding him as a crazy man, identified as hers a long statement given the police following the shooting.

The statement which was read into the court records by Burgess and Russell, who is with him in the prosecution, was explained by Mrs. Keaton by the statement that when she gave it she was in a daze and had made up her mind at the time not to say "anything bad about my husband."

Many questions put to her by the police were of a similar nature to those asked by D'Orr and different answers were given. At the time of the police examination Mrs. Keaton said that her husband was of normal and sound mind. On her examination in court she told just the opposite.

With no more court sessions this week, Monday morning, according to both the defense and prosecution counsel, will bring about a battle of alienists with three testifying for the defense and a like number for the prosecution.

The tire, constructed in the Goodyear plant at Akron, O., is being towed about the country behind an automobile. It weighs 877 pounds and is almost covered with the names and initials of scrawlers in the various towns through which the tire has passed.

It will remain in Southern California for a month, being shown in Hollywood, Beverly Hills, the beach resorts and many near-by cities.

REPUBLICAN RALLY TO BE HELD TODAY

Ninth Congress District Anticipates Breaking Up by Conducting Affair

Anticipating the breaking up of the Ninth Congress District into two or more districts after Congress reapportions its membership on the basis of 1930 Federal census returns, leaders of the district have made arrangements for a picnic and rally at Recreation Park, Long Beach, today, beginning with a reception and registration of delegates at 10:30 a.m.

In a communication to the Republicans of the district signed by Cadet Taylor, chairman, and William M. Baum, secretary, the following is announced:

This will be the last affair of its kind we can hold in the Ninth District, because new districts will be formed next year under the Reapportionment Act. It is the desire of the committee to make this event an outstanding achievement and you are urged to invite Republicans in your neighborhood to attend.

The Long Beach committee in charge of the program, headed by Galen H. Welch, will provide coffee, ice water, etc., so in order to arrange facilities you are requested to advise the executive secretary on the inclosed postal card as soon as possible if you will or will not be present.

Each assembly district should be able to make up a sizeable caravan of automobiles (decorated if possible,) and meet at a determined point within the district, as is indicated hereafter, and proceed to Recreation Park, Long Beach, so as to arrive there not later than 11 o'clock. A grand marshal will form a line of automobiles which will parade through the streets of Long Beach, returning to the park in time for luncheon. Standards will be erected showing the location of each Assembly district, therefore, it is desirable to know the approximate number to be present.

Invitations will be sent to all Republican candidates for State-wide and county-wide offices, nonpartisan candidates for county offices and Republican candidates for all other offices within the confines of the Ninth District.

POLICE AUTO FUND DENIED

Due to lack of revenues, the City Council yesterday declined to expend $5959 for the purchase of seven sedans for the use of policewomen in the crime prevention bureau. This action was taken on recommendation of the Finance Committee, which cited the large numbers of automobiles now assigned the police department.

TWO TAKEN IN CAFE RAID ARRAIGNED

Manager and Waiter at New Paris Inn Held for Liquor Hearing

Two of the men arrested by Federal prohibition agents in the raid Thursday night on the New Paris Inn Cafe at 210 Market street were arraigned before United States Commissioner Head yesterday. They are Inocente Pedroli, described as manager and part owner of the cafe, and Jean Laforgue, a waiter.

The former was charged with maintaining a nuisance and the latter with sale and possession of intoxicating liquor. The commissioner continued their hearing until September 5, and held them in $2000 bail each, which they furnished.

The other proprietor, Bert Rovere, is out of town on a fishing trip but his counsel, J. E. Simpson, has promised to bring about his immediate return to face a charge of maintaining a nuisance. The complaint has already been filed. Meanwhile no proceedings have been brought to close the cafe.

On direct examination, Miss Hoskins gave her version of Mrs. Austin's visit to the South Pasadena house where she was living, on the night of February 1, last. Austin was sleeping in another room, the witness said. Mrs. Austin's pounding on the door alarmed Miss Hoskins, she testified. She ran in her pajamas to the door. She recognized Mrs. Austin's voice, calling, "Marian, I want Robert."

"With her was a woman who looked like mother," said Miss Hoskins. "I put on a kimono, knocked on Mr. Austin's room door, and opened it, speaking to him. I did not see him up that night."

Austin resumed the witness stand to testify that on the day before he left home, Mrs. Austin shoved his head under the water in their bath tub.

POLITICS

THE WATCHMAN

Trend of Political Thought and Action

—BY THE SENTRY ON HIS BEAT—

The Republicans of Los Angeles county have indorsed Senator Frank F. Merriam's candidacy for Lieutenant-Governor at the primary Tuesday. Following a recent meeting of the chairmen of twenty-two Assembly districts of Los Angeles county with William E. Fowler, chairman of the Los Angeles County Republican Central Committee, the unanimous approval of Senator Merriam's candidacy was given by that body.

Two hundred residents of the West Adams district have organized an active campaign in their community for John R. Quinn for Supervisor from the Fourth District. A statement issued by the organization urges Quinn's election "by such a great majority that his victory will be eloquent testimony of the Fourth District's confidence in his ability to carry on the people's fight for efficient county government."

Judge Edward T. Bishop's indorsement by hundreds of jurors who have served under him is summarized in a letter sponsored by three who have sent to other jurors requests to be certain to work for and vote for the judge. An excerpt from this letter states: "You know, as do we, of his eminent fairness and of his splendid qualities as a judge and as a citizen. Los Angeles is fortunate in having his services on the Superior bench and should retain him."

Senator Charles W. Lyon, candidate for re-election as State Senator to represent Los Angeles county, has received further indorsements. Among the latest are those from the South End Italian-American Social and Political Club and the Bell Italian Club.

D. MacD. Jones's candidacy for Sheriff has reached such momentum that it has been necessary to add to the list of speakers to substitute for the candidate, it was announced. Col. D. W. Thickstun has been one of the able substitute speakers. Jones, himself is making from four to five talks each day.

Adding its indorsement to scores now being received by Marion P. Betty, candidate for Superior Court, Office No. 9, the East Hollywood Republican Club, with a membership of leading civic and business men and women, yesterday pledged the support of the organization to "the champion of constitutional rights."

Judge Arthur Keetch, candidate for re-election to office No. 1, Superior Court, at the primaries will win by a heavy majority, according to his campaign headquarters.

Representing a large group of women throughout the bay district, the Woman's Christian Temperance Union of Venice and the Wednesday afternoon Club of Mar Vista yesterday indorsed the candidacy of Glyde I. Plummer for Sheriff.

The communication received at the Plummer headquarters in the Subway Termonal Building was signed by Mrs. Lilly B. Galloway and Mrs. Janet Swing, president and secretary, respectively, of the Venice W.C.T.U., and by Mrs. F. L. Clark and Mrs. Janey Swing, president and secretary of the Wednesday Afternoon Club.

Atty.-Gen. Webb's candidacy for re-election has been indorsed by the headquarters committee of the southern division of the California Anti-Saloon League, according to an announcement made yesterday by Webb's headquarters in Los Angeles.

That Raymond V. Darby, candidate for Supervisor from the Fourth District, may head the list of candidates after the primary votes are counted, and will undoubtedly continue in the race for final election in November is the opinion of Robert Haenggi, campaign chairman for Darby.

Closing his campaign for re-election to the office he has held for the last nine years, Sheriff Traeger yesterday announced a list of scores of indorsements tendered him from organizations representative of every section of Los Angeles county. The list totals more than those extended him at the close of his November campaign four years ago when he was overwhelmingly successful at the polls, Sheriff Traeger announced.

Selecting candidates to give "loyal support to the Constitution, the observance and enforcement of law, the destruction ond overthrow of commercialized vice and official corruption," the Civic Research Law Enforcement League of California has indorsed the candidacy of Senator J. W. McKinley for re-election to the State Senate. Many individual indorsements are reported at the McKinley campaign headquarters, among recent ones being those of Mrs. Alice Dunham of San Fernando, Olive L. Smith, Mrs. E. S. Thompson, president of the W.C.T.U. of San Pedro; Grace G. Newton of Venice and Edgar D. Brown of Bellflower.

Charles E. McDowell, whose fight for Assembly representative from the Fifty-fourth District is attracting interest, came into political prominence by reason of his energetic campaign for Hoover for President two years ago. Mr. McDowell has been a steady and consistent Republican worker for many years. He has displayed special ability as an organizer.

W.C.T.U. Group Supports Fitts

On motion of Mrs. M. Coates, president, the Glendale Women's Christian Temperance Union yesterday adopted a resolution announcing its 400 members stand 100 per cent for Dist.-Atty. Fitts for Governor.

The resolution voiced a protest against the letters sent out by the State compaign committee and the State officers of the Women's Christian Temperance Union of Southern California on the 11th inst., urging the membership of the union to vote for Gov. Young.

Dr. Estes Here for Lectures

Returning for a series of free lectures at Trinity Auditorium from September 8 to 12, inclusive, Dr. St. Louis Estes, raw-food advocate, arrived here last night.

Dr. Estes was accompanied by his wife and their six "back-to-nature" children, ranging in age from 5 months to 7 years.

Ambassador Forbes is one of the foremost world authorities on affairs of the Orient, and is a former Governor-General of the Philippines. He is well versed in future prospects for trade in the Pacific.

G. Collins. A program of entertainment will be provided each day. The organization embraces Grand Army of the Republic, Spanish War Veterans and Legionnaires of the World War.

PRE-PRIMARY VOTERS CAST BALLOTS

Those Unable to be Present Tuesday Exercise Rights

L. T. Mott and Bertha Kraft

THIRTY-EIGHT persons who live in Los Angeles county are going to be either out of town or confined in hospitals Tuesday so they will not be able to go personally to the polls and mark their ballots within the curtained inclosure. But their choices will be counted, for under the law which permits they to cast their votes during a five-day period preceding the primary election they already have exercised their right.

Registrar of Voters Kerr gave out the figures yesterday in announcing that the five-day period has ended. The last day was marked by a rush, in which Deputy Registrar Bertha Kraft assisted twelve voters to get in under the wire. The last absentee-to-be to prepare his ballot was L. T. Mott. His vote, along with those of the other thirty-seven, will be tabulated fifteen days after the election.

Writing down groceries and supplies as needed saves time when going to the store or the order boy calls.

I have always tried to have the reading matter in my columns contain such matter only as would be of real benefit to my readers. Please read the following letter from the American Institute of Food Products regarding a product which I am enthusiastic about and of which I have written quite often in the past:

Coffee Products of America,

Los Angeles, Cal.
Gentlemen:

Re: Ben-Hur Coffee

After laboratory analysis and examination, I am very pleased to give you the following report:

We find the flavor oils of Ben-Hur Coffee to be absolutely fresh to the moment of opening the can.

The report reveals pure coffee content, there being no presence of foreign substance content so often found in coffees. I further wish to advise you that the analysis discloses a very gratifying percentage of proteids, sugar and fats.

It would seem that through some process or other, you have succeeded in producing a coffee which will instantly release all its flavor and aroma when subjected to water slightly below the boiling point.

I wish to congratulate you upon having successfully developed such an outstanding product. The Institute considers Ben-Hur Drip Coffee to be the greatest advancement in coffee blending and preparation given to the public in the past two decades.

We further wish to advise you of the fact that coffee made by the Ben-Hur Drip healthful filtration process, will hold its delicious flavor indefinitely, making it exceptionally suitable for iced coffee or the thermos bottle.

In closing, I, therefore, unhesitatingly place our seal of indorsement and approval upon Ben-Hur Drip Coffee.

Cordially yours
American Institute of Food products.

We'll make somewhat of a departure from the usual this week and give you two very fine recipes—both of which will permit you to see for yourself how many uses there are for Guasti Concentrated Grape Juice, which I have been urging you to buy. You remember, don't you, that to make grape juice you merely add four parts water to one part Concentrated Grape Juice—now, then, why not elaborate on this product and make a delicious sandwich spread and a fruit salad dressing. Now for the recipes, which I want you to use, if possible, right away!

SANDWICH SPREAD. Add 1 part Guasti Concentrated Grape Juice to 2 parts butter. Beat until fluffy.

FRUIT SALAD DRESSING. Thin 1-4 cup mayonnaise with 2 tablespoons Guasti Concentrated Grape Juice.

Twice Divorced from Same Mate, Wife Sues Again

For Mrs. Clara Kornowski, three times is enough when it comes to marrying and divorcing Joseph Kornowski, she affirmed after she filed her third divorce suit against Kornowski in Superior Court yesterday.

The Kornoswskis were first married in Cleveland, O., in 1913, and were divorced two years later. In 1917 they were rewed and this time married life lasted eleven years. A few months after the divorce in 1928 they were remarried, after, Mrs. Kornowski said, her husband had shot at her and threatened her life.

Recent complaints are that he got drunk and abused her, made her work twelve hours a day, sprinkled cigar ashes in her oatmeal, and when she bought a cigar lighter for his Christmas gift, it is asserted, he accused her of buying it for another man.

GOLF COURSE SUIT BEGUN

Professed Originator of "Tom Thumb" Game Asks for $250,000 from Fairyland Group

Litigation that may involve 500 miniature golf courses in Los Angeles was begun yesterday with the $250,000 damage suit of Walter B. Wight, who says he is the originator and developer of the "Tom Thumb" golf courses, against the Fairyland Company, the Fairyland Manufacturing Company and others.

Wight, in his petition, asserts that the Fairyland Company purchased one course from him, for $1000, and then began manufacturing other courses, without fulfilling terms of their agreement, which, it was asserted, included payment to plaintiff of $500 for each course installed in Los Angeles county.

Plaintiff asserts that by reason of defendant's action, he has been unable to sell "Tom Thumb" courses in local territory, although he has spent "large sums" in advertising the course. Besides the Fairyland corporations, defendants named are E. A. Kelly, F. M. Baisden, F. H. Rose, Harry Spencer, Garnet Carter, one hundred "John Doe" corporations, and one hundred "John Doe" and "Mary Roe" defendants.

Button on Cap Forms Deadly Electric Link

By a "Times" Staff Correspondent

LONG BEACH, Aug. 22. (Exclusive)—The metal button on the top of David Rizer's cap tonight formed a circuit between the man's head and a high-powered electric switch with probable fatal results.

Rizer, an operator in the Edison distributing station at Anaheim street and Locust avenue, was found prone on the floor in front of the station switchboard—the inside of his cap in ashes, and his hair burned off. Police said the metal cap button contacted a switch, sending the full current through Rizer's head and body.

At Seaside Hospital surgeons hold small hope for Rizer's recovery. The operator resides at 3302 North Magnolia avenue, Lynwood.

Today's Bible Text

Godliness with contentment is great gain. For we brought nothing into this world, and it is certain we can carry nothing out. And having food and raiment, let us be therewith content.—1 Tim. vi. 6-8.

KNOCKS THE TALKIES

David Belasco still insists that the stampede to the squawkies was hysterical and thoughtless and that some day there will be a return to sanity. By that time Dave will be too old to get in on it.

WHAT A FALL

In an Illinois town the mercury recently dropped from 113 to 53 deg. in less than twenty hours. Some of the citizens were inclined to think that this was a drop too much.

THE HIGH BOY

Annapolis recently waived the weight limit in the case of a 17-year-old youth who is six feet three inches tall and weighs over 225 pounds. He looked like too good football material to get away. If he ever goes against the Army the doughboys will know that something has happened.

THE OPEN DOOR

The General Electric laboratories have perfected a door that can only be opened at the right sort of a touch. One may kick it and push it indefinitely without making any impression, but the tip of a finger applied in the right way at the right spot will cause it to readily fly open. That should be great stuff for fooling bank robbers.

MAY SEE A PRINCE

Said that the Prince of Wales will shortly pay a visit to Argentina. It would be a fine business movement. The British have something like $2,500,000,000 invested in that country and more than half of the Argentine trade is with England. The people there would give the Prince a royal welcome. There are a lot of horses there that he never tried to ride.

AMONG THE DIGGERS

Ambassador Charles Gates Dawes is interested in archeology and its tributary sciences. He is said to be spending some weeks in looking over the delving that has been going on in Spain and sundry Mediterranean points. But his point of view is different from that of some of the explorers. He wants to dig up and restore, not delve and carry away. The ancients have been dead a long time, but Gen. Dawes does not believe in robbing them even at this late day. He thinks that the various countries and communities should have museums of their own for the purpose of displaying buried treasure when it has been wrested from the soil. It is believed that few explorers will have these courteous views. They will want what they are able to wrench from the long ago.

ARGENTINA AND ISOLATION

The declaration by Liborio Justo, former chancellor of the Argentine Embassy, that Argentina will withdraw from the Pan-American Union "as soon as the new generation gets its hands on the reins" need, perhaps, not be taken too seriously. Senor Justo apparently belongs to the political outs in his native country and may not be any more representative of Argentine majority opinion than Hiram Johnson is of American. They seem to be parallel isolationists.

The Pan-American Union, contrary to Mr. Justo's opinion, is not dominated by the United States. What he means by an "aggressive policy in the Caribbean" is not clear. There were some policing jobs there that had to be done by somebody and the work is as distasteful to Americans as to anyone else. The announced policy of the United States is to withdraw as soon as conditions make it feasible. The United States, as President Hoover said, does not wish to be represented abroad by marines—and this without any reflection upon a fine body of officers and men.

If Argentina has not always been able to sway the other countries of the Pan-American Union to its views, that may be because Argentina's views need changing. The union represents the consensus of North, South and Central America, freely arrived at. There is evidence that the better-informed Argentinians know this and have neither fear nor jealousy of the United States, but instead genuine friendship.

The LEE SIDE O' L.A.

BY Lee Shippey

JIMMIE and Lucile Gleason will celebrate their twenty-fourth wedding anniversary August 24. No, we mean the twenty-fourth anniversary of their first and only wedding. One has to be very explicit in wording such sentences when he is talking about motion picture stars.

TWEET
TWEET!

Yet Jimmie and Lucile are not record-holders. There are many devoted couples in the acting profession who have been married a long time. George Fawcett, that grand old actor who still is going well, married Percy Haswell, herself a star at that time, in 1895. Otis Skinner, who has just completed making his stage success, "Kismet," for the screen, also has been married thirty-five years, his wife having been Miss Maude Durban. Joseph Cawthorn married Queenie Vassar in 1901. Thomas Meighan and Frances Ring also have been married a good while. And George Arliss, one of the greatest actors of both stage and screen, married Florence Montgomery in 1899.

Among the other happily married couples among the notables of filmland are the Harold Lloyds, Joseph Schenck and Norma Talmadge, the Buster Keatons, the Tony Morenos, the Jean Hersholts, Enid Bennett and Fred Niblo, the Monte Blues, the Conrad Nagels, the Jack Mulhalls and Corinne Griffith and Walter Morosco.

And of course one mustn't forget the Lawrence Tibbetts and their 10-year-old twin sons.

"Homes Per Capita"

A luncheon club orator is making the proud boast that "Southern California has more homes per capita than any other State or half-State in the Union."

Maybe it's statements like that which give Hollywood its undeserved bad name among people who never have seen it.

The Influence of the Bowl

Sarah Ellen Barnes says that Southern Californians ought to be the best-educated people, musically, in the world—that is, that the rising generation ought to be. If they're not, it's just their fault.

Miss Barnes is the lady who speaks over KFI the morning of every Hollywood Bowl concert, and certainly she has done much to educate many thousands. She sends people to the Bowl with understanding of what they are going to hear, of what every number on the program means.

The Bowl, Miss Barnes says, is our great educator, musically. It reaches several hundred thousand people directly and no one can say how many hundreds of thousands indirectly, via radio. It gives employment to more than 100 musicians and arouses interest which helps hundreds more to make a living. It "broadcasts" appreciation of music to such an extent that our radio and concert programs generally are of higher order than those in most cities. It inspires hundreds of women's clubs and other cultural organizations to feature good music and the study of good music.

With the co-operation of the public library, it inspires thousands of people to study the theory of music. The personalities of famous conductors and soloists give it an element of human interest which makes its appeal ever widening.

The Tribute of Silence

And one can believe all that Miss Barnes says when he sits in the Bowl, one of a crowd of 16,000 people, young old, rich, poor, but all so quiet that every note of the concert is clear and every word the singers utter understandable, if it's in a language you know. The people of Southern California already must have absorbed a great deal of the foundations of culture to pay that tribute of silence.

Those Deodars

Next time you are in the Bowl, turn to the east when the lights are out, toward the glow which rises from the city the hills shut out, and catch the silhouette of the grove of deodars on that hill. That grove represents the love of many friends of the Bowl. Five of the greatest of them were the gift of Agnes Ayres. Another was presented by Mrs. Carrie Jacobs Bond. The large group of somewhat smaller trees was given by the descendants of Senator Cornelius Cole whose ranch, Colegrove, became the southern half of Hollywood. Another clump was moved in from the once-famous gardens of Vista del Mar, where they were planted by A. G. Bartlett when Hollywood was only a few lemon groves. They were presented by his widow and her daughters. And still another group was given by Myron Hunt.

The Bowl committee gave its services in placing the trees, and when labor was needed it came through the generosity of Allen Balch.

The deodar, according to Charles G. Adams, who is on the landscaping committee of the Bowl, is the sacred cedar of the high Himalayas and its name means "the tree of God." Which is an appropriate name for the trees in the Bowl, as well as those in the famous Christmas tree lane in Altadena.

JUDICIAL NOMINATIONS

Two justices of the State Supreme Court, one of the District Court of Appeal and eleven judges of the Superior Court are to be nominated this year. Justice Preston and Justice Shenk are unopposed for the Supreme Court posts, but these splendid and upright judicial officers are deserving of a large complimentary vote and their names should not be overlooked on Tuesday's ballot. They will be returned to office for twelve-year terms. Justice York of the District Court of Appeal also is unopposed, and likewise deserves the support of the voters.

There is a contest for each of the eleven Superior Court judgeships, with two to four candidates in the field. Where there are but two candidates, the office will be filled at the primary, but where there are more than two a majority must be obtained for the leader to insure election; otherwise, the two highest candidates will face each other in November.

For office No. 1 Judge Arthur Keetch deserves re-election on his record and is, in the opinion of The Times, better qualified by experience and temperament than either of his opponents. These are Hugh Dickson and Ida May Adams.

Office No. 2 is being contested for by the incumbent, Judge Carlos Hardy, Municipal Judge Henry M. Willis, Municipal Judge Raymond I. Turney and Thomas R. Mould. Judge Willis appears to be the best selection here. He has had an excellent record in his present post, he is thoroughly qualified and his fairness and impartiality have never been questioned. Judge Hardy's record is somewhat marred by possibly unfortunate circumstances and interpretations, but in the main has been good. Judge Turney is somewhat lacking in judicial temperament and Mr. Mould is relatively untested.

For Office No. 3 there are two candidates, Judge John L. Fleming, the incumbent, and Charles A. Sunderlin. There is no reason for making a change here. Judge Fleming has filled his post for nearly eight years to the entire satisfaction of the county and is an upright and capable judge. Mr. Sunderlin has lived in the county only seven years.

Judge Harry R. Archbald is opposed for Office No. 4 by Eugene C. Jennings, L. H. Phillips and Henry W. Shaw, and here again there is no good reason for making a change. Judge Archbald has served for seven years with credit to himself and the bench and should be re-elected on his record and his long and honorable public career. However well qualified the other candidates may be, Judge Archbald is thoroughly so.

Judge Hartley Shaw, Office No. 5, likewise is opposed by three candidates, Edward S. Evans, Charles F. Reichs and Stanley Visel. He also has been on the bench seven years and his ability and experience are too valuable to lose. His record is excellent and he should be re-elected.

For office No. 6, Judge Edward T. Bishop, Roy H. Smith and Walter B. Thompson are the candidates. Judge Bishop was promoted in 1926 after splendid service as County Counsel and has been an excellent judge. There is no reason for supplanting him and every reason for retaining him.

Judge Frank C. Collier and R. C. W. Friday are the contestants for Office No. 7. Judge Collier is fearless, independent and one of the ablest men on the bench. It would be a serious mistake not to re-elect him. Apart from the fact that Friday was suspended from practice for six months two years ago on serious charges, The Times regards him as unqualified and believes that Judge Collier should receive a record majority.

Judge Hugh J. Crawford, a veteran of the bench, Municipal Judge Charles E. Haas and Municipal Judge Dudley S. Valentine are candidates for Office No. 8. All three candidates are qualified for the post, but on the whole there seems no reason for not continuing Judge Crawford in the place, where his record has been good, and his long public service deserves consideration.

For Office No. 9 Judge J. Walter Hanby appears to The Times to be preferred over Marion P. Betty, Marion C. Spicer and Municipal Judge Dailey S. Stafford. Judge Hanby was elected in 1924 and has won the right to a second term. There is no reason for a change.

Office No. 10 finds Judge William Hazlett opposed by Municipal Judge Caryl M. Sheldon and T. Frank Courtney. Judge Hazlett has served ably for four years and deserves re-election. While his opponents seem to be fairly well qualified, they should await a better opportunity. Nothing is to be gained by refusing re-election to such judges as Judge Hazlett.

For like reasons Judge Walter Guerin should be re-elected for Office No. 11. His opponent, Mrs. Oda Faulconer, is one of our ablest women lawyers and is well qualified, but not more so than Judge Guerin, whose experience on the bench must be considered. His record is excellent.

The principle that the service of a tried and experienced judge should be retained unless there are good reasons for a change, is a controlling one. The longer a judge serves, if he is a good judge, the more valuable he becomes to the public which he serves and it is the interest of the public, not that of particular individuals, that should receive first consideration. Public office, especially judicial office, should not be regarded merely as a means for making a living; the causes that come before the courts are too important for that. The duties and responsibilities of the post are heavy and experience is an extremely important qualification.

WHAT WILL WALES DO NOW?

A prince's lot is not entirely a happy one. He may be compelled to do so many things he does not want to do by circumstances over which he has no control. No one but the scion of a royal house may find his future domestic life made or marred by the persistence of his brother's wife in presenting him with nieces instead of nephews.

Such seems to be, however, the predicament in which that popular bachelor, Edward, Prince of Wales, heir to the throne of Great Britain, at present finds himself. The Duchess of York has given birth to another baby girl and Edward's cherished bachelorhood consequently is again in jeopardy. For though the two most brilliant rulers in English history were both women, the people still clamor for a king and frown on a female succession. And British royalty at any cost has to satisfy the desires of its subjects.

In deference to this popular demand—so the story goes and it has not been officially contradicted—the Prince of Wales agreed to take unto himself a wife should the Duchess's second child turn out to be another girl. Were the Prince free to choose for himself this would be no hardship. But since his choice is restricted to European non-Catholic royal families—among whom apparently he has been unable to discover the kind of wife he desires—his domestic prospects are none too bright.

Even in the line of kingly duty this vow is somewhat rash. Because there is no proof that Wales will be more successful than his brother in providing the nation with a future king.

Taking one consideration with another, unless the morganatic marriage bar is removed, the Prince might do better to stay as he is and continue to eschew matrimony. It was an Elizabethan era that laid the foundation of the British Empire. Why not give an Elizabeth the Second a chance to revive its falling fortunes?

WICKERSHAM ON CRIME

Chairman Wickersham of the President's Crime Commission has put forth another cryptic utterance for the press and public to puzzle over. Several times in the last couple of years he has made speeches subject to various interpretations, without making it exactly clear what he had in mind. He is on sound ground, however, when he makes the point that the present Federal courts are not well adapted to trial of minor cases. How the Jones and Dyer acts can be changed to apply to major offenders only, however, is a problem that Mr. Wickersham does not solve. The nation is hoping that the commission may be able to do so.

In the case of the Dyer Act it is plain that "mischievous boys" ought not to be branded as felons. But there was a brisk interstate commercial traffic in stolen automobiles before the Dyer Act was passed and no good way to get at the offenders under existing law. To differentiate between organized crime and a mere joy-riding prank, in many cases, requires a knowledge of all the circumstances and more discretion allowed to arresting and prosecuting officers than it might always be wise to permit.

It might not be objectionable to extend the discretion of the court, however, to declaring a particular act not a felony and this would solve part of the problem.

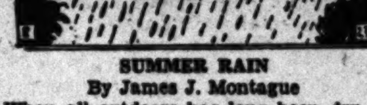
Public co-operation in law enforcement may be obtained, thinks Mr. Wickersham, "under proper guidance." He cited the war-time restrictions voluntarily assumed as an example. This is a problem of education and again Mr. Wickersham states it without offering a solution. Probably when the commission has concluded its work, the chairman and the other members may feel free to speak out frankly what is in their minds.

THE SILENT WOMAN

An English woman spoke some words of slander about a neighbor ten years ago and the latter committed suicide as a result of the story. The scandalmonger was repentant and made oath that she would never speak another word for ten years. The time was up the other day and the lady's tongue is loosed, but she still deeply regrets her ancient lapse. There must be some curiosity in England to see a woman who has not said a word in a decade.

BILLBOARDS

France has decided to get rid of billboards by taxing them to death. A levy of $24 a square meter is proposed. Since taxes keep some people from citizenship in California, we might capitalize the idea and try it on billboards. Bills would then have a highly specialized meaning in this form of advertising. And the chances are the traveling public might begin to see the scenery.



SUMMER RAIN

By James J. Montague

When all outdoors has long been dry,
And then, on hill and plain
The great clouds gather in the sky
And loose a silver rain,
In every hollow of the ground
Beneath the bush and brake,
And on the grass and all around
There lies a shining lake.
And here and there and everywhere
These tiny rippling bowls,
The kindly elements prepare
For babies' wading holes.

The water, scattered by the storm
Is sparkling, pure and sweet,
And not too cold and not too warm
For rosy wading feet.
And bending bushes, newly dry,
Are velvet to the touch,
With always plenty handy by
For little hands to clutch.
And although one may slip and fall,
And shriek with wild alarm,
A little water after all
Can do but little harm.

The grass and flowers love the rain,
It charms the happy birds,
And loud they pipe a glad refrain—
One almost hears the words.
The frogs and rabbits like it, too,
And gaily dance and leap,
For better than a little dew
Are pools two inches deep.
But babies with their wee pink feet,
And toes absurdly small,
When rain dissolves the summer heat—
They like it best of all.

Nebraska Tree Planting

LOS ANGELES, Aug. 15.—[To the Editor of The Times:] I wish to commend the position of Mr. Barnes and The Times on the subject of tree planting. It has undoubtedly done much for Nebraska. It was J. Sterling Morton (not Martin) who instituted "Arbor Day," which became a State tree-planting day each year in that State and was also adopted later by other States. I do not know about the giving of land free for the planting one-fourth of it in timber. But many took advantage of the "Timber Claim" act of the general government and proved up on quarter sections of land by having planted and cultivated ten acres of timber on each quarter. During the 'seventies there was a State law in effect that permitted a reduction to be made in taxes of landowners who planted windbreaks on their north and south lines. The Burlington Railroad Company also gave premiums to the purchasers of their lands who planted timber or who broke a certain per cent of the land and cultivated for some years. In later times there has been planting of pines and other forest timber in the sand-hill country of Northwestern Nebraska.

I suppose it would be hard to prove just how much effect all this tree planting has had on the amount of moisture conserved or the raising of crops. We know there has not been a severe drought for a great many years. There were formerly many dry years when practically nothing was raised, especially in Western Nebraska.

A FORMER NEBRASKAN.

Trees Did Not Live

LOS ANGELES, Aug. 15.—[To the Editor of The Times:] No one who has had occasion to study weather conditions, and especially rainfall, as I have, in many States and several foreign countries, can escape the conclusion that nothing which man has ever done has, in the slightest degree, interfered with the amount of rainfall, anywhere, or at any time. So far as we can discover the average amount of precipitation has remained the same, everywhere, at least as far back as records have been kept.

But man has, by deforestation and in other ways, so interfered with the run-off, as to create great loss and damage to many countries, in a way to justify the sternest measures to avoid such denudation.

I have seen the disastrous effects from cutting or burning the forest cover in Spain, China and many other countries, as well as our own, and, being a great lover of trees, have always done all in my power to increase their number and stop the destruction of those in place, where nature has set them.

Perhaps I should state here that to the best of my knowledge it is quite certain that the vast amount of tree planting in Nebraska, due to the timber claim and other laws, has done very little to increase the tree population of the State. I doubt whether one in a thousand has become established and is now living.

F. W. TAYLOR.

Forests and Rainfall

SAN MARINO, Aug. 15.—[To the Editor of The Times:] In your leading editorial article today you urge reforestation as a means of increasing rainfall and point to Nebraska as an example of its efficacy. You state that in 1885, twelve years after the tree-planting program started, the Nebraska rainfall had increased considerably and continued to increase thereafter. As to the increase between the years 1873 and 1885 there is no question, but as the same increase occurred in many other States where reforestation was not undertaken, there is no likelihood that reforestation played any part in Nebraska.

That the existence of forests somewhat retards runoff or rain is pretty well established. That it creates rainfall is equally well not established. Study of the effects of deforestation has as yet led to no evidence of decreased rainfall. Not infrequently one reads that the great floods of the Mississippi are due to deforestation. But this theory received a severe jolt not long ago when an old manuscript was found that described a Mississippi flood witnessed by De Soto in 1543.

Morton, Tree Planter

LOS ANGELES, Aug. 16.—[To the Editor of The Times:] During recent days dispatches stated that the State of Nebraska had passed through the heat and drought better than adjacent States because of the abundance of trees, planted thirty or forty years ago. And that conservation service was credited to Gov. J. Sterling Martin, just elected Governor in 1873.

The man referred to was J. Sterling Morton, active leader in Nebraska politics during the 1860's, but whose death occurred in 1872. It was Robert W. Furnas, who became Governor in 1873, and he was zealous then and for years afterward to carry out Morton's tree-planting program and inspiration. Morton was father of Paul Morton, nationally known as a railroad manager.

IMPROPER TRAINING

Little Mary, who was traveling with her mother in a Pullman, said, "Mother, I guess it isn't any use for me to say my prayers tonight."

"Why not, dear?" asked the mother.

"Because," replied Mary, "with all this noise God couldn't hear a word I said."—[The Pathfinder.

A WOMAN'S ANGLE

BY ALMA WHITAKER

I took a day off to visit some of our candidates . . . one should, you know, after fighting to get the vote as we did.

Mayor Rolph has a whole floor for the men at the Hayward Hotel, but shy femininity shouldn't wander there . . . noisy men with their hats on veiled in clouds of smoke and some using highly-colored language. So they hustled me up to the fourth floor, dedicated to feminine refinement . . . nary a cigarette in sight. But my welcome was cool, as I hadn't been quite nice in telling about Kathleen Michael not resigning from the district federation (dry) before becoming manager of the woman's division for Rolph (wet) . . . and they wanted me to know that Mrs. Michael had never accepted a penny for any political work she was doing . . . it was simply a good gamble for her, because she'd get a good State job from Mayor Rolph if he won.

"And what makes you say Rolph is wet?" I was asked indignantly. So I just winked and they grinned, and we didn't go into that any more.

"But suppose he is wet, could he do anything about it?" I asked them anent Rolph, over at the Young headquarters, where nice Lavinia Graham Timmons takes care of the woman's department. Lavinia is a member of Gov. Young's Social Service Commission, so she can defend Gov. Young and explain all his dullness away with fearful earnestness. They told me Rolph would get the Wright Act repealed right away if he got elected and do all sorts of other wettish things. In fact, I learned as many bad things about Rolph at Young headquarters as I had learned about Young at Rolph headquarters, so I'll have to find some one else to vote for for Governor, won't I?

Congress seemed the next important office. Is Joe Crail a good Congressman? All I know about him is his own pet story about the blue and pink bows that their mamma used to pin on Joe and Charlie to tell the difference, as they were so much alike. Joe says when he was naughty he would swipe Charlie's bow, so Charlie got the lickings. Slick little blue-bow baby. Remember, too, how he sort of concentrated on the parties and the clothes they wear, in Washington . . . I am always picturing him wearing a blue bow at the Capitol, and swiping somebody's pink one when there's any trouble.

Recently Joe told us he was a Hoover man, because the President had invited him to lunch at the White House . . . but he always voted to please himself. We tremble for Joe's judgment . . . considering his social complex. It might be so much safer if he just voted Republican. Suppose him elected on a prohibition ticket, and then kinda feeling he'd like to vote wet one day . . . phew! But Joe is most anxious for us to know he's no rubber stamp. I wish Joe had more brains . . . he has such a nice sister-in-law. It would be so easy to vote for his sister-in-law.

So I hied me to George H. Barnes, who seeks Joe's job. George is the ardent devotee of reforestation, the Green Cross, water conservation and all those things the club women stand for. He didn't say one word about clothes or social functions, like Joe does. Grandma Wakeman, shrewd old character student, led George to the platform herself and introduced him at that jolly Old Settlers' picnic at Plummer Park recently. I discovered so many nice, sensible dames who said they were going to vote for Barnes for Congress . . . Mesdames J. B. Lorbeer, Elizabeth Lloyd Smith (Harold Lloyd's mamma,) J. B. Lippincott, Alice Calhoun, Viola Friedman, P. T. Morrison (regent of the British Daughters,) Myra Belle Chapman, Evangeline Voss, Queen Boardman (of the National Flower Guild,) Lita Horlocker (the artist,) Lucita Pico Williams (Spanish pioneer family,) Mrs. Fred Lee and Mrs. Charles H. Gray of the P.-T.A., Mrs. Sheldon Shepherd, Mrs. W. W. Stilson of the D.A.R., Mrs. Charles Dodson Schoneman, Mrs. Florence Irish, Mrs. R. B. Loos (Anita's mamma,) Constance Balfour, Mrs. A. S. Wheeler of the W.C.T.U., Rev. May Taylor, Mrs. Frederick Walker Stith, Mrs. F. T. Bicknell (president emeritus of the Audubon Society) . . . and a dozen others who heard Joe Crail read what The Times said about him at the County Central Committee meeting . . . Joe having himself thus converted them to George H. Barnes.

So as I cannot vote for Joe's sister-in-law, it seems safer to vote for George.

A Cucumber Without Seeds

A cucumber that develops its fruit without pollination and hence its free from seeds, has been perfected by horticulturists at the New York State Agricultural Experiment Station in Geneva, and is now being offered to commercial growers for further testing. The new variety, which has been named Geneva, is of the forcing type, and in addition to other desirable characteristics it does not require the presence of bees in the greenhouse to procure a set of fruit as is the case with the common forcing types grown in this country.

Germany's Highest Point

The top of Germany's highest mountain, Zugspitz, will soon be accessible to tourists who do not desire to take the time and expend the energy to climb it. A line starts from the twin towns of Garmisch-Partenkirchen and starts as an ordinary railroad, climbs the steep slopes as a cogwheel railroad and finally, as a suspended cable railway, will make an ascent to the almost two-mile-high crown of Germany's highest mountain. The road will be about eleven and one-half miles long, and the suspension stretch will be about 1800 feet long. Stops will be made at several points. Nearly three miles of the railroad will be through tunnels, most of which are finished.

Hitch-Hike Girls Ask Probation in Theft Case

The journey of two girl hitch-hikers who started from New York City on May 21, last, for Los Angeles, ended in Superior Judge Wood's court yesterday, where they pleaded for probation on a burglary charge. The girls are Elsie Sigfried, 22 years of age, and Ruth Johnson, 21.

Represented by Thomas Anaya, attorney, the girls told Probation Officer Cope they reached Los Angeles on June 5, last, tired, penniless and hungry. Their efforts to obtain work proving fruitless, and being too proud to ask aid from eastern relatives and friends, they said they entered the home of Mrs. Virginia Newsom at 2429 East One Hundred and Tenth street taking clothing, jewelry and food. Their arrest followed.

The court granted the probation officer more time to investigate the case. September 5, next, was set as the date for hearing on the probation matters.

Man Held Here for Ohio Crime

James Glavas, alias Le' Roy, 30 years of age, suspected by deputy sheriffs of being Louis Pelay, scion of a wealthy family of Canton, O., yesterday was held in the County Jail on suspicion of a statutory offense and bail jumping, pending advices from the Ohio city.

Glavas, who, officers reported, denies he is Pelay, was arrested by Deputy Sheriffs Fitzgerald and Seth, at 945 South Parkview avenue.

W.C.T.U. TO PRAY

The Los Angeles Federation of the Women's Christian Temperance Union will hold a prayer meeting Monday from 1 a.m. to 4 p.m. at Trinity Methodist Church, Twelfth and Flower streets. The primary and the various candidates for office will be discussed.

OFFICERS NET FOUR AUTOISTS

Girl Player and Scenario Writer in Group Arrested on Intoxication Charges

Miss Hazel Sperling, 19-year-old actress, and Frank Dolan, scenario writer, were two of four motorists arrested late Thursday night and early yesterday for driving while intoxicated.

Miss Sperling, who gave her address as 367 North Orange Grove avenue, was taken in custody at Western avenue and Hollywood Boulevard, after being pursued by Hollywood officers. She was examined by Police Surgeon Lopivitch who said she had been drinking, then taken to the County Jail.

Dolan, according to Officer Goetting, drove his roadster at such a high rate of speed into a Pacific Electric street car that the latter was damaged to such an extent it had to be hauled away. Dolan escaped serious injury. After examination at Georgia-street Receiving Hospital he was booked. He said he lives at Franklin and Cherokee avenues.

The other two arrested on the same charge are Tom Smyers, 50 years of age, a carpenter, of 6244 Santa Monica Boulevard, and Lloyd J. France, 31, of 435 West Eighty-fourth Place.

At the County Jail yesterday Miss Sperling declared she was suffering from a toothache and was hastening home to place ice packs on her face preparatory to having the aching member extracted today. She denied emphatically that she was drunk.

Uke Ike Humble as Wife Fixes Price of Pride

"Don't call me 'mister,' and don't call me Clifford. I'm just plain 'Ukulele Ike,' and although my voice goes into the best homes, on the radio, I've got no social standing whatever."

Thus did Cliff Edwards, song writer and actor, dispose of his wife's plea that she had to have $250 a week alimony, to maintain her social position, and keep up appearances as Mrs. Irene Edwards. She made the plea in Superior Judge Westover's court, in answer to the suggestion of her husband's attorney, Roger Marchetti, that she might get along on less.

Edwards sued for divorce, and his wife replied with a claim to $150,000 she says is community property. Judge Westover took the case under advisement.

PROBATION HEARING IN TRAGEDY DELAYED

Hearing of the probation application of Agnes Day, Pasadena matron, who pleaded guilty to a charge of manslaughter arising out of a fatal automobile accident, was continued until September 12, next, by Superior Judge Schauer yesterday. The delay was granted to permit probation officers to make a more thorough investigation of the case. The defendant admitted running down and killing George Tatsube, 11-year-old Japanese, but said the child ran in front of her automobile and that the accident was unavoidable.

FEDERAL UNITS NEED QUARTERS

Port Activities Cause of Building Crisis

New Immigration Structure at Port Contemplated

Official Declares Report to Praise County

Because of rapid growth of activities at Los Angeles Harbor and the increase in the number of Federal import appraisers, the United States government soon will be compelled to erect a new building to house them, according to an announcement yesterday of William Arthur Newman, superintending engineer of the Treasury Department. Newman has been here for several days looking over sites for a new Federal building that is to be built in Los Angeles.

"Appraisers engaged in the handling of imports in Los Angeles now occupy 80,000 square feet of space in rented quarters on New High street," the official said. "It is imperative, because of the growth of the force, to increase this to not less than 100,000 square feet."

MUST GET QUARTERS

The government official is now arranging for new temporary quarters for the force for the reason the appraisers are compelled to move because of the extension improvement of Spring street.

Newman, who paid an informal call on the members of the Board of Supervisors, also said the government is contemplating a new immigration building at the harbor. A survey of conditions is now being made which will be forwarded soon to Washington.

Relative to the government's acquisition of land from the county for a new Federal building being sought for Los Angeles' Civic Center, Newman declared:

"I am returning to Washington to report a feeling of co-operation and utmost friendship toward the plan by the people and officials of Los Angeles county."

BUILDINGS NEEDED

According to building experts California has only 18 per cent of the Federal buildings it is entitled to, the lowest of any State in the country.

Before returning to Washington Engineer Newman said he will inspect sites for proposed postoffice and Federal buildings at San Francisco, Stockton, Modesto, Merced, Palo Alto, Watsonville and El Centro.

NEWSREEL HOUSE TO OPEN HERE

World Events Promised on Screen in Addition to Local Happenings

Today at noon the newest idea in theatrical entertainment, the Newsreel Theater, will open in the former President Theater on Broadway between Seventh and Eighth streets.

As its name implies, the Newsreel Theater makes its bid for public favor upon the exclusive showing of the world's events in film and sound. This form of entertainment is now in its second successful year at the Fox Embassy in New York.

Subjects of national importance announced for the opening program are: The arrival of Sir Thomas Lipton in New York for the yacht cup races, the defeat of Gallant Fox in the racing upset of the year, an escape of ten navy men from a sunken submarine, and the bestowal of a new Congressional Medal upon Lindbergh by President Hoover.

Local news events will also form an important part of every program, it is announced, and to facilitate the rapid showing of local news, a sound recording and camera car has been added to the equipment of the Newsreel Theater. Local events of major importance will reach the screen on the same day of their occurrence.

Orchestra at Circle Praised for Offerings

Abe Lyman and his orchestra, now appearing twice daily at the Carthay Circle Theater in conjunction with the showing of "Holiday," are receiving congratulations for their current offerings, according to the management.

Present selections run the jazz gamut from the broken-rhythm and "brassy-blue" tones of "Millenburg Joys," to the concert style of modern ballads.

"Skin" Young, and Frank Papila and Phil Neely are soloists.

"Holiday" and the new Lyman program are now in the third week of the current run.

Dancer Leads Vaudeville Bill

Nelly Fernandez receives top billing on the new vaudeville program at the Million Dollar Theater. Miss Fernandez presents typical Mexican dances. A team, Pepin Pastor and Margo Bolado, offer unique folk dances.

Heras and Wallace, tumbling comedians and musicians, gained a large share of applause on the bill. Rubin Beckwith is a panist of ability and Elmore and Esther in "The Cannibal" supply laughs. Claude De Barr and Helen open the bill.

Moran and Mack in "Anybody's War" provide screen humor.

LIBRETTIST AT WORK

Anne Caldwell, who wrote the story, dialogue and lyrics for the Radio Pictures' musical extravaganza, "Dixiana," is engaged in creating the book and lyrics for her next screen effort, "Half Shot at Sunrise."

LUTHER REED DIRECTS COMICS

Paul Sloane Will Shop in Europe for R.-K.-O. Stories; Universal to Costar Langdon and Summerville; Pathe Buys Plays for Two Players

BY GRACE KINGSLEY

Nowhere is there greater evidence of the fact that popularity trends are being narrowly watched than in the fact, just learned, that R.-K.-O. is shelving "Babes in Toyland" for the present. R.-K.-O. officials have decided that the old musical piece is too valuable a piece of property to take any chances with in these days when the public has turned thumbs down on musicals.

LUTHER REED

Luther Reed, who directed "Rio Rita" and other big R.-K.-O. musical successes, has been given another assignment, and Anne Caldwell, who wrote the new lyrics, is also being placed on a different picture.

Bert Wheeler and Robert Woolsey, in the meantime, are being provided with a story which Luther Reed will direct. It is to be titled either "In Society" or "Sherlock and Holmes," and will be a special, containing some musical features. In it the two favorites will play detectives.

Dorothy Lee is to have the leading feminine role, but so far no other cast selections have been made.

The story was written by Luther Reed, Ralph Spence and Tim Whalen.

PAUL SLOANE WILL TRAVEL TO EUROPE

It being fashionable these days for directors to travel to Europe in search of stories, we aren't surprised to learn that Paul Sloane, whose first comedy production, "The Cuckoos," divides honors with "Rio Rita" as a Radio money maker, is leaving shortly for Europe to look for stories and plays.

Sloane will accompany William Le Baron, R.-K.-O. head, and both are to enjoy a combination vacation and business trip. They are to confer with Ferenc Molnar, George Bernard Shaw, H. G. Wells, Jacob Wasserman and other titans of the European play and literary world.

Evidently Le Baron, in charge of production, is to lean heavily on dramatic subjects for his new program.

Upon Sloane's return, he is to direct "Big Brother" with Richard Dix starred, following which he will film one of the works to be produced by the European writers with whom he and Le Baron will confer. In Budapest he will discuss a story already finished, the work of Lajos Biro, which has been written especially for Sloane. Biro while in Hollywood wrote several productions for First National and Paramount.

Sloane, who also directed "Half Shot at Sunrise" and "Hearts in Dixie," expects to return the latter part of November or before, and to go into production with the Dix starring vehicle by December 15.

Pathe Head Arriving

E. B. Deer, president of Pathe, arrives in town tomorrow. A wire from him to the Culver City studio informed officials there that they were to prepare for a heavy production schedule beginning early this fall.

He also reported that he had bought four successful New York plays to serve as vehicles for Ann Harding and Constance Bennett, two for each. He did not divulge their names, however.

UNIVERSAL COSTARS TEAM IN NEW FILM

It looked like a foregone conclusion that Universal would costar Harry Langdon and Slim Summerville in a series of comedies, so excellent were the reports concerning their work in "See America Thirst," directed by William H. Craft.

HARRY LANGDON

This is in fact, the purpose of Universal, according to information received yesterday. So far, however, no story has been selected, but the scenario department is even now conferring regarding a theme.

Esther Ralston Comes Home

Beautiful Esther Ralston is coming home to Hollywood for a rest following a forty-week tour in vaudeville, during which she played the Palace in New York twice. She will arrive here on the 30th inst. and will stay at her Whitley Heights home. She is accompanied by her husband, George Webb.

ESTHER RALSTON

Miss Ralston has received several offers for pictures, and may accept one of them, although she confesses the stage provides a strong lure. She has also received an offer from Lee Shubert to appear in a dramatic piece this winter, and another from Earl Carroll for a musical. She still has twenty weeks to go in vaudeville, unless she can postpone the engagement.

Skeets Gallagher in It

That charming comedian, Skeets Gallagher, has just been cast for a featured comedy lead in Jack Oakie's Paramount starring vehicle, "Merton of the Talkies."

Gallagher has given a distinguished account of himself in all the Paramount pictures in which he has appeared, and it is said will be given an unusual opportunity in the "Merton" picture.

Barry Norton in Cast

Now that the Spanish pictures are in, Barry Norton isn't having an idle moment. He has just been cast for the leading juvenile role in Universal's Spanish version of "East Is West," in which Lupe Velez is starred.

SPANISH MUSIC SWAYS AUDIENCE

Madrid Conductor Wins with Own Composition

Turina "Orgie" Introduced by Senor Arbos

Kathleen Parlow Interprets Lalo with Spirit

BY ISABEL MORSE JONES

Senor Arbos of Madrid gave his second concert in the Hollywood Bowl with the assistance of Kathleen Parlow, violinist. Both pleased a large Friday night audience which was drawn to the Bowl by an unusual program with a decidedly Spanish cast. The Prelude from Act 1 of "Lohengrin," an "Arabian Night" by Arbos, "Orgie," by Turina, "Les Preludes," by Liszt, the Lalo Symphony "Espagnole" for violin and Weber's "Invitation to the Dance," comprised the concert list, with the repetition of the Arbos number and the playing of Bach's "Air for the G string" by Miss Parlow for encores.

The deliberate tempo taken by Arbos in Wagner, Liszt and Weber permitted clean and satisfying playing from the orchestra and enabled this competent conductor to build a progressive increase in tone and intensity. He established his musicianship in these numbers, played a self-effacing and understanding accompaniment for the soloist and won all listeners with the novelties from Spain, "Orgie," by Turina and "Arabian Night" from his own pen.

Kathleen Parlow, who now resides at Mills College, has an international reputation as a violinist of achievements. In compliment to the Spanish character of the Arbos programs, she chose the popular Symphony "Espagnole." It proved to be an admirable vehicle for a varied and interesting temperament. The unmistakable enthusiasm of the audience after her performance attested to a liking for a stringed instrument as soloist with the orchestra.

The last performance of Kathleen Parlow in this city was, I think, as soloist with the Women's Symphony Orchestra a good many years ago. It was soon after her emergence from the celebrated studios of Leopold Auer. Her playing has become very much more characteristic since then and she has lost none of the brilliance of her technique. She is a Scotch-Canadian by birth and has acquired a certain breadth and warmth in tone, possibly by her California residence.

She is an outstanding violinist and the vigor and clarity of her performance last night renewed the splendid impression she made upon her first appearance. Her encore to which she responded with the Bach Air for the G string, was given in answer to persistent demand as the delighted audience brought her back again and again. Miss Parlow is a musical acquisition to be proud of in California and her immediate success with thousands of Bowl listeners promises future triumphs for her here, should winter performances be arranged.

Whale Hunting Portrayed in Warner Film

Whales were once the floating oil wells of the earth. The lights in a million homes were fed by the fat of these great creatures. In the days of "Moby Dick," portrayed in the Warner picture showing at Warner Brothers' Downtown Theater, whale oil was as valuable a product in every-day life as gasoline and fuel oil are today, it is said.

This is what made the sailors of those times risk lives to capture the leviathans of the ocean. A single whale would yield many tons of pure fuel oil.

John Barrymore has made use of the Melville novel in his latest picture and the fabulous chase after the white whale by the mad Capt. Ahab offers spectacular and dramatic incidents.

ALMA REAL AT M.-G.-M.

Alma Real, who recently completed the duenna role at Warner Brothers in "Captain Thunder," has been signed to play the mother of Kent in M.-G.-M.'s Spanish version of "The Big House."

FILM PLAY PREPARED

George Cukor, who with Cyril Gardner will co-direct "The Royal Family," is in daily conference with Herman Mankiewicz on the screen adaptation of the stage success in which Ina Claire and Frederic March will work.

Screen Reflects Dramatic Story

Constance Bennett and Lew Ayres
In a scene from "Common Clay," which continues its first-run showing at the Boulevard Theater. The film will remain until Wednesday night.

"OLD ENGLISH" ANNOUNCED

Another important production scheduled for Greater Talkie Season is the latest film vehicle of George Arliss, John Galsworthy's "Old English," which starts at Warner Brothers Hollywood Theater Friday.

"Old English" was one of Mr. Arliss's most beloved stage characterizations and is considered by some as the most successful of all Galsworthy's plays. In its transcription to the talking screen the original play has been followed closely, it is said.

It will be remembered that "Disraeli" was the prize production of 1929, according to a popular vote, and because of his work as director, Alfred Green was also voted the best director of 1929. With this in mind Warner Brothers have kept the same combination together.

Doris Lloyd, who was also seen in "Disraeli," again has a prominent role in the new film as has Leon Janney. The remainder of the cast is English and includes Betty Lawford, Ivan Simpson, Reginald Sheffield, Harrington Reynolds and Murray Kinnell.

"Old English" follows "Top Speed" into Warners' Hollywood.

KOLB AND DILL WILL PLAY HERE

Noted Comedians Booked at Hollywood Playhouse in "Good Old Days"

C. William Kolb and Max M. Dill, the two popular comedians, will appear at the Hollywood Playhouse, starting Monday, September 1, next, in "The Good Old Days." This farce-comedy was written for the actors by Aaron Hoffman, and it has been one of their most popular humorous vehicles.

Kolb and Dill have been stage partners for thirty-one years and their association with the Pacific Coast began with the production of "Fiddle Dee Dee." They have co-starred in eighty-seven comedies and musical productions, among them such pieces as "Lonesome Town," "The High Cost of Loving," "Playing the Ponies," "I. O. U.," "Peck o' Pickles" and "Queen High." In "The Good Old Days" they are seen as partners again.

Rehearsals for "The Good Old Days" already are in progress under the supervision of Kolb and Dill. It is probable that Julia Blanc, well-known character actress, will be seen in her original role of Fritzie Wagner.

DUKE ELLINGTON TO APPEAR AT OLSEN'S

Duke Ellington and his band, recently featured in the "Ziegfeld Follies" and now under contract to R.-K.-O. studio for the new Amos 'n Andy picture, will be the guest orchestra at George Olsen's Club, tomorrow night, appearing for a special interval during the program. Ellington and his syncopators scored with Maurice Chevalier in his original song revue at the Fulton Theater, New York.

Trouble Finds Happy Ending in New Farce

"Old Man Trouble," garbed in the habiliments of comedy, is the patron saint, the motif of "It's a Wise Child," David Belasco's comedy now playing at the Belasco Theater, where the original cast is seen.

"It's a Wise Child" is a tale of the emergency which confronts a representative better-class American family when one of the lesser members encounters misfortune. At first it is a minor happening, but as its influence spreads more and more persons are involved until both the social and business life of the town is drawn in.

The notable cast includes Minor Watson, Harlan Briggs, Sidney Toler, George Walcott, Mildred McCoy, Porter Hall, Joseph Striker, Leila Bennett, Helen Lowell and Olga Krolow.

SUPERVISOR SAYS EXPERIENCE BEST

The college of experience is superior to the literary curriculum of universities in training actors, playwrights and directors, according to Robert Lord, who has had both. Lord supervised the production of "Top Speed," now showing at Warners' Hollywood Theater.

POWER OF PEACE TOLD IN PICTURE

"Fragment of an Empire" Presented on Screen at Filmarte Theater

BY ELENA BOLAND

In exposition of Russia's national as well as cinematic progress there came last night to the Filmarte "A Fragment of an Empire."

As is prevalent among most Russian releases, conflict is waged between war with its overlords and peace with its love of labor. But this time a method opposite to the general one is employed. The futility of war is felt through what is shown of the power of peace. This is in contrast to the usual suggestion of peace through an account of war.

There is a story to "A Fragment of an Empire" told by Frederick Ermler, director, with magnificent simplicity and restraint. It is of a shell-shocked soldier who escapes the war's end and the succeeding revolution because he has lost his memory.

Only when he sees a face in a train window, his wife's face, does recollection return. And with it comes a knowledge of the city where he lived. His journey then is homeward, to find his mate and take up life where it had been cut off.

The story of his return furnishes only a thread to which are tied all the secrets of Russia's reconstruction. Her lost aristocracy, her feudal system of lord and master, are torn down and shown to this man's eyes in diabolical irony. And to his bewildered, nonunderstanding mind is explained the new Russia, a land where might is men and machinery—labor.

The amazing thing about this film is the clarity and continuity of its idea progression, declaring fact through means of the abstract. Only a few odd sequences fail to establish an instant association, and this because of blurred technicalities.

Russia's biggest contribution is its oneness with the soil. There is a pity and a power in it.

A performance which transcends all limitations of the theater or the camera is given by Feodor Nikitin, who plays the lone and wandering soldier. He becomes more than a man, he is the spirit of Russia.

Yacov Goodkin, though appearing solely in the beginning and in the end, symbolizes splendidly the joy of new-found freedom.

Because it touches universality and because it attains artistry, "A Fragment of an Empire" represents an achievement of high standard.

The accompanying short revival is "Her Indian Lover," featuring Dorothy Davenport in a series of wild moments.

"POOR NUT" OPENS RUN TOMORROW

Elliott Nugent to Star in Comedy of College on El Capitan Stage

"Greater theater season" opens tomorrow matinee at El Capitan with the comedy, "The Poor Nut," starring Elliott Nugent, who is supported by most of the original New York cast.

Written by J. C. and Elliott Nugent, "The Poor Nut" has been hailed as one of the most humorous college comedies. A relay race, incident in the second act, provides the spectacular high light. In this scene, in addition to twenty principals, a cheering section, runners and cheer leaders bring the cast up to more than sixty.

Supporting Nugent will be Norma Lee, Ruth Nugent, Percy Helton, Cornelius Keefe, Eric Kalkhurst, and Russell Scott, all members of the original cast, and also William H. Turner, Vesey O'Davoren, Edward Seabrook, Dorothy Cecil, Harold Hargrove and Donald Campbell.

ROMANCE CHILD'S KIN HUNTED

Foster-mother of Forty-Year-Old Woman Clings to Life in Hope that She May Find Real Parents, Who Have Not Seen Daughter Since Birth

Love bloomed in the hearts of a boy and girl of high-school age near Lincoln, Neb., forty-two years ago.

They were married in secrecy and a baby daughter was born to them at the home of the 16-year-old mother's sister. The baby was named Jenny and placed in a private foundling home operated by a woman named Dr. Parish, now dead.

Today in Los Angeles there is a 75-year-old woman being kept from death, according to her physician, by the hope that the baby's parents will be located—or at least their names learned.

She is the foster mother of the child. She and her husband took Jenny from Dr. Parish two weeks after the baby was left in the foundling ward, changed her name and asked that the name of the parents be not revealed to them—they wanted to sever all ties that the child may have had in Lincoln and to raise it as their own.

They have succeeded in this, but in the last few years they have grown to believe that they are not treating the child—now a woman more than 40 years of age—fairly in withholding from her that she is not their own.

But they do not want to tell her until they can tell her who her parents are—if they are living. They have employed private detectives and inserted advertisements in newspapers throughout Nebraska, but to no avail. Because of their attitude toward their foster daughter they ask their names be withheld believing the name of the doctor will be sufficient to the proper persons for identification.

The adopted child today is a talented musician. The foster parents learned that the young mother also was a musician.

They hope, if the parents are dead, that some member of the family—for they learned in later years when the parents returned to Dr. Parish's home to try to trace their child that the young couple had at least two more children after their marriage was made known—still lives and will come forward to establish the true identity of the baby named Jenny.

MAN JAILED FOR FIRING AT SPOUSE

Suicide Balked as Father of Nine Arrested After Shot Shatters Window

Harry Farris, Sr., 45 years of age, of 213 Theresa street, was locked up at Lincoln Heights Police Station last night, accused of having attempted to shoot his wife and himself.

The Farrises, who have nine children, separated last April. The husband later made efforts to effect a reconciliation with his wife but was not successful.

Yesterday he went to the back yard of his home, police were told, and fired at his wife through the window of the kitchen. The bullet was deflected, but a piece of glass from the shattered window slashed Mrs. Farris's head.

Detective Lieutenant Hoy found Farris on the street not far from his home. As Hoy placed him under arrest Farris attempted to shoot himself, but the trigger of his revolver jammed. He was locked up in jail on a charge of assault with a deadly weapon.

Mrs. Farris's wound was treated by an ambulance surgeon and pronounced not dangerous.

Four Hop Off Tomorrow in Nonstop Race

Four of the five pilots entered in the nonstop air race from Los Angeles Metropolitan Airport, Van Nuys, to Chicago stated last night that they expect to take off on the 1725-mile dash early tomorrow morning.

Lee Shoenhair, Wiley Post, Roscoe Turner and Bill Brock—all flying Lockheeds—believe their ships will be ready to take to the air in time to get them to the 1930 National Air Races at Curtiss-Wright Field, Chicago, tomorrow afternoon.

Art Goebel, the fifth contestant, will not have his ship ready to start with the others, but the race will be determined by elapsed time and the pilots have the choice of anytime in the next nine days.

Injured Bather Saved from Sea by Policemen

By a "Times" Staff Correspondent

LONG BEACH, Aug. 22. (Exclusive)—A heroic night sea rescue of an injured bather was accomplished tonight by two policemen when Edwin A. Thorp, 28 years of age, 911 East First street, was pulled from the surf at the foot of Alamitos avenue.

Detective Sergeants Vance and Payne were called to the scene by residents. They found Thorpe clinging to a log in the swirling water.

A high tide was battering him against a sea wall that fronts the ocean at the point. He was nearly unconscious. Vance undressed on the beach, dove through the breakers and brought Thorp ashore while Payne assisted in directing a police car searchlight on the stunned bather.

Thorp was able to return to his home after receiving emergency treatment.

Bullet Enters Kitchen Door

A "mystery bullet" with only enough momentum to carry it through the screen door, fell near Saberio Caliguiri last night while he was in the kitchen of his home at 3230 Manitou street.

Caliguiri could not learn where the bullet came from, nor could the police of Lincoln Heights Station. The latter finally decided it was a "stray" fired a long distance away, and had accidentally entered Caliguiri's kitchen.

PEDESTRIAN STRUCK BY AUTO MAY DIE

Struck down as he was walking acros sthe intersection of Eleventh and Main streets last night, Louis Markou, 42 years of age, 1625 Gower street, was critically injured. His skull was fractured, Georgia-street Receiving Hospital surgeons reported he may die. Harold Philips, 328 Karton street, Hawthorne, driver of the automobile that struck Markou, was not detained by police.

WATER PROJECT STUDY ORDERED

Chamber Names Engineers to Check Plans

Berkey, Lippincott and Hill Picked for Task

Commissioners Notified but Withhold Action

Selection of a consulting board of three engineers by the Chamber of Commerce to go over the engineering and geological features of the $38,800,000 water development program by the city was announced to the Board of Water and Power Commissioners yesterday.

Those selected, according to a letter from President Austin of the chamber, are: Dr. Charles P. Berkey, professor of geology, Columbia University, and Louis C. Hill and J. B. Lippincott of Los Angeles.

The commissioners received the announcement but withheld action on it until next week.

FOLLOWS PRECEDENT

The selection of the board to go over the water program under the $38,800,000 water bond issue voted last May is in line with the action of the chamber in selecting a group of engineers to investigate and study the power development program under the proposed $19,000,000 power bonds to be submitted at the November election. The chamber has not taken action as yet on the report of the consulting engineers on power.

Dr. Berkey is also consultant on geology for the New York City Water Board. This is the organization for which Thaddeus Merriman, employed by the Metropolitan Water District to consult on the Colorado River aqueduct, is engineer.

PREVIOUSLY CONSULTED

Mr. Hill and Mr. Lippincott are well-known engineers. Both have been employed by the department before in a consulting capacity. Both, in fact, were on the consulting board which already has reported on the Mono Basin project. One of the chief matters that will occupy their attention will be that phase of the general water program, including the feasibility of the proposed eleven-mile tunnel under Dead Man's Summit.

REPORTED ON DAM

One of the outstanding pieces of consulting work in which Mr. Hill has been interested in recent years was as a member of the board of three engineers that reported for the city on the collapse of St. Francis Dam. Mr. Lippincott was a member of the consulting board, retained by the Board of Supervisors for the flood control district, to be consultants in all flood-control projects in the county. As soon as the contracts for the ill-fated San Gabriel Dam were let, the board was abolished as no longer needed. Mr. Lippincott was also one of the consulting engineers in the early days of the Aqueduct.

Chef Wyman's RECIPES

The Times' free cooking school conducted by Chef Wyman has been discontinued for the summer. Date for resuming has not been set but will be announced later.

HUNGARIAN CHICKEN AND RICE

A three and a half-pound chicken, one-fourth cupful of chicken fat, one medium-sized onion, chopped, one cupful of rice. Cut the chicken in pieces for serving, heat the fat in the Dutch oven, and as soon as melted, add the onion, and one tablespoonful of chopped parsley, and fry until a golden brown. Remove the onion, and reserve, then fry the chicken in the fat until well browned on both sides. Season with salt and paprika, and add just enough boiling water to cover. Cover tightly, and let simmer slowly for about one hour. Soak the rice in cold water, drain, add the onion and parsley, and gradually add three cupfuls of the chicken broth. When the rice is tender, place in a baking dish, cover with the chicken, place in the oven, and bake slowly for thirty minutes.

CHEESE SOUFFLE

Two cupfuls of whipped cream, one tablespoonful of gelatine, three tablespoonfuls of cold water, one pound of American cheese, grated. Dissolve the gelatine in cold water, then dissolve over hot water, add to the whipped cream and beat until light and fluffy, gradually adding the cheese. Place in a mold, that has been rinsed out in cold water, and allow to harden. Cut in slices, and serve with a green salad.

SCOTCH WOODCOCK

Four chicken livers, boiled, two tablespoonfuls of anchovy paste, two tablespoonfuls of butter, the yolk of one egg, a few grains of cayenne pepper, two egg yolks, one cupful of cream, one-half teaspoonful of salt. Mash the chicken livers to a paste, adding the anchovy paste and butter, cream well, add the yolk of an egg well beaten, salt, and cayenne pepper. Spread this mixture on toasted bread, and place in the oven to keep warm. Place in a double-boiler the yolks of the two eggs, that have been beaten and stir slowly into them the one cupful of cream. Allow this to cook slowly for three minutes. Remove the toast from the oven, and pour over this sauce.

DELICATE ZWIEBACK

The yolks of six eggs, one cupful of sugar, one teaspoonful of anise seed, one cupful of flour, two teaspoonfuls of baking powder, the whites of six eggs. Beat the yolks until thick and lemon colored, and add the sugar gradually and continue the beating. Sift the flour, and baking powder together, pound the anise seed fine, and add to the mixture. Combine the two, then cut and fold in the whites of the six eggs, that have been beaten stiff. Bake in a long, shallow pan, that has been oiled and floured, and bake in a slow oven. When baked a light brown, remove from the pan and keep in a dry, cool place until the next day, then slice the cake thin, and toast it on both sides. Dust with powdered sugar.

CLERK ACCUSED IN FUND FRAUD

Imy, Chief Aide of County Architect, Jailed

Pay-Roll Padding Charged in State Complaint

Note in Asserted Suicide Attempt Held

Harold Imy, 34-year-old chief clerk of the County Architect's office, was placed in the County Jail last night on charges of forgery and embezzlement brought in a complaint filed by the District Attorney.

The complaint, drawn by Dep. Dist.-Atty. McIsaac, charges Imy with twenty-two counts of grand theft of county funds amounting to approximately $5500. According to McIsaac, he has obtained evidence indicating that Imy has been "padding" the payroll of his department for nearly two years.

STATEMENT REFUSED

Following his arrest, Imy was questioned by McIsaac but refused to make any statement on the charges. He was then booked and placed in jail to await a hearing.

The matter was brought to the attention of the District Attorney's office by John Stevens, a member of the Municipal League.

In the investigation that followed discovery was made that Imy had carried the names of four fictitious mechanics on the pay roll at different times, making vouchers for special mechanical work, according to McIsaac. Investigators assert they found one of the addresses given to be a vacant lot and in no place were the men known.

NOTE DISCOVERED

Imy is recovering from an attempt to end his own life by turning on the gas in his home at 1741 Van Horne avenue Thursday night, McIsaac asserts. As a result of the asserted death attempt, District Attorney's investigators obtained possession of a farewell note which will be held as evidence against Imy. The note is addressed to Karl Muck, county architect.

In it Imy states "I have betrayed a great trust. Forget me," according to McIsaac.

Error on Fowl Scored by Negro

When William Wilson, 30-year-old Negro of 3310 Hooper avenue, got into the chicken coop at the home of Mrs. W. Mainquist at 300 North Alvarado street, early yesterday morning he made a mistake. He grabbed what he thought was a hen and the hen crowed.

Mrs. Mainquist and Mrs. Mattie Fox, 74 years of age, rushed out. They tried to hold Wilson, but he broke loose.

R. H. Loring and E. L. Mailin, neighbors, hearing screams for help, rushed out and quickly subdued the prowler and turned him over to detectives who placed him in the City Jail on suspicion of burglary.

Jury Convicts Two of Hold-up

A verdict of guilty was returned yesterday against Arthur Adams and George Councilman, tried before a jury in Superior Judge Morton's court on a charge of first-degree robbery. The men were accused of holding up E. W. Zimmerman, a filling-station operator, at Hoover and Ninety-second streets on May 30, last.

The trial lasted one day. Because firearms were used in the robbery, probation was denied. Judge Morton will impose sentence next Wednesday.

SLEEP ON JOB COSTS POSITION AND WIFE

Roy L. Heaton complained to his wife, Lillian Mary Heaton, that he couldn't get a job. She got him one, according to her testimony in Superior Judge Hanby's court yesterday. But Heaton went to sleep and the boss "fired" him, the plaintiff continued, so she had to support him. The divorce was granted.

YOUR BABY and MINE

By MYRTLE MEYER ELDRED

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

This department offers leaflets on weaning and feeding the child from 6 weeks to 6 years, prenatal care and diet for the nursing mother, constipation, eczema, outfits for the new baby, sleeping, walking, teething, thumb sucking, ammoniacal urine, bed wetting, training in cleanly habits, periods of nursing, cod liver oil, orange juice, hives, worms, vomiting, refractory children, prune juice, lime water, rupture, styes and boils and cradle cap. Before asking a personal question about one of these subjects, it is better to send a self-addressed stamped envelope for the leaflet you need. If your particular problem is not covered in the above list, Mrs. Eldred will be glad to give you a personal reply.

FEW MODERN PARENTS MAKE USE OF BABY SPEECH

The parent who babbled foolishly, "Put up your itsy tootsie and let mama put on your little shoeeywooey," is happily no more. The undesirability of baby talk has been too much publicized for her to be able to use it without feeling silly. But it isn't unusual to find whole families adopting the mispronounced word haloed by the baby's amusing use of it, and making it common property. So long as a family does this the child cannot possibly improve his pronunciation, or even become aware that the word is not what he has called it.

When he goes to school he is burdened with a vocabulary that is only understood by his own family. Shouts of mirth go up when he solemnly says, "That's his ruggers." This is enough to develop a fierce aversion toward school and the derisive souls within it. All his small life "rubbers" have been "ruggers" and he doesn't know them by any other name.

The continuous use of baby words for toilet habits is familiar to all of us. Some inverted sense of modesty leads the mother to manufacture a word imitative of a sound and teach this to the child instead of the right word, or at least a word indicative of his needs. The word is always just as obvious to the hearers as the right word but it sounds less bald to the mother and she continues its use throughout the years of childhood. These habits are so difficult to shake off that we are often treated to the amusing spectacle of an adult who knows only baby words for the eliminations of the body.

Our end and aim, in speech as in every other development of the child, is an intelligent adulthood! Anything which acts as a stumbling-block toward that achievement is to be discarded, even if the mother herself can see no harm in it.

There is harm in teaching a child any word for which he has no permanent use. There is harm in continuing the use of a word which is not intelligent to everyone. There is harm in perpetuating an amusing but erroneous pronunciation until it becomes more real to the child than the right one.

Learning is hard enough for any child, certainly he should not be burdened with two sets of learning, one for his infant and one for his adult years. If a word is difficult of pronunciation the child will work toward the right one if he has the encouragement to do just that. He'll stand still in development if the word goes uncorrected and serves its purpose no matter how distorted.

Slovenly speech, lisping, the elimination of important consonants may be present with the tiny child. We should not expect perfection of him, but such speech should be only temporary and discontinued as soon as the child is capable of clearer and better speech. In order to make such speech possible the parent has to speak to him in a manner to encourage imitation, and the model must be perfect before the imitation can possibly be.

WHEN THE SANDMAN COMES

A Bedtime Story

by THORNTON W. BURGESS

REDDY FOX LOOKS FOR IMPY

Be patient, if you have the will;
You may perchance your stomach fill.
—Reddy Fox.

That which is unusual is a matter of news, and news always travels fast and far. This is just as true among the little people of the Green Forest and the Green Meadows as in our own human world. Impy, the black Chipmunk, was unusual; he was very unusual. So, as soon as he showed himself outside the home and the secret was thus out, the news of it traveled fast. It reached the Old Pasture, where lives Reddy Fox.

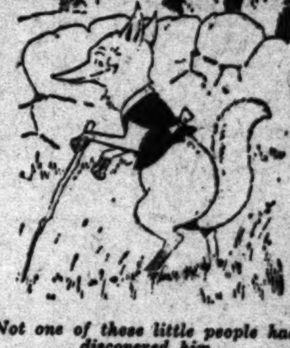
"So Striped Chipmunk has a black-coated son," said Reddy. "If I had not had a black-coated son myself once, I would not have believed this. However, as I know that Red Foxes sometimes do have black coats, I see no reason why a Chipmunk should not have a black coat instead of a striped one. I must see this little fellow. He probably will be just as good eating as if he had a striped coat." Reddy looked at Mrs. Reddy and grinned when he said this.

"Do you think, my dear, that it is wise to be seen so near Farmer Brown's in broad daylight?" inquired Mrs. Reddy.

Reddy chuckled. "I propose to see and not be seen," said he. "I shall go over there when I know that Farmer Brown and Farmer Brown's Boy are not at home."

The very next morning Farmer Brown and Farmer Brown's Boy drove to the village. Reddy saw them go. At once he thought of Impy, the black Chipmunk, and started straight for the old stone wall along one side of the Old Orchard. He approached it from the end nearest the Green Forest. By keeping close to the old wall, along both sides of which grew bushes, he had no trouble in keeping out of sight from Farmer Brown's house. Of course, he didn't know exactly where Impy lived, but he did know that Striped Chipmunk was Impy's father and he felt sure that that would be the most likely place to find Impy.

Now, Reddy was rather fortunate. He had escaped the sharp eyes of all the feathered folk who live in the Old Orchard. Not one of these little people had discovered him. So there was no one to give warning that he was about. This was an excellent thing for Reddy. He had feared that Sammy Jay or some other sharp-eyed feathered person would see him and give the alarm. He knew that in that case all the Chipmunks within hearing would become very, very watchful and careful.



Not one of these little people had discovered him

Reddy made his way along beside the old stone wall until he reached a place where some stones had fallen from the wall. A Chipmunk running along the old wall would have to jump down at this point; and that meant that there would be an excellent chance for a smart Fox.

"I'll wait right here behind one of these big stones," thought Reddy, and at once proceeded to make himself comfortable behind the largest of the stones. He was where he could watch the old stone wall in both directions.

"Patience does it," muttered Reddy. "If, when I was young, I had not learned the value of patience, I should have gone hungry many more times than I have. There are times when you cannot go to things, but things may come to you. A little patient waiting often satisfies hunger. I hope that is going to be the case this time. Tender Chipmunk is very good eating. It is a long time since I have tasted Chipmunk; but perhaps I shall have a chance today. I do hope that black Chipmunk will show himself. I wonder if he is as black as they say he is."

Health and Diet ADVICE

OKRA OR GUMBO

Okra is a hairy plant of the mallow family which also includes the cotton plant. Only the seed pods of the plant are eaten and when green they make an appetizing dish if stewed in plain water. The pod is 90 per cent water and contains goodly amounts of both sodium and lime, making it an alkaline-forming food. It is a very wholesome, nonstarchy vegetable and once a person becomes accustomed to the slippery mucilaginous property he enjoys the taste and finds it a most agreeable vegetable. This quality is the basis of the success of okra in the Southern States.

Okra is largely used in soup, in chicken gumbo, rice gumbo and other equally famous dishes. If you cannot obtain the okra fresh in your district you can probably obtain it in cans and it is good either way. Here are some recipes you should try:

Okra Soup

Five small carrots, three tomatoes, one large bunch of parsley, one-half pound of okra, celery salt and water. Boil until vegetables are tender and serve.

Okra and Corn

Okra may be combined with corn, using equal quantities of both and using either fresh okra and green corn cut from the cob or using the canned variety of both. Place in a baking dish and cook until the okra is soft.

Okra, Celery and Tomatoes

A good vegetable stew can be made by cooking equal parts of chopped okra, chopped celery and chopped tomatoes together.

Stewed Okra

Cut off the stems of the okra pods and boil in slightly salted water until soft, then remove the lid and allow the water to evaporate and stir in a lump of butter. Prepared in this way, okra may be used either hot as a fresh vegetable, or cold as a garnish for rice or fish.

Scalloped Okra

In the bottom of a baking dish arrange a thin layer of Melba toast. Over this place a layer of cooked okra, then a layer of Melba toast crumbs and, last of all, a layer of raw, sliced tomatoes. Sprinkle with cheese and celery salt and bake until the tomatoes are soft.

Chicken Gumbo Soup

Chop up into small parts pieces of chicken. Add about equal amounts of okra, cover with water and cook until tender, then add a small amount of cream, chopped parsley and celery salt to taste.

QUESTIONS AND ANSWERS
Gland Functioning

Question: Mrs. F. P. asks: What is the function of the pituitary gland and in what way does it affect a person? What are the symptoms of a disturbed pituitary gland? Can a normal or abnormal one be determined by the X-ray?

Answer: The pituitary gland is divided into two distinct lobes, each of which seems to have different functions. The exact difference of the interior and posterior secretions has not been definitely determined. An underfunctioning of the pituitary gland may produce a very obese individual resembling a fat boy. An excess of the secretion may produce enlargement of the hands, feet, lower jaw and an increase in height, producing giantism. It is generally admitted that the front lobe exerts most of the influence upon the bodily growth and the posterior lobe upon the metabolism. The normality or abnormality of the gland could not be determined by the X-ray.

AND you shouldn't wash fine silks and woolens in hot water, either. Their delicate fabrics are just as susceptible to scalding as the tender skin of an infant.

Perhaps you've been unable to get things clean without hot water. White King Granulated Soap offers the solution. It's made from fine vegetable and nut oils. No coarse animal fats or mineral oils are present. The result is that White King will form rich, creamy, cleansing suds in lukewarm water. It will spare the lives of sensitive colored fabrics, wash white clothes whiter, and will save your hands from irritation.

White King Granulated Soap is economical too. It's condensed. A little goes a long way. Hard water does not hinder its effectiveness. Try it. Sold by grocers everywhere.
